### **Buffalo's History: 400 years in 40 Minutes**

Buffalo Niagara native Clinton Brown FAIA will present "History of the Industrial City: Buffalo, Past, Present and Future" on **Monday, February 3** from 7 to 8pm in Room 202, Schenck Hall, Daemen College. Come hear about 400 years of history in 40 minutes. Mr. Brown is the founder of Clinton Brown Company Architecture, a full service historic preservation architecture firm. He is a member of the Board of the Richardson Center Corporation that is rehabilitating the Richardson Olmsted Center, a Commissioner of the Erie Canalway National Heritage Corridor Commission and Vice President of the Willowbank National Historic Site and School of Restoration Arts in Queenston, ON. This free public talk is part of the Sustainability Lecture Series is supported by Daemen College's Global & Local Sustainability Program.

### **Entrepreneurship Series Features The Foundry and NET+POSITIVE Co-Founders**

The Nancy Haberman Gacloch Entrepreneurship Lecture Series continues on **February 5, 2014** with a presentation by Kevin Hayes and Michael Gainer, co-founders of The Foundry and NET+POSITIVE. The talk will be held from 5 to 6 p.m. in the Daemen College Wick Campus Center Alumni Lounge. The Foundry is a hotbed of innovation, entrepreneurship, and community-focused action, while their work with NET+POSITIVE is focused on creating ecological, social and neighborhood prosperity through various activities, including affordable housing redevelopment, community education and greenspace design. Located in the heart of Buffalo's East Side, The Foundry is a 30,000 ft<sup>2</sup> building being transformed into office and workspace for artists, tradespeople and small businesses and serving as a multi-function community space for performance, education and public gatherings.

### **WNY State Nursery and Landscape Association Trade Show & Education Conference**

The 2014 WNY State Nursery and Landscape Association (Plant WNY) Conference will be held on **Thursday, February 6 and Friday, February 7**. Speakers, continuing education opportunities and a tradeshow are part of the conference. All events will take place at Salvatore's Italian Gardens, 6461 Transit Road, Depew, NY 14043 - (716) 683-7990. For more information about the event, visit [here](#).

### **Basics of Natural Gas as a Vehicular Fuel Forum**

Clean Communities and National Fuel are proud to offer a forum on the basics of compressed natural gas, liquid natural gas and vehicles that can use these fuels. The session is scheduled from 8-10:30am on **Friday, February 7** at the Adam's Mark Hotel, 120 Church St. Buffalo. Registration is required for this free event. Click to [Register](#).

## One Region Forward Scenario Planning

The Clarence IDA is bringing the One Region Forward Scenario Planning Workshop to their community on **Saturday, February 8** at 10am at Clarence Town Hall, One Town Place (off Goodrich Road), Clarence. Using same mapping exercise debuted at the five [Community Congresses](#) this past November, workshops like this will allow a greater number of citizens from across the region to map, write and discuss their vision for the future of Erie and Niagara counties over the next 40 years. Participants will decide on things like what to protect, where to grow, and how to get around. Reservations are appreciated at [ewolfe1512@gmail.com](mailto:ewolfe1512@gmail.com), but walk-ins welcome. All residents of Erie County welcome.

## Bowl-A-Rama Fundraiser for Massachusetts Avenue Project

On **February 9th**, Massachusetts Avenue Project (MAP) is hosting its annual Bowl-A-Rama fundraiser to benefit their programs. There are two ways you can participate: through pledge sponsorship ( [clicking on our donate webpage](#)) OR you can collect your own sponsors and join us. If you plan to join us, please collect your pledges and RSVP to [Rebekah@mass-ave.org](mailto:Rebekah@mass-ave.org) by **Wednesday, February 5th**, so we can make sure we reserve enough lanes. Your shoes and lane costs will be covered. Rebekah can also be reached via phone at (716) 882-5327 x 6. MAP Growing Green employs 40-50 Buffalo youth each year, and teaches them about healthy eating and accessing fresh local food, as well as farming, sustainable food production, and social enterprise. We provide youth with employment, while providing education, training and healthy food to people all over Buffalo.

## Reinstein Woods Renting Snowshoes in February

Friends of Reinstein Woods, in cooperation with the New York State Department of Environmental Conservation (DEC), is renting snowshoes and cross-country skis to the general public at Reinstein Woods Nature Preserve on several Sundays this winter. Weather permitting, snowshoes and skis will be available between 1:00 p.m. and 4:30 p.m. on **February 2, February 16, and February 23, 2014**. The fee is \$5 per pair of skis or snowshoes on these Sundays. Members of Friends of Reinstein can rent for the discounted rate of \$2 per pair. Friends of Reinstein will accept only cash on Sundays. Visitors can also rent snowshoes and cross-country skis during Reinstein Woods' normal business hours: Monday through Friday 9 a.m. to 4:30 p.m. and Saturdays 1:00 p.m. to 4:30 p.m. During regular business hours, credit cards can be used for rentals totaling \$10 or more.

## SPCA Wildlife Volunteer Informational Sessions

Community members 18 years of age and older who want to work with wildlife are invited to informational sessions for new wildlife volunteers at the SPCA. The sessions will cover volunteer needs in communication/reception, son bird care, husbandry care, medical care, foster care, and exotic animal care. Volunteer commitment level will be discussed, and volunteers will learn more about how the department operates within the SPCA's busy shelter environment. A tour will also be provided. Sessions will be held at The SPCA Serving Erie County, 205 Ensminger Road, Tonawanda, NY 14150 from 6 to 8pm on **Monday, Feb. 10, or Monday, March 3**. Call or email Barb at the SPCA and tell her your name, phone number or other contact information, and which seminar you would like to attend: 716-799-8651 or [barb.spcaec@gmail.com](mailto:barb.spcaec@gmail.com) .

## Great Backyard Bird Count

The Great Backyard Bird Count (GBBC) is an annual four-day event nationwide that engages bird watchers of all ages in counting birds to create a real-time snapshot of bird locations. This year's event is **February 14-17**. Everyone is invited to participate--from beginning bird watchers to experts. It takes as little as 15 minutes on one day, or you can count for as long as you like each day of the event. It's free, fun, and easy—and it helps the birds. Participants tally the number of individual birds of each species they see during their count period. They enter these numbers on the GBBC website: [www.birdsource.org/gbbc](http://www.birdsource.org/gbbc). New participants must set up a free GBBC account to submit their checklists or use login information from an existing account for any other Cornell Lab citizen-science project. You'll only need to do this once to participate in all future GBBC events. Click "Submit Your Bird Checklist" at the top of this page. As the count progresses, anyone with Internet access can explore what is being reported. Participants may also send in photographs of the birds they see for the GBBC photo contest. A selection of images is posted in the online photo gallery.

## Winter Tree ID Hike

Beaver Meadow Audubon Center, located at 1610 Welch Road, North Java, will be hosting a Winter Tree ID Hike on **Saturday, February 15** at 10:00 am. Join John Sly, forestry expert and longtime Buffalo Audubon Society leader, as he demonstrates how to identify trees and bushes by examining bark, shape, branching and location, without relying on leaf shape. The hike will start at the Center with a display of tree twigs, followed by an outdoor hike and end back at the center for hot chocolate. Donations are accepted. For more info or to register, call Beaver Meadow at 585-457-3228 or email [info@buffaloaudubon.org](mailto:info@buffaloaudubon.org). Buffalo Audubon Society is a not-for-profit organization that promotes appreciation and enjoyment of the natural world through education and stewardship.

## Outdoor Education Courses

Paths, Peaks and Paddles is partnering with Williamsville Community Education to offer courses in “Introduction to Kayaking” (cost \$73, **February 3**), “Kayak & Canoe Safety Rescue Clinic” (\$193, **2/10, 2/24 & 3/3/14**), and “Introduction to Snowshoeing” (\$40, **2/20/14**). If you have any questions, contact us at 716-213-0350 or at [pppinfo@pathspeakspaddles.com](mailto:pppinfo@pathspeakspaddles.com). Registration can be completed at [www.williamsville.augusoft.net](http://www.williamsville.augusoft.net).

## Garden Walk Grant Applications Due

The Garden Walk Buffalo Marvin Lunenfeld Beautification Grants, named for Garden Walk Buffalo's founder, have helped fund dozens of garden beautification projects across the West Side of Buffalo for a total of more than \$50,000 in the last several years. Grants for 2014 are due **February 15, 2014**. For information and qualifications, visit <http://gardenwalkbuffalo.com/index.php/news/latest-news/57-gw-grants>.

## Polar Bites 2014

Put some fun in your February at Polar Bites 2014! Enjoy a fantastic evening event benefiting the Buffalo Zoo. Join us for some culinary delights along with wines, brews, and specialty services from some of the area's finest establishments. This wildly popular fundraiser will take place at the Buffalo Niagara Convention Center on **Thursday, February 20th** from 6:00 pm - 9:00 pm. Enjoy a basket auction, a silent auction, and visits with some of our animal ambassadors. Tickets are \$35 pre-sale and \$45 at the door. A limited number of VIP tickets are available at a cost of \$60. For tickets call (716) 995-6131 or [CLICK HERE for standard tickets](#).

## 22nd Annual Rural Landowner Workshop

The 22<sup>nd</sup> Annual Rural Landowner Workshop will be held on **Saturday, March 1**, at Pioneer High School, 12145 County Line Road, Yorkshire, NY. This workshop offers a range of topics including forest management for a variety of objectives, “small wind / solar” home installations, pond site evaluation and other topics of interest to rural landowners. This year, there is an even stronger emphasis on invasive species than there has been in past years. The reason for this is that both land- and water-based invasives are on the rise. The best defense for these species that threaten ecologic and economic values in NYS, is a vigilant and informed public. The program this year will include talks about some success stories with respect to managing invasives, tools available to help identify and map invasives, and reporting protocols for rapid response. Note that pre-registration is required before **Friday, February 14, 2014**. The registration fee of \$30/person includes lunch, a copy of the seminar proceedings and all handout materials. Info and registration form [here](#).

## National Geographic Live: Polar Obsession

The Buffalo Zoo is teaming up with Kleinhans Music Hall to present the Western New York debut of National Geographic Live: An Evening with Paul Nicklen on **March 4, 2014**. Nicklen is a renowned National Geographic photographer and biologist, working mostly in arctic climates. A unique childhood among the Inuit in Canada's Arctic and a professional background as a biologist enable Nicklen to take on the most inhospitable places on our planet often working in sub-zero temperatures. His images reflect a reverence for the creatures inhabiting these isolated and threatened environments, and he hopes that his work will put a real face on climate change, making it impossible to ignore.

The topic of Nicklen's presentation will be Polar Obsession. The event will be an hour-long presentation with accompanying photography and video clips followed by a question and answer session moderated by Dr. Donna Fernandes, President/CEO of the Buffalo Zoo. General admission tickets cost \$25. Members of the Buffalo Zoo, the Buffalo Museum of Science along with subscribers for the Buffalo Philharmonic can purchase tickets for a discounted price of \$20. Student tickets are available for \$10 with a valid student id. For more ticket information, visit the Kleinhans box office online at [www.kleinhansbuffalo.org](http://www.kleinhansbuffalo.org) or call (716)885-5000.

### **Urban Agriculture Training at MAP**

Growing Green Spring Urban Agriculture Training is a weekend-long training event, hosted by the staff of Massachusetts Avenue Project (MAP). The training offers opportunities to learn from MAP's success with urban, youth centered agriculture. The event will take place on **Friday, March 7th through Sunday, March 9th, 2014. Deadline to register is February 28th, 2014.** In addition to witnessing the components of a functional urban farm first hand, such as urban fish farming, composting, and value-added food production, participants will be able to engage and observe many of the successful elements in MAP's youth training program, Growing Green. Attending the training also means being able to hear from regional experts on food system planning and development, and network with other beginning or established urban farmers. Online registration is coming soon at [www.mass-ave.org](http://www.mass-ave.org).

### **Young Adults Environmental Leadership Program: Student Teams Invited**

The Young Adults Environmental Leadership Program (YAELP) is accepting student teams for their 8<sup>th</sup> annual training on **March 7 and 8**. The program starts with a 2-day educational training workshop for students and advisors at the University of Buffalo, Greiner Hall, North Campus. Student teams (of 5 - 6 students each) create exciting action plans on an environmental topic of their choice, and also gain capacity in strategic planning, leadership skills, project management, and team building skills. Cost is just \$200 per team thanks to the help of grants and the generous support of sponsors. This successful youth training program has been developed and organized by Sustainable Earth Solutions under the leadership of Dave Bauer. Click for [More Info](#)

### **Beerology Tickets on Sale**

Join the Museum and area "Beerologists" to learn about the science of beer and have your science on tap! Event guests can sample brews, enjoy home brewing demonstrations and presentations on other beer-related topics. The event takes place on Saturday, **March 8** from 7:00 to 10:00pm at the Museum (1020 Humboldt Parkway, Buffalo). The event is for adults 21 and over only. Tickets are \$35 for Museum members, \$40 for non-members or \$60 for VIP and can be purchased online at [www.sciencebuff.org](http://www.sciencebuff.org) or by calling 716-896-5200 ext. 359.

### **Spring Tree Seedling Sale**

The Saratoga Springs State Tree Nursery 2014 sale begins January 2. More than 40 types of trees and shrubs are available to control erosion, offer shade, and provide food and cover for wildlife. Info and list [here](#). Orders can be placed with Erie County Soil and Water by **March 14** with a pick up of April 12. Forms are available at <http://www.ecswcd.org/html/treeshrub.html>. Niagara County order forms are available at [2014 Tree & Shrub Order Form](#) with a pick up date of April 25 or 26.

### **Penn Dixie Volunteer Training Program-Save the Date**

Penn Dixie needs volunteers! The programs, field trips, exhibits, and other activities of the Penn Dixie Site and the HNHS have continued to grow each year and reach more children and adults. The Annual Volunteer Training Program is scheduled for **Saturday, March 15, 2014**, at 8:30 AM in the auditorium at the Gateway Executive Office, 3556 Lake Shore Road, Blasdell. Pre-registration is requested at (716) 627-4560 or email [jbpendix@gmail.com](mailto:jbpendix@gmail.com). Training is free for members and \$25 each for non-members. Information on Volunteer Opportunities and an information form, that should be submitted, are available on the website under Volunteer Opportunities at [www.penndixie.org](http://www.penndixie.org).

## **2014 Stormwater Conference and Trade Show Registration Open**

The 2014 Stormwater Conference and Trade Show will be held on **March 19, 2014** at the Buffalo Niagara Convention Center. The Conference will feature information on Green Infrastructure Technologies, MS4 Green Infrastructure Applications, Stormwater Program Implementation for MS4s and the Latest in Stormwater Technology Design and Equipment. Download the [registration form](#) and mail or fax to Mary Rossi before March 10th for early bird rates.

## **WNY Regional Science and Engineering Fair**

This year's WNY Regional Science and Engineering Fair will be held on **Saturday, March 29** at the Buffalo State College Science Building. Teams of students from grades 5-12 may participate. Entry deadline is **March 8**. Online registration is available at <http://wnysc.org/>.

## **Nominations Invited for Excellence in Historic Preservation**

The Preservation League of New York State is seeking nominations for its 2014 Excellence in Historic Preservation Awards, which recognize significant achievements in historic preservation throughout New York State. The postmark deadline for nominations is **February 13, 2014**. The awards will be presented during the Preservation League's Annual Meeting on May 14, 2014 in New York City at the historic New York Yacht Club. For guidelines and to nominate, visit [http://preservenys.org/01\\_what\\_excel\\_guide.html](http://preservenys.org/01_what_excel_guide.html).

## **EPA Seeks Nominations for Prestigious Annual Environmental Quality Awards**

Each year, the U.S. Environmental Protection Agency honors individuals, businesses and organizations that have contributed significantly to improving the environment and protecting public health in New Jersey, New York, Puerto Rico, the U.S. Virgin Islands and eight federally recognized Indian Nations. The period for the awards is 2013. Each winner will be recognized for his or her environmental achievement at a ceremony during Earth Week. The EPA is accepting nominations for its Environmental Quality Awards until **February 18, 2014**. For criteria and nomination instructions, visit <http://www.epa.gov/region2/eqa>.

## **2014 Connections Conference: Save the Date**

Field & Fork Network will be hosting a Grower-Buyer Meeting on **February 24** from 10am-3pm as part of their Ready To Grow: WNY Food Hub Planning Project. We encourage growers and buyers who are interested in strengthening our local food economy to join us at this meeting. Info at <http://fieldandforknetwork.com/>.

## **State Historic Preservation Plan Update- Public Input Welcome**

The New York State Division for Historic Preservation, including the State Historic Preservation Office, is updating the state's historic preservation plan, which provides a blueprint for strengthening and expanding preservation efforts across the Empire State. Your thoughts on preservation, including benefits, issues, and needs, will help us prepare appropriate statewide goals and strategies for the next five years. Please complete the survey by **mid-February** at <https://www.surveymonkey.com/s/NYSPreservationSurvey>.

## **12<sup>th</sup> Annual New York State Green Building Conference**

The New York State Green Building Conference, hosted by the SUNY College of Environmental Science and Forestry in partnership with the U.S. Green Building Council New York Upstate Chapter and the Syracuse Center of Excellence in Environmental and Energy Systems (Syracuse CoE), will be held on **March 27** and **March 28**. Mr. Tedd Benson and Dr. Anthony Ingraffea will be keynote speakers at this year's conference that will be held at The Oncenter in Syracuse, NY. This conference will feature exciting sessions on: LEED v4, Building Science, Material Science, Biomimicry & Resiliency, Living Infrastructure, High Performance Commercial, High Performance Residential, & More! Info at <http://www.esf.edu/greenbuilding/>.

## **Symposium on Energy in the 21<sup>st</sup> Century**

The tenth annual Symposium on Energy in the 21st Century will be held on **April 4** in East Syracuse, New York. Come hear top experts and decision makers discuss the next ten years of clean renewable energy. This award winning Symposium brings experts from government, industry, academia, labor and environmental organizations together for substantive dialogue on energy policies and cutting edge technology. [Check out program and outstanding speakers](#). Click to [register](#).

### **Save the Date: Defining Preservation**

The Landmark Society of Western New York, Preservation Buffalo Niagara, and the Preservation League of New York State are partnering to bring you Defining Preservation, A New York Statewide Conference, taking place **April 24-26** in Rochester, NY. Contact Caitlin Meives, Preservation Planner at The Landmark Society of Western New York with any questions, [cmeives@landmarksociety.org](mailto:cmeives@landmarksociety.org).

### **Summer 2014 Teaching Case Studies in Science Workshop**

The “Teaching Case Studies in Science Workshop” will be held **May 26-30, 2014** at University at Buffalo. Our five-day workshop focuses on training science faculty (all levels) to teach with case studies, to write their own cases, and to assess their students' learning with cases. During the final two days of the workshop, all participants are required to teach a case before a student audience using a case they have developed during the workshop. In addition, workshop participants are expected to produce a case study within six months of the workshop for our national, peer-reviewed case collection. Past workshops have included faculty from biology, chemistry, physics, astronomy, computer science, mathematics, geology, psychology, anthropology, nursing, science education, dentistry, engineering, medicine, and other science-related disciplines. The registration fee is \$875.00 and space is limited. Detailed info and registration is available at <http://sciencecases.lib.buffalo.edu/cs/training/workshops/>.

### **University at Buffalo’s Environmental Restoration Summer Workshops and Professional Certificate Program**

The University at Buffalo (UB) is offering a series of summer workshops on topics related to environmental restoration. Workshops are scheduled to run from **June 2, 2014 through June 27, 2014** at the University at Buffalo in Buffalo, NY. Topics include stream restoration design, stream assessment & monitoring, invasive species, groundwater restoration, riparian ecology and restoration, bioengineering, modeling tools, and more. Workshops are taught by leading restoration scientists and practitioners from western New York and across the country. Visit <http://www.erie.buffalo.edu/registration/> today for more information and to register!

### **Historic Preservation in America's Legacy Cities: An Interdisciplinary Convening**

“Historic Preservation in America's Legacy Cities” will be held **June 5th - 7th, 2014** at Maxine Goodman Levin College of Urban Affairs, Cleveland State University, Cleveland, Ohio. [Click HERE for More Information!](#)

### **Congress for the New Urbanism**

Congress for The New Urbanism is coming to Buffalo **June 1-4, 2014**. CNU promotes walkable, mixed-use neighborhood development, sustainable communities and healthier living conditions. The annual Congress for the New Urbanism (CNU) is the leading venue for new urbanist networking, collaboration, and education. Info, [here](#).

## **Cycling the Erie Canal Bike Tour - July 13-20, 2014**

Join people, of all ages and from all over the country on July 13-20, 2014 for the 16th annual 8-day, 400-mile, Cycling the Erie Canal bike tour across New York State along the scenic and historic Erie Canal, named a National Heritage Corridor. Enjoy great scenery, interesting history, and unparalleled cycling. You'll experience the canal and enjoy canal historians' stories about the people, places and things that made life along the Erie Canal so unique in its day and so important to the history of New York State and the country. Check out our [2013 Cycling the Erie Canal Rider Handbook](#) (2014 Handbook available in March) - your comprehensive guide to preparing and participating in this year's tour. Both riders and non-riding participants can volunteer to help out during the ride. Volunteers will receive a discount on the registration fee and riders will still be able to bicycle part of the time. [View volunteer job descriptions.](#) [Apply to be a volunteer.](#)

### **Yearning to Write about Environmental Issues?**

The Sierra Club is setting up a Climate and Clean Energy Writers Group to encourage a stronger voice for local advocates in the regional dialogue on climate change and renewables. The plan is to meet monthly, hear a short presentation on a relevant topic, discuss energy related news, letters and articles, and encourage each other to write for publication on topics of interest. We are seeking writers of all ages and are very interested in getting the word out via various media, including print and the internet. If you would like to write, critique writing, or track local news items, please join us by contacting [bill.nowakcwa@gmail.com](mailto:bill.nowakcwa@gmail.com).

### **Open Buffalo Coalition Recognized Nationally**

The Open Buffalo Coalition of four non-profit organizations, VOICE-Buffalo, PUSH Buffalo, Coalition for Economic Justice, and Partnership for the Public Good, has won a competition sponsored by the Open Societies Foundation. We are one of three metro areas chosen to receive 1 million dollars a year for 2 years initially and possibly up to 10 years. The purpose is to work together to create an equal and just region open to full democratic participation by all its residents, open to innovative ideas and policies, open to new leaders from disadvantaged communities, and open to meaningful economic opportunity for all our residents.

### **Bird Safe Buffalo**

As part of our 'Bird Friendly Community' initiative we are trying to identify buildings in downtown Buffalo that pose a greater risk to birds. If you live or work downtown and would like to be part of a bird collision monitoring program, please contact any of the staff at Beaver Meadow Audubon Center. Just call (585) 457-3228 or e-mail us at [info@buffaloudubon.org](mailto:info@buffaloudubon.org).

### **WNY PRISM Funded-Invasive Species Partnerships Now Span New York**

All regions of New York now have a partnership working to combat invasive species at the local and regional level. The recently finalized contract established the final of eight Partnerships for Regional Invasive Species Management (PRISM) in Western New York. Each PRISM is funded by the state Environmental Protection Fund (EPF) and has a full time coordinator. New York's PRISMs are regional private-public partnerships that have diverse memberships, including local and state governments, conservation and trade organizations, academia, landowner associations and interested citizens. The partnerships are focused on shared goals including education and outreach, developing and coordinating volunteer invasive species monitoring programs, and controlling select invasive species in priority locations. The program has an online go-to resource for information ([www.nyis.info](http://www.nyis.info)), an online invasive species database and GIS mapping system ([www.nyimapinvasives.org](http://www.nyimapinvasives.org)) to track invasive species populations and management efforts in the state as well as support for statewide invasive species education and outreach, operated through the Cornell University Cooperative Extension Program.

### **Are You Right for Buffalo?**

Check out the new video helping to promote Buffalo to the world at [www.youtube.com/watch?v=IMx6MO1HZCc](http://www.youtube.com/watch?v=IMx6MO1HZCc). "Are you right for Buffalo" asks some key questions and reminds us why we love our region.

## **Buffalo's Comprehensive Plan: A Foundation for the Green Code**

The city's development framework begins with [Buffalo's Comprehensive Plan: Queen City in the 21st Century](#). Built on an extensive body of expert research, public engagement, and input, the Comprehensive Plan is the master document for all development policy and related investment decisions in the city. When it was adopted in 2006, Queen City in the 21st Century became our first new Comprehensive Plan in more than 30 years. The Comprehensive Plan is guided by four fundamental principles: fix the basics, build on assets, implement smart growth and embrace sustainability. Queen City in the 21st Century specifically called for creation of a new zoning code to put many of its principles and strategies into action. The Green Code accomplishes that task in two parts. First, it translates the Comprehensive Plan principles into Buffalo's Land Use Plan, which establishes the vision for the city's physical development to 2032, Buffalo's bicentennial. Second, it creates a new Buffalo Zoning Ordinance, the "DNA" that determines what gets built and where in Buffalo. For more information about Buffalo's Comprehensive Plan and how it relates to the Green Code, please visit [www.BuffaloGreenCode.com](http://www.BuffaloGreenCode.com).

### **Green & Healthy Homes Program**

Interested in getting a new high energy efficiency furnace, a hot water tank installed, and attic insulation installed? Need basement rim joist insulation installed? You might want to check into the PUSH Green & Healthy Homes program. PUSH Green + Healthy Homes is PUSH Green's FREE weatherization program for eligible homeowners in the city of Buffalo. To find out more call 716.886.1780 and talk to one of Community Energy Advocates or visit <http://www.pushgreenwny.org/green-healthy-homes-program>.

### **Landscape Enhancements Fulfill Master Plan for City of Niagara Falls Waterfront Park**

Waterfront transformation continues with signature projects such as Griffon Park in Niagara Falls to transition our region from a rust belt to a Great Lakes Region with a vibrant blue economy. Buffalo Niagara Riverkeeper secured over \$70,000 in funding from the US Department of Agriculture Forest Service to implement forested garden beds that will revitalize one of the most highly-used waterfront parks along the Niagara River. This work will complete the implementation of the City of Niagara Falls' master plan through the installation of 135 plants and over 1,200 plugs of ground cover in a project that will enhance the landscape for Griffon Park. This is part of WNY's blue economy with new jobs and resources for a local landscaping company, Beau Landscaping Enterprise Company that was hired for landscape construction. Community groups including Niagara Beautification Commission and LaSalle PRIDE have been working to revitalize the area for years. Investments in landscape enhancements for Griffon Park support their mission to make the community a vibrant, healthy and beautiful place for residents to live. Griffon Park showcases transformation for the LaSalle neighborhood in Niagara Falls and is a great success story for this brownfield. This waterfront park has gone from a landfill to a community asset for jogging, dog-walking, boating, fishing, and children's play areas for enjoyment by local residents. This park is a key component for the regional Niagara River Greenway system of parks that connect Lake Ontario to Lake Erie, showcasing an international waterfront resource.

### **Help Needed-Report Wild Turkeys**

DEC needs volunteers (no experience necessary) to assist with their Winter Wild Turkey Flock Survey January - March. The survey is used to monitor trends in relative abundance of turkeys statewide and within major regions of the state and helps the DEC assess the general health of the wild turkey population prior to the breeding season in the spring. Access the survey at [2014 Wild Turkey Winter Flock Survey \(PDF\)](#).

### **Plan for 2014 Outdoor Education on the Water**

BUOE (Buffalo Urban Outdoor Education) offers high quality on-water educational programs in Western New York. Their programs range from two hour industrial and environmental history programs on the Buffalo River to three hour environmental and nautical science programs on Lake Erie. Call [\(716\) 796-8393](tel:7167968393) for scheduling and inquiries. Visit <http://buoe.org/> for program descriptions.

## **Erie County Department of Environmental Planning Wins Award for Park Project**

The Erie County Department of Environment & Planning (DEP) has been awarded the 2013 Environmental Project of the Year award from the WNY Branch of the American Public Works Association for its work on the Black Rock Canal Park Project. Formerly known as the Ontario Street Boat launch and Cornelius Creek Park, the new Black Rock Canal Park had been noted by the Park Steering Committee as an area needing improvements due to vandalism and an unsafe atmosphere after dark. Working in conjunction with Erie County, the committee raised the funds needed to complete a feasibility study and master plan for the park improvements, leading to a ribbon-cutting at the new Park in May 2013. Site features at the Park include a new roadway turnaround composed of permeable pavers and granite curbing; Erie County's first dog park, which includes a K-9 memorial monument dedicated to dogs that have served in law enforcement; and an avian theme with a bicycle path and increased green space. Numerous "green" features at the Park include LED light fixtures, solar compacting trash cans, bioswales to reduce runoff, and additional landscaping to help filter runoff. The Department of Environment & Planning will receive the 2013 Environmental Project of the Year award at the Association's Annual Awards Banquet on Thursday, February 6th, 2014 at 6:00 PM at the Protocol Restaurant, Williamsville, NY.

## **Online Courses for Aspiring, New, and Experienced Farmers**

Are you interested in creating a farm business plan for the first time, or maximizing the efficiency of your current market strategies? Cornell Small Farms Program seeks to meet the educational needs of farmers of all experience levels and interests. The interactive 5- to 7-week courses are led by experienced educators and farmers who want to help you start or diversify your farm business. Read full descriptions of upcoming classes and register at <http://nebeginningfarmers.org/online-courses/>. Reserve your seat soon as some courses fill quickly!

## **Solar Installation Courses Available**

Basic Course in SPARE (Solar Power As Renewable Energy) will be taught from March 10-14 at SUNY-ESF's new Gateway Center (Built to exceed LEED Platinum standards) in Syracuse. For more information visit the course website at [www.esf.edu/outreach/spare](http://www.esf.edu/outreach/spare). Registration is limited.

## **Local Wildlife Wikisite Project Seeks Volunteers**

Do you have an interest in sharing information and pictures about local wildlife with others? A local web developer has converted [www.WNYWildlife.Com](http://www.WNYWildlife.Com) to a Wiki that is open to educators, conservationists, photographers, etc. You may contact the developer at [master@kentropolis.com](mailto:master@kentropolis.com) if you have interest or questions.

## **Battery Draws Electrical Power from Sugar**

A sugar in the form of maltodextrin has been used to produce an enzymatic fuel cell with water as the main byproduct. Electron charges in the sugar are released in stages with the use of a low-cost biocatalyst. The "biobattery" is capable of storing ten times more energy than equivalently sized lithium ion batteries, such as those used in smartphone. These batteries would not only be cheaper, but refillable and biodegradable, significantly reducing the negative environmental impacts. [Full Article here](#)

## **McDonald's Committing to Sustainable Beef**

McDonald's announced that it will begin purchasing verified sustainable beef in 2016. As a large purchaser, their decision can help to transform the beef industry. While they aren't committing to a 100 percent goal, this announcement does indicate the company is considering the environmental and social impacts of their supply chain. The company's [Sustainable Land Management Commitment](#), unveiled in 2011, requires suppliers to gradually source food and materials from sustainably managed land, although there are no specific timelines, and it is initially focusing on beef, poultry, fish, coffee, palm oil and packaging.

## **EPA Releases Climate Assessment Update to National Stormwater Calculator**

The U.S. Environmental Protection Agency (EPA) released phase II of the National Stormwater Calculator and Climate Assessment Tool package. The updated calculator is a desktop application estimates the annual amount of stormwater runoff from a specific location. The calculator now includes changes in seasonal precipitation levels, the effects of more frequent high-intensity storms, and changes in evaporation rates based on validated climate change scenarios by the Intergovernmental Panel on Climate Change. Users can enter any U.S. location and select different scenarios to learn how specific green infrastructure changes, including inexpensive changes such as rain barrels and rain gardens, can reduce stormwater runoff. More information on the National Stormwater Calculator and Climate Assessment Tool package: <http://www.epa.gov/nrmrl/wswrd/wq/models/swc/>

Every year billions of gallons of raw sewage, trash, household chemicals, and urban runoff flow into our streams, rivers and lakes. Polluted stormwater runoff can adversely affect plants, animals, and people. It also negatively impacts our economy – from closed beaches to decreased fishing in polluted areas. Green infrastructure can reduce the damage caused by climate change by improving water quality in streams and rivers, protecting groundwater sources, and enhancing recreational activities. Using the calculator to choose the best green infrastructure options for an area is an innovative and efficient way to promote healthy waters and support sustainable communities.

## **Public Comments Sought for Boat Launch Regulations for Invasive Species Control**

The New York State Department of Environmental Conservation (DEC) is proposing new regulations to prevent the introduction and spread of aquatic invasive species (AIS) at DEC boat launches, DEC Commissioner Joe Martens announced. The proposed regulatory changes require boaters to remove all visible plants and animals from boats, trailers and associated equipment and to drain boats before launching at or leaving a DEC boat launch and waterway access. DEC will accept public comments on the proposal through February 24, 2014. The full text of the proposed regulation can be found on DEC's website at [www.dec.ny.gov/regulations/proprotections.html](http://www.dec.ny.gov/regulations/proprotections.html).

## **2014 NYS Invasive Species Speaker Series**

Monthly presentations on invasive species are part of the Partnerships for Regional Invasive Species Management (PRISM) network meeting calls. The phone sessions are scheduled for the last Wednesday of month from 11am to noon. To join the presentation, go to this WebEx link and follow the on-screen call-in details. After joining the call, please add your attendee ID. If you cannot make the call, full recordings of all past presentations can be found at the New York Invasive Species Clearinghouse [here](#). The **February 26** speaker is Dale Ila Riggs of the Berry Patch who will discuss “Impacts of the spotted wing drosophila and brown marmorated stink bugs on on agriculture”.

## **Northeast Forest Mushroom Growers Provide Shiitake Guide**

Cornell Cooperative Extension, in collaboration with UVM Extension's Center for Sustainable Agriculture and a team of farm advisors, have recently published a guide for growers who want to explore shiitake mushroom cultivation on their own land for personal or commercial consumption. The project was informed by the experiences of more than twenty shiitake growers producing for market in the Northeast, led by four farm advisors: Steve Sierigk of Hawk Meadow Farm in Trumansburg, N.Y., Nick Laskovski of Dana Forest Farm in Waitsfield, Vt., Steve and Julie Rockcastle of [Green Heron Growers in Panama, N.Y.](#), and Steve Gabriel of Wellspring Forest Farm in Mecklenburg, N.Y. The book is available for free at: <http://blogs.cornell.edu/mushrooms/factsheets/>

## **Rain Barrel Painting Contest for High Schools**

High school students grades 9-12 in Erie & Niagara Counties are encouraged to enter a team, either through a class or an after-school program for a Rain Barrel Painting Contest. The team will design and paint a rain barrel provided by the Coca-Cola Bottling Company of Buffalo, Inc. for the theme, Rainwater is a Resource, Not Just Runoff. Winners will be featured at our annual Earth Day celebration in April 2014. All participating schools will receive their final painted rain barrels to use, donate or raffle as desired. The Erie County Water Quality Committee and the Western New York Stormwater Coalition are committed to protecting and improving water quality in the region. Download the [Contest Registration Form](#) and [Photo Release Form](#) and email to [vicki.haas@erie.gov](mailto:vicki.haas@erie.gov)

## Teacher's Resources

[Conservation Connect](#) is a new web-based video series that connects middle school students with the great outdoors and conservation careers. Produced by the U.S. Fish & Wildlife Service, National Conservation Training Center, each episode will help students learn about wildlife, careers, and new technologies utilized to study and protect wildlife. An introductory broadcast for teachers and visitor services specialists will give a preview of the five- to seven-minute episodes, and illustrate how these videos can supplement the use of existing EE curriculum, citizen science projects, and STEM content.

[Advancing Climate Change Environmental Education Resources](#)- The Climate Change Environmental Education POLCA (Project-based Online Learning Community Alliance) has released materials produced by nine working groups. Formal and informal educators will find research findings, standards, and teaching suggestions appropriate for social studies, language arts, science, and interdisciplinary teaching/learning—and links to valuable resources for working with kindergarten to adult learners.

[Green Teacher's free webinar series](#) continues with "Conquering Nature Deficit Disorder with Phenology" (Feb. 12: 7:30–8:30 pm EST); "Building a Culture of Resilience through Education" (February 20th: 7:00pm–8:00pm EST); and "Water Quality Monitoring in Outdoor Education" (February 27th, 7:30–8:30pm EST).

[InterACT with Sea Turtles: Distance Learning for K-12](#)- Using teleconferencing software, instructors and students are able to virtually see and communicate with STC scientists about sea turtle and marine conservation. By using lesson plans created by STC that are Florida Sunshine Standard Benchmarks approved, this program will support the educational development of students.

[Science games](#) to help teach about animals, environment and conservation.

[ClimateChangeLIVE](#)- a series of freewebcasts, webinars, and online climate education resources, will give you climate teaching tools—including a large collection of science-based, climate education resources and programs gathered from 17 federal agencies and nonprofit organizations.

[Developing a Sense of Place through Native Science Activities](#) -article that provides ideas that you can apply to "your place".

[Energy 101 Primer The Watt](#)- Ebook published by Focus the Nation. Available on multiple platforms, it provides a comprehensive overview of energy in the United States. It offers a clear and visually engaging overview of energy, covering some basic units and equations; the supply, demand and cost of energy; the history of fossil fuels; and renewables and other innovations.

[Spark 101](#) features interactive videos made by industry professionals on science, technology, engineering, and mathematics (STEM) topics. Teachers can use these brief (about 10 minutes long) videos to engage students in solving real-world problems during one or two class periods.

[Switch](#) DVDs and film downloads are free to teachers. The goals of the Switch Energy Project are energy education, awareness, and efficiency – and we're pleased to offer many resources created for educators.

[Green Technology: Sustaining the Earth](#) is designed for Grades 6-12 . Use this interactive activity to offer your students an overview of innovation in green technology and insight into various areas of research within the field.

[Architecture 2030](#) is appropriate for Grades 9-12. Learn about this architect's efforts to protect the environment by changing the way buildings are planned, designed, and constructed.

[Affordable Green Housing](#) is designed for Grades 9-12 to consider the role habitat plays in fostering diverse, vibrant social structures in well-designed, integrated communities.

[Bird Sleuth](#) for K-12. Kits and resources for learning more about birds.

## Contest and Award Opportunities

[The Bezos Scholars Program](#) selects 30 top high school students and exceptional educators from across the U.S. and Africa to participate in this year-long leadership development program. The program kicks off with an all-expenses-paid scholarship to attend the acclaimed Aspen Ideas Festival (AIF), a remarkable gathering of thinkers and change agents from around the world. Throughout the academic year, Scholars participate in virtual Bezos Scholars Program trainings and are invited to apply for a \$1,000 seed grant to design and implement their Local Ideas Festival. Deadline: **February 18.**

[World of 7 Billion Video Contest](#)-Bring technology and creativity into your environmental education curriculum by incorporating the World of 7 Billion video contest. Challenge your students to create a short (60 seconds or less) video illustrating the connection between world population at seven billion and one of the following: climate change, global poverty, or water sustainability. Students can win up to \$1,000; their educators will receive free curriculum resources. Deadline: **February 21, 2014.**

[BirdSpotter Photo Contest](#) -Project FeederWatch and Bob's Red Mill Natural Foods are teaming up to bring back the annual BirdSpotter photo contest. Participating is as easy as point-and-shoot. Just take photos of the birds that visit your feeders and post them on the contest web page. The contest runs during the FeederWatch survey season, from November through **February 24.**

[2014 Erie County Envirothon T-Shirt Design Competition](#)-- Design a t-shirt according to the theme, "The Face! The Place! The Taste! Of Local Agriculture!" and have your design be featured for this year's Envirothon. Deadline: **February 26, 2014.**

[2014 Community Climate Change Fellowship](#) program will be open to educators who want to address climate change issues in their communities through innovative education and engagement strategies. The Fellowship will promote leadership, networking, innovation, as well as creative strategies for reaching new and under-represented audiences. Fellows will attend a 4-day professional development workshop, take part in special webinars, and attend the 2014 NAAEE International Conference in Ottawa. Learning opportunities will focus on leadership, fundraising, evaluation, climate change, community engagement, and more. Deadline **not yet posted.**

[Presidential Innovation Award for Environmental Education](#) is welcoming applications from public school teachers (K-12). The award recognizes outstanding K-12 teachers and their local education agencies nationwide for excellence in integrating environmental education into their lessons and connecting students with their communities and the natural world. Winners will receive \$2,000 to support their professional development in environmental education and each winner's school will also receive a \$2,000 award to help fund environmental education activities and programs that support the teacher. Deadline: **February 28, 2014.**

[Kids to Park Day School Contest](#) was created to engage students with their local parks and is open to all schools across the country (grades Pre-K through 12). NPT will award scholarships up to \$1,000 to winning entries to be used for one park experience including school bus transportation, park related fees, and other supplies during the month of May. Deadline: **February 28**

[Georgetown University Energy Prize](#) challenges communities with a population between 5,000 and 250,000 residents to compete for this \$5 million prize and national distinction among energy efficiency-focused communities. Register by **February 2014** and compete thru 2016.

[Young Reporters for the Environment USA](#) competition invites students between the ages of 13-21 to investigate an environmental issue in their community and report on it in an article, photo or photo essay, or short video. Participants enter in one of three age categories: 13-15, 16-18, or 19-21. Submissions to the national competition are due by **March 15, 2014.**

[Take the Go Bananas! Challenge](#)- competition among schools and scout groups across the country to "answer the call" and create campaigns to collect and recycle cell phones to help save gorillas. Coltan, a mineral found in cell phones, is mined in gorilla habitats. By recycling old cell phones you reduce the demand. \$4,000 will be awarded to the school/scout group that collects the most cell phones and another \$1,000 will be awarded to the group with the most creative collection campaign. Challenge ends: **April 1, 2014.**

[Brower Youth Award](#) for environmental leadership applications will be available online on February 3. The award honors six young North Americans, ages 13 to 22, for outstanding environmental activism. Deadline is Monday, **May 12**.

[Youth Voices of Change Video Contest](#)-Youth (grades 4-12) are invited to submit a video (max. 2 minutes) that shares solution projects or helps raise awareness about climate change issues for a chance to win great prizes. Deadline: **May 16**.

### **Grant and Scholarship Opportunities**

[American Honda Foundation](#) supports nonprofit organizations and educational institutions nationwide that address the areas of youth and scientific education. The Foundation's primary funding priority is youth education, specifically in the areas of science, technology, engineering, mathematics, the environment, job training, and literacy. Annual application deadlines: **February 1, May 1, August 1, November 1**.

[Community Foundation for Greater Buffalo](#) awards annual grants to nonprofit organizations with programs that address one or more of the following four focus areas: improve educational achievement for low-income students; increase racial/ethnic equity; enhance and leverage significant natural resources; strengthen the region as a center for architecture, arts and culture. The Foundation is now accepting [Letters of Intent](#) (LOI). The LOI is the first mandatory step in the Community Foundation's 2014 [competitive grant process](#). LOI's are due by **February 3rd**.

[EPA's EE Model Grant Program](#) is currently accepting applications. The program works to engage communities across the country through educational projects that have a lasting impact on local watersheds and air quality. This year's competitive grants program will total \$2.77 million. Grants will be awarded from each of the ten EPA regional offices and EPA's headquarters in Washington, DC for a total of 22 to 32 grants. Each award will be an estimated \$75,000 to \$200,000. Deadline: **February 4, 2014**.

[Gannett Community Action Grant](#) supports local organizations in communities served by Gannett Co., Inc. Our community action grant priorities include education and neighborhood improvement, economic development, youth development, community problem-solving, assistance to disadvantaged people, environmental conservation and cultural enrichment. The average grant is in the \$1,000 to \$5,000 range. Deadline: **February 15, 2014**

[Scotts Miracle-Gro Company's GRO1000 Grassroots Grants](#) help foster the development of gardens and green spaces in the United States. Grants of up to \$1,500 are awarded to local communities throughout the country to help bring edible gardens, flower gardens, and public green spaces to more neighborhoods. The focus is on garden and green space beautification projects that incorporate the involvement and engagement of neighborhood residents and foster a sense of community spirit. Eligible applicants include nonprofit organizations, educational institutions, and government agencies. Deadline: **February 17**.

[The Sustain Our Great Lakes Program](#), administered by the National Fish and Wildlife Foundation (NFWF), is dedicated to sustaining, restoring, and protecting fish, wildlife, and habitat in the Great Lakes basin by awarding grants for on-the-ground habitat restoration and enhancement. Funding will be awarded in two categories: 1) Habitat Restoration, and 2) Delisting of Beneficial Use Impairments within Great Lakes Areas of Concern. Nonprofit organizations; state, tribal, and local governments; and educational institutions may apply for grants ranging from \$25,000 to \$1,500,000. Online pre-proposals must be submitted by **February 18, 2014**.

[The Environmental Justice Collaborative Problem-Solving Cooperative Agreement Program](#) supports projects that address local environmental or public health issues within affected communities. The program is designed to help communities understand and address exposure to multiple environmental harms and risks. Deadline: **February 18**.

[Biological Greenhouse Gas Management](#)- CCEMC is now inviting Expressions of Interest (EOI) for innovative projects that will reduce or avoid greenhouse gas emissions, or enhance carbon sequestration, through the use of biological organisms such as plants, animals or microbes. Deadline: **February 21, 2014**.

[Value Added Producer Grant](#)-Department of Agriculture program provides support to help agricultural producers generate new products, create and expand marketing opportunities, and increase income. Deadline: **February 24**.

[Opal Apple Youth Make a Difference Initiative Grants](#) will award \$75,000 in funding to youth-based initiatives serving their communities in the U.S. and Canada, where youth, ages 6 - 25, take leadership roles in addressing one or more of the issues of food security, nutrition, agriculture, or food politics and education. Grants will be awarded in the range of \$5,000 - \$20,000. Deadline: **February 28**.

[Captain Planet Foundation Education Grants](#)- for activities that conform to the mission of the Captain Planet Foundation which is to: promote and support high-quality educational programs that enable children and youth to understand and appreciate our world through learning experiences that engage them in active, hands-on projects to improve the environment in their schools and communities. Grants from the Captain Planet Foundation are intended to serve as a catalyst to getting environment-based education in schools, and inspire youth and communities to participate in community service through environmental stewardship activities. Deadline: **February 28, 2014**.

[Siemens We Can Change the World Challenge](#) is designed to help students work together to solve an environmental problem in their classroom or school community. The Siemens We Can Change the World Challenge is the premier national environmental sustainability competition for grades K-12 students. Through project-based learning, students learn about science and conservation while creating solutions that impact their planet. Deadline: **March 4, 2014**

[2014 Mantis Tiller Award for Community and Youth Gardens](#) presents the Mantis Awards to charitable and educational garden projects that enhance the quality of life in their host communities. NGA selects 25 outstanding applicants to receive Mantis tiller/cultivators. Any non-profit garden program may apply. Deadline: **March 7, 2014**,

[Lawrence Foundation](#) supports environmental, human services, disaster relief, and other causes. It makes both program and operating grants and does not have any geographic restrictions on its grant making. Deadline: **April 30**.

[Patagonia Environmental Grants Program](#) provides support to small, grassroots organizations with provocative direct-action agendas that are working on multi-pronged campaigns to protect the environment. The company is most interested in supporting organizations that work on the root causes of problems and that approach issues with a commitment to long-term change. Most grants are in the range of \$3,000 to \$12,000. Proposals are accepted through the Patagonia website by **April 30** or **August 31**.

[KaBOOM! Let's Play Engineered Wood Fiber Surfacing Grants and Let's Play Maintenance Grants](#)-Thanks to generous support from Dr Pepper Snapple Group, KaBOOM! will be awarding grants of \$750 each to communities who wish to top-off their Engineered Wood Fiber safety surfacing or who are working to make their existing playgrounds cleaner, safer and more inviting. Rolling deadlines.

[J-Serve Start-Up Grants](#)-J-Serve is the International Day of Jewish Youth Service. Through the generosity of the Charles and Lynn Schusterman Family Foundation, grants are available for \$500 micro grant to communities that plan and execute projects that bring a minimum of 10 and maximum of 74 Jewish teens together in partnership with a least two movements or agencies in the community. Micro-grants will be accepted on a rolling basis, and grants will continue to be awarded as long as funding remains available.

[World We Want Foundation](#) is accepting applications from organizations that represent youth making positive social change in their communities and around the world. Grants of up to \$5,000 will be awarded to youth between the ages of 13 and 25 who want to make a difference through a range of social action activities, including community service projects, service-learning projects, and social ventures. Application deadline: Rolling.

[Do Something Seed Grants](#) - Are you working to start a community action project or program? Do you need money to put your ideas into action? A \$500 Do Something Seed Grant is given out weekly to help young people (25 or under). Grants can be used towards project ideas and programs that are just getting started, or to jump-start your program and realize your ideas for the first time.

[The Coca-Cola Foundation](#) partners with nonprofits that address priorities focusing on one of the following: Water Stewardship, Healthy and Active Lifestyles, Community Recycling and Education.. Online applications may be submitted throughout the year.

[Kresge Foundation's Healthy Environments grant program](#) seeks to improve the health and well-being of vulnerable populations by making the places they live, learn, work and play safe and conducive to overall good health. Applications are currently being accepted for the Healthy Homes Initiatives, Transportation and the Built Environment Initiative and the Healthy Food Initiative. Application deadline: Rolling.

[Niagara Falls National Heritage Area](#) supports important projects and programs throughout the National Heritage Area with the long term goal of realizing community betterment. Grants are targeted to fund projects or programs that directly relate to the goals, strategies, and priority projects identified in the Niagara Falls National Heritage Area Management Plan. Download the plan online at <http://www.nps.gov/nifa> .

[Cisco Global Impact Cash Grants](#) support nonprofit organizations in the U.S. and worldwide that provide assistance to underserved populations and leverage technology solutions to improve the reach, efficiency, and impact of services. Take the [Eligibility Quiz](#) to see if you can apply.

### **Employment and Internship Opportunities**

[Interns for New York Interfaith Power & Light](#)- Are you a student who is interested in faith and climate change? We have fun and rewarding internships available. For information, call Janna Stieg Watkins at [\(315\) 256-0078](tel:3152560078).

[Interns for Clean Air Coalition of Western New York](#)-Unpaid positions to help with our organizing, community-based research, and leadership development. All internships include some operations and development work. Clean Air Coalition's internships are ideal for highly motivated individuals looking to deepen and practice their skills engaging community leaders in solving environmental health and justice organizations.

[NOFA Organic Certification Director](#)-NOFA-NY Certified Organic, LLC, a USDA-accredited organic certification agency, is seeking a dynamic Certification Director to lead the grassroots organization into the next decade. The successful candidate will have a strong commitment to local organic agriculture as well as experience in organic certification and management. The Certification Director oversees a high integrity certification agency that provides organic certification services to more than 650 organic farmers and handlers throughout New York State and surrounding areas. This position is based in NOFA-NY, LLC's Binghamton, NY office, in the beautiful Southern Tier of NY.

[Preservation Buffalo Niagara Director of Operations](#)-Full time position working with the Executive Director. Interested individuals should submit a cover letter and resume to [JWilson@P-B-N.org](mailto:JWilson@P-B-N.org) by 6pm on Wednesday, **February 5, 2014** for consideration. The selected applicant will be expected to start full-time on Monday, March 3, 2014.

[Research Experience for Undergraduates \(REU\): Ecosystem Restoration through Interdisciplinary Exchange \(ERIE\)-REU](#)-Program Dates: May 28 to August 8, 2014 (10 weeks) at University of Buffalo. Program provides opportunity for undergraduate students to conduct interdisciplinary faculty-mentored research on a diverse array of projects related to ecological restoration of aquatic systems. Participants receive a \$500/week stipend and on-campus housing. A full time commitment to REU activity is expected. Participation is limited to U.S. citizens or permanent residents, and students must be enrolled as undergraduate students in a college program through Fall of the following year (graduating seniors are ineligible). Application Deadline: **March 1, 2014**.

### **Citizen Science**

[Project FeederWatch](#)-Sign up now for the 2013-2014 season which begins November 9. Join the thousands of FeederWatchers across North America who count the birds at their feeders from November through early April.

[Hemlock Woolly Adelgid Project](#)-Take closeup pictures of hemlock trees and fraser firs and send to scientists with GPS location data to monitor tree health and spread of the insect.

[Project Squirrel](#)- No matter where you live, city or suburb, from the Midwest to the East Coast, Canada to California, whether squirrels live in your neighborhood or not, you are encouraged to become a squirrel monitor. Take a look around your home, office, school, or anywhere you are and, whether you see squirrels or not, enter your observations at the website. We want to know where squirrels are as well as where they aren't.

[Woodpecker Damage Surveys](#)-Calling all birders: Report woodpecker damage due to Emerald Ash Questions? Contact: [imapinvasives@nynhp.org](mailto:imapinvasives@nynhp.org) who will provide training to post to the NYS Invasive Species Database. Take photos of the damage, bark, and crown of any ash trees with woodpecker damage.

[Crowd Hydrology](#)-Visitors to historic Forest Lawn and Tiff Nature Preserve have a chance to become "citizen scientists" and assist the University at Buffalo (UB) with efforts aimed at documenting conditions of local waterways by reporting gauge measurements at these sites.

[BumbleBeeWatch.org](#)-This website that allows you to identify and help protect bumble bees in North America. You can connect with experts and enthusiasts to help track the status of these essential pollinators.

### **Get Involved in Environmental Change in WNY**

The WNY Environmental Alliance (WNYEA) has working groups that welcome individuals who want to work on improving environmental issues in our area. Check out the 2014 agenda and see a list of working groups [here](#).

### **Ongoing Volunteer Opportunities Available**

Volunteer opportunities are available at local organizations for a one-time commitment for several hours to a regularly scheduled donation of your time. Websites are listed later in the newsletter.

**Aquarium of Niagara**- Scuba-certified volunteers needed to clean the sea lion exhibit (without animals) once monthly. Other opportunities exist for education, exhibit maintenance and other tasks.

**AWARE** (Association for Wild Animal Rehabilitation and Education) - Volunteers needed for fundraising, grant writing, capturing and transporting animals to us or the veterinarians, public relations, construction of cages, begging for donations of materials and food (for the animals, not us) and for helping at our educational programs.

**Buffalo Audubon**- Volunteers wanted for Beaver Meadow Audubon Center, and For the Birds Niagara! Help with tour leading, office work, programming, grounds keeping and general maintenance. Every Wednesday 10am-2pm is Volunteer Day at Beaver Meadow. No need to register, but bring a lunch. Call (800) 377-1520 for details.

**Buffalo Carshare**- This new non-profit has brought car-sharing to Buffalo. Volunteers are needed for office help and promotion. Contact them at <http://www.buffalocarshare.org/volunteer.html>.

**Buffalo Central Terminal**-Many different opportunities for people interested in helping to preserve this unique building- people with basic carpentry and repair skills, and those with plumbing or electrical skills, to work inside the building, as well as those interested in staffing events, assisting with fundraising, marketing, operating our gift shop, and other tasks. For info, check <http://buffalocentralterminal.org/you-can-help/volunteer-with-the-ctr/>.

**Buffalo & Erie County Botanical Gardens**-Docents needed. Training is provided. Tours and hands-on lessons are scheduled in advance, so you may sign up for those that fit your schedule. Other opportunities to help are available too. For info, contact Nancy Kalieta at 827-1584 ext. 207 or [nkalieta@buffalogardens.com](mailto:nkalieta@buffalogardens.com).

**Buffalo Junior Solar Sprint**-If you are interested in helping run the JSS Buffalo event or are interested in finding out more about the Leadership committee, please contact [jssbuffalo@yahoo.com](mailto:jssbuffalo@yahoo.com).

**Buffalo Museum of Science** has volunteer and internship opportunities available for teens, college students and adults. For information, contact Monika McFoy, Director of Community Programs, at 896-5200, ext. 343.

**Buffalo Niagara Riverkeeper**- <http://bnriverkeeper.org/get-involved/volunteer/> for opportunities.

**Buffalo ReUse** can use volunteers for many things including fundraising, graphic design, building salvage and material pickups. Join them for their fun Saturdays. To help, contact them at [volunteer@buffaloreuse.org](mailto:volunteer@buffaloreuse.org).

**Clean Air Coalition of WNY**-Help with mailings, phone calls, canvassing and Photovoice (documenting environmental challenges). To help, contact at 852-3813 or [www.cacwny.org](http://www.cacwny.org).

**Curtiss Urban Farm Foundation** can use volunteers to help in their East Side urban gardens throughout the summer. Contact [Rakoczy12@gmail.com](mailto:Rakoczy12@gmail.com) for more info.

**Excalibur**, a private, non-profit all volunteer, charitable organization seeks competent anglers and captains to help provide free boating and fishing opportunities on Lake Erie for disabled and disadvantaged persons using the organizations new vessel. Contact Director Jim Catalano at [jim@excaliburl.org](mailto:jim@excaliburl.org) or visit <http://excaliburl.org>

**Garden Walk Buffalo** helps to rejuvenate neighborhoods, helps make our neighborhoods more walkable, and has an incredible impact on Buffalo's image outside the region. For info, email [GardenWalkBuffalo@yahoo.com](mailto:GardenWalkBuffalo@yahoo.com).

**Go Bike Buffalo**- If you're interested or want more information, feel free to contact Tivona Renoni at [tivona@gobikebuffalo.org](mailto:tivona@gobikebuffalo.org).

**Habitat for Humanity** needs volunteers to help impact lives of families in the city of Buffalo by building simple, decent homes. Call 204-0740 or [volunteer@habitatbuffalo.org](mailto:volunteer@habitatbuffalo.org).

**Hawk Creek Wildlife Center** is seeking volunteers for who would like to work with wildlife. 16 years or older. Call 716-652-8646. Email [info@hawkcreek.org](mailto:info@hawkcreek.org).

**HOME, Inc.** (Housing Opportunities Made Equal) seeks volunteers to work on various committees to further fair housing. For info/application, email [muj265@homeny.org](mailto:muj265@homeny.org) or visit their website at [www.homeny.org](http://www.homeny.org).

**Iroquois Observations** offers free nature programs in partnership with the Buffalo Audubon Society each spring and fall. Programs include: birding field trips, scope watches, owl prowls, canoe trips, hands on activities, and guest speakers. Please contact Garner Light at 772-5110 or [glight@rochester.rr.com](mailto:glight@rochester.rr.com) for more information.

**JNK's Call of the Wild**-Sinclairville animal sanctuary seeks help. Call 716 499-9902 or visit [www.jnkscalofthewild.org](http://www.jnkscalofthewild.org).

**Junior Solar Sprint Buffalo**- If you are interested in helping run the JSS Buffalo event or are interested in finding out more about the leadership committee, please contact [jssbuffalo@yahoo.com](mailto:jssbuffalo@yahoo.com)

**Lead Safe Erie County** needs volunteers to help paint houses and prevent lead poisoning. For those who are interested, there is also free training for Lead Safe Work Practices Certification. Service learning students, block clubs and others are welcome. Call Mary at 716-833-2929, ext. 117.

**Massachusetts Avenue Project** needs volunteers from the 1st week in April through October on Saturdays from 10-1 PM. Anyone is welcome to come by the farm, pitch in and help on a project, or even just stroll around and check out what's growing. <http://mass-ave.org/>

**Olmsted Parks**-Volunteers are needed for tree plantings, special park events, office work and mailings. Please call (716) 838-1249 x. 33 for more info on becoming an Olmsted parks volunteer.

**Penn Dixie Paleontological and Outdoor Education Center**- Volunteers of all ages and backgrounds are needed. Have a few hours a month to help introduce children and adults to the natural sciences? Please call (716) 627-4560 and leave your name and phone number.

**Preservation Buffalo Niagara**-Interns & volunteers welcome. [www.preservationbuffaloniagara.org](http://www.preservationbuffaloniagara.org).

**Reinstein Woods Nature Preserve** offers a variety of volunteer positions as well as internships for college students. On Trail Tuesdays volunteers help control invasive species. For more info about these and other opportunities, call 683-5959 or visit the volunteer page of Reinstein Woods' website: <http://www.dec.ny.gov/education/1960.html>.

**Science Firsthand** needs adult mentors to work with children in learning about science. All materials are provided. Mentors and students meet one hour per week after school at a community center. For info, call 858-7548.

**Tift Nature Preserve** also needs volunteers for their programs, communications, fund-raising and other events. Call 662-1342 or email [tiffriends@yahoo.com](mailto:tiffriends@yahoo.com).

## Upcoming Community Activities:

### Saturday, February 1

**Frozen Forest Snowshoe Walk** -10:30 a.m. Explore the beauty of winter woods on this guided walk. Snowshoe rental \$5/person; \$2/Friends of Reinstein members. Registration required; call 716-683-5959. Reinstein Woods Nature Preserve.

**Community Snowshoe Hike**- 1:00pm – 3:30pm at Birdsong Park – Orchard Park. A leisurely hike through open fields, wetlands and forests with a focus on snowshoe skills and general Winter ecology. Snowshoes will be provided. Fees and Registration: Contact the Orchard Park Recreation Department at 716-662-6450 or register online at: <https://activenet018.active.com/oprec/>.

**Walk at Knox Farm State Park** – 9am. Enjoy a family-friendly nature walk led by Buffalo Audubon staff at Knox Farm State Park. (KF) Free. Please call 585-457-3228 to register.

**4th annual Flurrious! Winter Festival**- Delaware Park from 9am-6pm. This FREE family-oriented event celebrates Buffalo winter in a family friendly way that encourages the community to come out and enjoy both spectator and participant sports. The festival includes kickball, a fun run, a bicycle ride, broomball, tennis, a Quidditch tournament and much, much more. The Lodge is home to children's activities including face painting, coloring and science demonstrations by our friends at Buffalo State College. BlueCross BlueShield of Western New York will be returning this year with the popular Snowman Building Challenge as well as the Healthy Zone van. Some events will require pre-registration – such as the Family Fun Run, Kickball Tournament, Snow Golf. Check <http://www.bfloparks.org> for the schedule.

**Winter Waterfowl at Buckhorn Island State Park**- 9am – 12pm. Join BAS Naturalist Tom Kerr for a winter hike along the Niagara River to observe one of the largest congregations of migratory waterfowl in the world. Meet at Canoe Launch Parking Lot on East-West Park Road. Donations. For more information on our programs, give us a call at 585-457-3228 or email [info@buffaloudubon.org](mailto:info@buffaloudubon.org).

**Ice Bridge of Niagara**- 1pm to 4pm at [Niagara Falls State Park](#). Come see Niagara Falls in the winter! A park naturalist will be in the park visitor center to answer your questions about Ice Bridges and more! *For information call (716) 285-0516.*

**Family Walk at Beaver Meadow**-2pm at Beaver Meadow Audubon Center. Guided walk led by one of our naturalists. 585-457-3228.

## Tips for the Environment:

1. **Radon Checks-** We've been cooped up inside this winter with our houses as airtight as possible. Indoor air quality can affect our health-from our cleaning chemicals to radon gas. Do you know whether your home is an area with higher radon levels? Check out the Erie County map at [radon](#). If you are concerned about levels in your home, radon test kits are available from Erie County Department of Environment and Planning. Use this [Orderform](#). Info on radon and its dangers is available at <http://www.epa.gov/radon>.
2. **Green your Valentine's Day-**Show your love for Planet Earth by celebrating Valentine's Day in a more environmentally-friendly manner. Check out the following sites for some tips from better chocolate and flower sourcing to other creative options: <http://content.sierraclub.org/holidays/green-your-valentines-day>, <http://www.thedailygreen.com/environmental-news/latest/valentines-day-47021401>
3. **Reuse and recycle your Tips for the Environment-**we are probably all using CFL bulbs, recycling regularly and engaging in lots of earth-friendly behaviors. So let's reuse and recycle-you can check the list of tips from the first Enviro-News in January 2006 (check for any missed at [econews](#)). If you have tips to share, please send them to me to include.

### GROW WNY: Local Website for Everything Environmental

GrowWNY (<http://growwny.org>) is a new hyper-local source of information about living green in Western New York. To showcase your local events or advertise a future event, be sure to submit to their online calendar.
