### City of Buffalo Electronics and Christmas Tree Recycling

The City of Buffalo will hold an electronics recycling and Christmas tree dropoff event on **Saturday, January 18** from 9am to noon at Honeywell Specialty Materials, 20 Peabody St, Buffalo, NY. Computers, printers, toner cartridges, computer accessories, televisions, tablets, scanners, and audiovisual equipment can be brought to the site for free proper disposal. Christmas trees must be free of tinsel, ornaments, and be a natural tree. Mulch will be available to take from the event as trees will be chipped on site. For more information please call 311 or 851-4890.

The City of Buffalo also operates a year round electronics recycling program at the DPW Engineering Garage. Residents may drop off electronics Monday through Friday from 9:00am – 3:00pm at 1120 Seneca Street. Curbside pickup of electronics is not available.

The City will also have curbside collection of naturally grown Christmas trees from January 6 to January 10 on residents' scheduled garbage day. In addition, the City is also offering drop-off opportunities at three locations in the city through January 18 at: Cazenovia Park (Golf course parking lot, South of Seneca Street, at the foot of Wildwood), Shoshone Park (Parking lot, North off of Hertel, at the foot of Beard) and 1120 Seneca Street (Rear parking lot Between Babcock and Smith). \*Signage will be posted at all locations. These drop-off sites will be open from 7:30 am – 3:00 pm, Monday through Saturday ending January 18.

### Olmsted Parks Photo Contest

In anticipation of the February Flurrious! Winter Festival, Buffalo Olmsted Parks Conservancy (BOPC) has added a contest where you can share your best photographs of our Olmsted Parks in winter. If you already have great photos, send them along. If you don't yet, you can go to any of our parks or parkways between now and **January 10th** and capture one. There is a \$5 entry fee that will be waived for members of the BOPC. Not a member yet? [Join today](#). Each participating photographer is allowed up to 10 submissions. For prize info and submission details, visit [www.bfloparks.org/events/Delaware\\_Park/109/Feb/01/2014/Flurrious](http://www.bfloparks.org/events/Delaware_Park/109/Feb/01/2014/Flurrious).

### 2013 Cool Congregations Challenge

Get your entries ready for the 2013 Cool Congregations Challenge, an annual national contest to recognize "Cool Congregations" that are becoming energy efficient and sustainable role models within their communities. Your congregation could win \$1,000! The contest is brought to you by the national office of Interfaith Power & Light. Projects completed from October 18, 2012 through December 31, 2013 qualify. Register for your free entry guide, deadline for entries is **January 31, 2014**. Last year New York's North Presbyterian Church (in Williamsville) received an honorable mention! [For more information, click here](#).

## SPCA Wildlife Volunteer Informational Sessions

Community members 18 years of age and older who want to work with wildlife are invited to informational sessions for new wildlife volunteers at the SPCA. The sessions will cover volunteer needs in communication/reception, song bird care, husbandry care, medical care, foster care, and exotic animal care. Volunteer commitment level will be discussed, and volunteers will learn more about how the department operates within the SPCA's busy shelter environment. A tour will also be provided. Sessions will be held at The SPCA Serving Erie County, 205 Ensminger Road, Tonawanda, NY 14150 from 6 to 8pm on **Tuesday, Jan. 7, Monday, Feb. 10, or Monday, March 3**. Call or email Barb at the SPCA and tell her your name, phone number or other contact information, and which seminar you would like to attend: 716-799-8651 or [barb.spaec@gmail.com](mailto:barb.spaec@gmail.com).

## 2014 Erosion and Sediment Control Workshops

Erie County Soil and Water Conservation District and WNY Stormwater Coalition will host two DEC-Endorsed 4-hour Erosion and Sediment Control Workshops for Construction Site Contractors and Operators at the Erie County Emergency Services Training Facility in Cheektowaga, New York. The identical workshops will be Wednesday **January 15** and Wednesday **February 19, 2014**. Upon completion of a workshop, each participant will receive a NYS DEC registration number that is valid for 3 years. Registration fee is \$85.00 per attendee and includes refreshments and all training materials. Attendees must pre-register. Please contact Don Stribick at (716) 652-8480 to register for either of the workshops. Also check the NYSDEC website for more trainings and additional information at <http://www.dec.ny.gov/chemical/8699.html>. Forms at <http://www.ecswcd.org/>.

## Outdoor Education Courses

A Wilderness and Remote First Aid course is being offered by Paths, Peaks and Paddles. This is an American Red Cross Course and has a two year certification. This course is taught over four consecutive evenings from 6:00 PM to 10:00 PM. Your final training session is conducted in the outdoors with a 3 hour hands on practical and a 1 hour written test. Cost is \$125.00. Course is scheduled for Wednesday evening's **January 22** through **February 12**. The final hands on practical scheduled at Saturday **2/22/14**. ## Northeast Organic Farming Association Annual Conference

"Preserving the Past, Seeding the Future" is the theme for the Northeast Organic Farming Association of NY annual conference to be held **January 24-26, 2014** in Saratoga Springs, NY. The conference offers a great line up of workshops on a wide range of topics from dairy farming to urban gardening, from food policy to business planning plus a special children's conference, entertainment, and the most delicious meals made from food donated by our farmers. Each year, we strive to inspire, as well as inform, and to provide an unparalleled opportunity for networking and reciprocal teaching and learning. For info and registration, visit <http://www.nofany.org/>

## Local Food Producers/Buyers Survey

Field & Fork Network has launched a food producer survey and a food buyer survey to help inform their Ready To Grow Food Hub Planning Project. The surveys will be used to determine the feasibility of a food hub to serve the Western New York region. Food hubs are organizations that purchase and aggregate regionally grown farm products and sell and distribute these goods to wholesale and institutional buyers throughout the region. Their goal is to increase revenue for local farmers, and to increase availability of local produce, meat, dairy, and grains for buyers in the region. The surveys are available [here](#) or paper copies are available upon request. All survey responses will be kept safe and confidential. Each survey takes approximately 15-20 minutes to complete.

The food producer survey is open to producers in the following counties: Erie, Niagara, Chautauqua, Allegany, Cattaraugus, Wyoming, Orleans, Monroe, Livingston, Wayne, Yates, and Ontario. Input from any and all farmers is important to the production analysis of Field & Fork Network's food hub feasibility study. The food buyer survey is open to buyers across the Western New York region. If you purchase local food for a business or are a wholesale distributor, purveyor, grocer, etc. Input from potential customers is important to the market analysis of Field & Fork Network's food hub feasibility study. Each survey will be open until **January 31, 2014**.

## Olmsted Parks Flurrious! Winter Festival and Kickoff Party

The 4th annual Flurrious! winter festival will be held **Saturday, February 1, 2014** in Delaware Park. This FREE family-oriented event will begin at 9 am and continue until 6 pm. The day celebrates Buffalo winter in a family friendly way that encourages the community to come out and enjoy both spectator and participant sports. The festival includes kickball, a fun run, a bicycle ride, broomball, tennis, a Quidditch tournament and much, much more. The Lodge is home to children's activities including face painting, coloring and science demonstrations by our friends at Buffalo State College. BlueCross BlueShield of Western New York will be returning this year with the popular Snowman Building Challenge as well as the Healthy Zone van. Some events will require pre-registration – such as the Family Fun Run, Kickball Tournament, Snow Golf. For info, visit [www.bfloparks.org/](http://www.bfloparks.org/). A Members Kick-off Party will be held on Friday, January 31, 2014 from 5:30 – 8:30. Come and unwind from your busy week at the Parkside Lodge with toasty appetizers and a glass of wine. There will be fabulous silent auction items, official judging of our winter photo contest, music and other special attractions. Admission to attend this preview night is \$10 and includes 2 drink tickets and free appetizers and entertainment. Not a member yet? [Join here](#) or by call 838-1249 x31. Memberships can be purchased at the event in addition to the entrance fee.

## WNY State Nursery and Landscape Association Trade Show & Education Conference 2014

The 2014 WNY State Nursery and Landscape Association Conference will be held on **Thursday, February 6 and Friday, February 7**. All events will take place at Salvatore's Italian Gardens, 6461 Transit Road, Depew, NY 14043 - (716) 683-7990. The attendee registration brochure will be posted in January, 2014. ## Public Comment Invited on Regulations for Hunting of Invasive Boar

New York State Department of Environmental Conservation is proposing new regulations that would prohibit hunting or trapping of free-ranging Eurasian boars in New York. The proposal is designed to ensure maximum effectiveness of DEC's statewide eradication efforts. Public comments on the proposed regulations will be accepted until **January 25, 2014**. Text of the proposed regulation and instructions for submitting comments are at [here](#). Comments on regulations can be sent to [WildlifeRegs@gw.dec.state.ny.us](mailto:WildlifeRegs@gw.dec.state.ny.us).

Eurasian boars are a great threat to natural resources, agricultural interests, private property and public safety. These boars were brought to North America centuries ago and wild populations numbering in the millions now occur across much of the southern U.S. In recent years, wild boar populations have been appearing in more northern states too, often as a result of escapes from enclosed shooting facilities that offer wild boar hunts. Governor Cuomo signed legislation in October which immediately prohibited the importation, breeding or introduction to the wild of any Eurasian boars. Since 2000, wild boars have been reported in many counties across the state with some breeding in the wild.

## Garden Walk Grant Applications Due

The Garden Walk Buffalo Marvin Lunenfeld Beautification Grants, named for Garden Walk Buffalo's founder, have helped fund dozens of garden beautification projects across the West Side of Buffalo for a total of more than \$50,000 in the last several years. Grants for 2014 are due **February 15, 2014**. For information and qualifications, visit <http://gardenwalkbuffalo.com/index.php/news/latest-news/57-gw-grants>.

## Polar Bites 2014

Put some fun in your February at Polar Bites 2014! Enjoy a fantastic evening event benefiting the Buffalo Zoo. Join us for some culinary delights along with wines, brews, and specialty services from some of the area's finest establishments. This wildly popular fundraiser will take place at the Buffalo Niagara Convention Center on **Thursday, February 20th** from 6:00 pm - 9:00 pm. ## Preservation Buffalo Niagara Docent Training

Preservation Buffalo Niagara's docent training program provides opportunities for returning and newly-trained docents to play an important role in helping to educate the public on the value of preservation in this area. Professional level training is offered and is done collaboratively with other preservation-related not-for-profits that in the past have included the Theodore Roosevelt Inaugural Site, the Richardson Olmsted Complex, Forest Lawn, the Roycroft Campus, and the Buffalo Religious Arts Center. For info about becoming a docent in the Buffalo Niagara community, contact PBN at [info@p-b-n.org](mailto:info@p-b-n.org) or (716)-852-3300.

## Yearning to Write about Environmental Issues?

The Sierra Club is setting up a Climate and Clean Energy Writers Group to encourage a stronger voice for local advocates in the regional dialogue on climate change and renewables. The plan is to meet monthly, hear a short presentation on a relevant topic, discuss energy related news, letters and articles, and encourage each other to write for publication on topics of interest. We are seeking writers of all ages and are very interested in getting the word out via various media, including print and the internet. If you would like to write, critique writing, or track local news items, please join us by contacting [bill.nowakcwa@gmail.com](mailto:bill.nowakcwa@gmail.com).

## Bird Safe Buffalo

As part of our 'Bird Friendly Community' initiative we are trying to identify buildings in downtown Buffalo that pose a greater risk to birds. If you live or work downtown and would like to be part of a bird collision monitoring program, please contact any of the staff at Beaver Meadow Audubon Center. Just call (585) 457-3228 or e-mail us at [info@buffaloudubon.org](mailto:info@buffaloudubon.org).

## Save the Date: Defining Preservation

The Landmark Society of Western New York, Preservation Buffalo Niagara, and the Preservation League of New York State are partnering to bring you Defining Preservation, A New York Statewide Conference, taking place **April 24-26** in Rochester, NY. Contact Caitlin Meives, Preservation Planner at The Landmark Society of Western New York with any questions, [cmeives@landmarksociety.org](mailto:cmeives@landmarksociety.org).

## **Get Involved in Environmental Change in WNY**

The WNY Environmental Alliance (WNYEA) has working groups that welcome individuals who want to work on improving environmental issues in our area. Check out the 2014 agenda and see a list of working groups [here](#) .

### **University at Buffalo's Environmental Restoration Summer Workshops and Professional Certificate Program**

The University at Buffalo (UB) is offering a series of summer workshops on topics related to environmental restoration. Workshops are scheduled to run from **June 2, 2014 through June 27, 2014** at the University at Buffalo in Buffalo, NY. Topics include stream restoration design, stream assessment & monitoring, invasive species, groundwater restoration, riparian ecology and restoration, bioengineering, modeling tools, and more. Workshops are taught by leading restoration scientists and practitioners from western New York and across the country. Visit <http://www.erie.buffalo.edu/registration/> today for more information and to register!

### **Historic Preservation in America's Legacy Cities: An Interdisciplinary Convening**

“Historic Preservation in America's Legacy Cities” will be held **June 5th - 7th, 2014** at Maxine Goodman Levin College of Urban Affairs, Cleveland State University, Cleveland, Ohio. [Click HERE for More Information!](#)

### **Stella Niagara Video**

The Western New York Land Conservancy is currently in the process of raising funds to purchase 29 acres of pristine land along the lower Niagara River, with the intent to make it a preserve that will be open to the public. The current owners, the Sisters of St. Francis, who have been excellent stewards for over 100 years, have helped to make this possible. The WNY Land Conservancy has raised more than \$2.3 million, much from Greenway funding, but they need about \$800,000 to celebrate success. View a [video here](#) on the property and vision.

### **WNY PRISM Funded-Invasive Species Partnerships Now Span New York**

All regions of New York now have a partnership working to combat invasive species at the local and regional level. The recently finalized contract established the final of eight Partnerships for Regional Invasive Species Management (PRISM) in Western New York. Each PRISM is funded by the state Environmental Protection Fund (EPF) and has a full time coordinator. New York's PRISMs are regional private-public partnerships that have diverse memberships, including local and state governments, conservation and trade organizations, academia, landowner associations and interested citizens. The partnerships are focused on shared goals including education and outreach, developing and coordinating volunteer invasive species monitoring programs, and controlling select invasive species in priority locations. The program has an online go-to resource for information ([www.nyis.info](http://www.nyis.info)), an online invasive species database and GIS mapping system ([www.nyimapinvasives.org](http://www.nyimapinvasives.org)) to track invasive species populations and management efforts in the state as well as support for statewide invasive species education and outreach, operated through the Cornell University Cooperative Extension Program.

### **DEC Reports the Return of Type E Botulism in Lake Ontario Waterbirds**

The New York State Department of Environmental Conservation (DEC) announced that Type E botulism struck the eastern basin of Lake Ontario this fall resulting in sizeable mortality in migrating waterbirds including at least 200-300 common loons washed ashore along Jefferson and northern Oswego County shorelines. Type E botulism is caused by a toxin produced by *Clostridium botulinum*, a widespread bacterium in the sediments of the Great Lakes. First documented in waterbirds from Lake Michigan in the 1960s, since the '90's type E botulism in birds has become an annual event in one or more of the Great Lakes resulting in very large kills in some years. Two non-native species, round gobies and quagga mussels, appear to play a key role in this pattern change. Botulinum toxin, generated near mussel beds, possibly in rotting algal mats, is picked up by the filter-feeding mussels which are the preferred food of the round goby, a small bottom-dwelling fish that is very sensitive to the toxin. Intoxicated gobies become easy prey for diving waterbirds, such as loons, grebes, and some duck species. Gobies' remains are the most common stomach contents found in botulism-killed diving birds. The public should report dead birds to the regional DEC offices. Carcasses contain small amounts of toxin and pose some threat to animals that feed on them.

## **Are You Right for Buffalo?**

Check out the new video helping to promote Buffalo to the world at [www.youtube.com/watch?v=IMx6MO1IZCc](http://www.youtube.com/watch?v=IMx6MO1IZCc). "Are you right for Buffalo" asks some key questions and reminds us why we love our region.

### **Buffalo's Comprehensive Plan: A Foundation for the Green Code**

The city's development framework begins with [Buffalo's Comprehensive Plan: Queen City in the 21st Century](#). Built on an extensive body of expert research, public engagement, and input, the Comprehensive Plan is the master document for all development policy and related investment decisions in the city. When it was adopted in 2006, Queen City in the 21st Century became our first new Comprehensive Plan in more than 30 years. The Comprehensive Plan is guided by four fundamental principles: fix the basics, build on assets, implement smart growth and embrace sustainability. Queen City in the 21st Century specifically called for creation of a new zoning code to put many of its principles and strategies into action. The Green Code accomplishes that task in two parts. First, it translates the Comprehensive Plan principles into Buffalo's Land Use Plan, which establishes the vision for the city's physical development to 2032, Buffalo's bicentennial. Second, it creates a new Buffalo Zoning Ordinance, the "DNA" that determines what gets built and where in Buffalo. For more information about Buffalo's Comprehensive Plan and how it relates to the Green Code, please visit [www.BuffaloGreenCode.com](http://www.BuffaloGreenCode.com).

### **Green & Healthy Homes Program**

Interested in getting a new high energy efficiency furnace, a hot water tank installed, and attic insulation installed? Need basement rim joist insulation installed? You might want to check into the PUSH Green & Healthy Homes program. PUSH Green + Healthy Homes is PUSH Green's FREE weatherization program for eligible homeowners in the city of Buffalo. To find out more call 716.886.1780 and talk to one of Community Energy Advocates or visit <http://www.pushgreenwny.org/green-healthy-homes-program>.

### **Landscape Enhancements Fulfill Master Plan for City of Niagara Falls Waterfront Park**

Waterfront transformation continues with signature projects such as Griffon Park in Niagara Falls to transition our region from a rust belt to a Great Lakes Region with a vibrant blue economy. Buffalo Niagara Riverkeeper secured over \$70,000 in funding from the US Department of Agriculture Forest Service to implement forested garden beds that will revitalize one of the most highly-used waterfront parks along the Niagara River. This work will complete the implementation of the City of Niagara Falls' master plan through the installation of 135 plants and over 1,200 plugs of ground cover in a project that will enhance the landscape for Griffon Park. This is part of WNY's blue economy with new jobs and resources for a local landscaping company, Beau Landscaping Enterprise Company that was hired for landscape construction. Community groups including Niagara Beautification Commission and LaSalle PRIDE have been working to revitalize the area for years. Investments in landscape enhancements for Griffon Park support their mission to make the community a vibrant, healthy and beautiful place for residents to live. Griffon Park showcases transformation for the LaSalle neighborhood in Niagara Falls and is a great success story for this brownfield. This waterfront park has gone from a landfill to a community asset for jogging, dog-walking, boating, fishing, and children's play areas for enjoyment by local residents. This park is a key component for the regional Niagara River Greenway system of parks that connect Lake Ontario to Lake Erie, showcasing an international waterfront resource.

### **Buffalo Zoo participates in Toad Conservation Efforts**

The Buffalo Zoo sent hundreds of endangered Puerto Rican crested toad tadpoles to Puerto Rico in November where they were released into sites in southern Puerto Rico. The Zoo's actions were part of the Species Survival Plan (SSP) which is designed to help a species maintain a healthy and stable captive population. The Buffalo Zoo, along with other institutions, is dedicated to working to save the Puerto Rican crested toad. The Buffalo's reptile department's long-standing breeding efforts have played a major role in helping to repopulate the species in the wild. Buffalo was one of 22 zoos to receive the North American Conservation Award in 2004 for the Puerto Rican crested toad Species Survival Program Conservation Partnership. The Puerto Rican crested toad, named for the boney V-shaped ridge on their heads, is endemic to Puerto Rico.

## **Spring Tree Seedling Sale**

The Saratoga Springs State Tree Nursery 2014 sale begins January 2. More than 40 types of trees and shrubs are available to control erosion, offer shade, and provide food and cover for wildlife. Info and list [here](#).

## **Help Needed-Report Wild Turkeys**

DEC needs volunteers (no experience necessary) to assist with their Winter Wild Turkey Flock Survey January - March. The survey is used to monitor trends in relative abundance of turkeys statewide and within major regions of the state and helps the DEC assess the general health of the wild turkey population prior to the breeding season in the spring. Access the survey at [2014 Wild Turkey Winter Flock Survey \(PDF\)](#).

## **Congress for the New Urbanism**

Congress for The New Urbanism is coming to Buffalo **June 1-4, 2014**. CNU promotes walkable, mixed-use neighborhood development, sustainable communities and healthier living conditions. The annual Congress for the New Urbanism (CNU) is the leading venue for new urbanist networking, collaboration, and education. Info, [here](#).

## **Online Courses for Aspiring, New, and Experienced Farmers**

Are you interested in creating a farm business plan for the first time, or maximizing the efficiency of your current market strategies? Cornell Small Farms Program seeks to meet the educational needs of farmers of all experience levels and interests. The interactive 5- to 7-week courses are led by experienced educators and farmers who want to help you start or diversify your farm business. Read full descriptions of upcoming classes and register at <http://nebeginningfarmers.org/online-courses/>. Reserve your seat soon as some courses fill quickly!

## **Solar Installation Courses Available**

Basic Course in SPARE (Solar Power As Renewable Energy) will be taught from March 10-14 at SUNY-ESF's new Gateway Center (Built to exceed LEED Platinum standards) in Syracuse. For more information visit the course website at [www.esf.edu/outreach/spare](http://www.esf.edu/outreach/spare). Registration is limited.

## **Local Wildlife Wikisite Project Seeks Volunteers**

Do you have an interest in sharing information and pictures about local wildlife with others? A local web developer has converted [www.WNYWildlife.Com](http://www.WNYWildlife.Com) to a Wiki that is open to educators, conservationists, photographers, etc. You may contact the developer at [master@kentropolis.com](mailto:master@kentropolis.com) if you have interest or questions.

## **Plan for 2014 Outdoor Education on the Water**

BUOE (Buffalo Urban Outdoor Education) offers high quality on-water educational programs in Western New York. Their programs range from two hour industrial and environmental history programs on the Buffalo River to three hour environmental and nautical science programs on Lake Erie. Call [\(716\) 796-8393](tel:7167968393) for scheduling and inquiries. Visit <http://buoe.org/> for program descriptions.

## **Rain Barrel Painting Contest for High Schools**

High schools in Erie & Niagara Counties are encouraged to enter a team, either through a class or an after-school program for a Rain Barrel Painting Contest. The team will design and paint a rain barrel provided by the Coca-Cola Bottling Company of Buffalo, Inc. for the theme, Rainwater is a Resource, Not Just Runoff. Winners will be featured at our annual Earth Day celebration in April 2014. All participating schools will receive their final painted rain barrels to use, donate or raffle as desired. Contact Vicki Haas at [vicki.haas@erie.gov](mailto:vicki.haas@erie.gov) if you are interested in participating or if you know of a high school art or science teacher that would like to be added to our mailing list. Registration materials will follow via U.S. Mail in January.

## Teacher's Resources

[Barclay the Bee Comic](#), based on a honeybee that lives on the rooftop of the InterContinental New York Barclay hotel, helps educate about pollination. The hotel has invited honeybee colonies or hives, to live on its rooftop next to the hotel's garden. Giving Barclay and her mates a home helps them pollinate the city's flowers and trees to keep our city's nature healthy.

[Science games](#) to help teach about animals, environment and conservation.

[Bag It](#) education DVDs and curriculum packets to schools and student groups, free of charge to a limited number of schools. In conjunction with this DVD giveaway for schools we have also created a fun tool for educators: the [Plastic Free School Project](#).

[ClimateChangeLIVE](#)- a series of freewebcasts, webinars, and online climate education resources, will give you climate teaching tools—including a large collection of science-based, climate education resources and programs gathered from 17 federal agencies and nonprofit organizations.

[Developing a Sense of Place through Native Science Activities](#) -article that provides ideas that you can apply to "your place".

[Energy 101 Primer The Watt](#)- Ebook published by Focus the Nation. Available on multiple platforms, it provides a comprehensive overview of energy in the United States. It offers a clear and visually engaging overview of energy, covering some basic units and equations; the supply, demand and cost of energy; the history of fossil fuels; and renewables and other innovations.

[Spark 101](#) features interactive videos made by industry professionals on science, technology, engineering, and mathematics (STEM) topics. Teachers can use these brief (about 10 minutes long) videos to engage students in solving real-world problems during one or two class periods.

[Switch](#) DVDs and film downloads are free to teachers. The goals of the Switch Energy Project are energy education, awareness, and efficiency – and we're pleased to offer many resources created for educators.

[Green Technology: Sustaining the Earth](#) is designed for Grades 6-12 . Use this interactive activity to offer your students an overview of innovation in green technology and insight into various areas of research within the field.

[Architecture 2030](#) is appropriate for Grades 9-12. Learn about this architect's efforts to protect the environment by changing the way buildings are planned, designed, and constructed.

[Affordable Green Housing](#) is designed for Grades 9-12 to consider the role habitat plays in fostering diverse, vibrant social structures in well-designed, integrated communities.

[Bird Sleuth](#) for K-12. Kits and resources for learning more about birds.

## Contest and Award Opportunities

[Echoing Green](#) invests in outstanding emerging social entrepreneurs to help them launch new organizations that deliver bold, high-impact solutions to society's most difficult problems. Echoing Green offers the following three distinct fellowship programs. The Global Fellowship supports young leaders worldwide who are deeply connected to the needs and potential solutions that may work best for their communities. Fellowships are provided to individuals (at least 18 years of age) or partnerships (organizations led by two people). Fellows receive stipends ranging from \$70,000 to \$90,000 and technical support to turn their innovative ideas into sustainable social change organizations. Deadline: **January 6**

[GLP's Student Film Project Contest](#) is accepting student short films for the Fall 2014 Student Film Project. In five minutes or less, student short films should tell a unique and compelling story about a sustainability-related project. Winning films will be screened at GLP Films' events throughout the year, and winners also receive gear and prizes up to \$1,000 in value! Contest is open to 6th grade through graduate-level students. Deadline: **January 17, 2014**.

**Family Walk at Beaver Meadow**-2pm at Beaver Meadow Audubon Center. Guided walk led by one of our naturalists. 585-457-3228.

## Tips for the Environment:

- 1. Switch to LED or CFL?**- We've had the change a bulb campaign for a decade, but now the switch is turned off for incandescent bulb sales. Need to decide what to buy? Weigh the pros and cons of LEDs (light-emitting diodes) vs CFLs (compact fluorescents). LED initial cost is higher, but long-term savings reign. Check out the comparison at mythbusters at <http://www.dec.ny.gov/public/337.html>.
- 2. Holiday Packing Pileup** - Time to recycle those holiday boxes, but think twice before tossing the packing material. Many shippers (including UPS stores) will take foam packing peanuts, try your company mailroom. Other re-uses for foam packing peanuts: Put under soil in your potted plants for a light-weight drainage substance, Keep a couple in your toolbox to use when hammering a nail, stick it through a foam peanut first, and hold on to the foam instead of the nail for those first couple of taps. Remove the foam for the final taps saving your fingers. If you've drilled a hole that's too large for your screw and don't want to damage your walls with an anchor, screw it into a foam peanut first, then drill into the wall and pull away the rest of the foam. The foam trapped in the threads of the screw will hold it in place. Use bubblewrap as insulation for outdoor sports cushions or make your own pet bed.

3. **Reuse and recycle your Tips for the Environment**-we are probably all using CFL bulbs, recycling regularly and engaging in lots of earth-friendly behaviors. So let's reuse and recycle-you can check the list of tips from the first Enviro-News in January 2006 (check for any missed at [econews](#)). If you have tips to share, please send them to me to include.
