# **Enviro-News**

## December, 2023

## Sponsored by Daemen University's Global & Local Sustainability Department

#### **Newsletter Contents:**

- Articles- including events, courses, local news, teaching resources, grants, jobs
- Upcoming Activities
- Public Comments, Civic Engagement and Activism
- Tips for the Environment
- Volunteer Opportunities, Recycling, CSAs and Farms, Organization links

## **Articles:**

## Great Lakes Action Agenda Sub Basin Work Group Public Meeting

The Great Lakes Action Agenda Sub Basin Work Group will host a public meeting on **Monday, December 4** from 1 to 4pm at Tifft Nature Preserve, 1200 Fuhrmann Blvd. These work groups are being held in each of New York's Great Lakes Sub Basins to offer opportunities for stakeholders to learn, connect, and coordinate to support implementation of New York's Great Lakes Action Agenda, which was recently updated in 2023.

### 30 x 30 Biodiversity Regional Discussion

The Western New York Environmental Alliance recently convened a discussion on the ambitiousness worldwide plan to preserve 30% of earth's ecologically productive land and waters by the year 2030. This plan has been adopted by the UN Biodiversity Conference and has become United States and New York state policy. Speakers from various groups discussed how their groups can actively support the 30 x 30 plan including prioritizing which lands should be preserved and or purchased, repurposing brownfields instead of building on virgin land, and maintaining ecological corridors for wildlife movement. Jay Burney, WNYEA Advocacy Chair, will spearhead the local 30 x 30 initiative by collaborating with interested individuals and organizations to develop an action plan. To provide input please complete a questionnaire which has an opportunity to sign up for future activities. Use this link to hear the meeting and presentations in their entirety.

## **Public Comment Welcomed for Contamination Cleanup Proposal**

### Birders of All Levels: Participate in a Christmas Bird Count

In 1900, a birder initiated what are now annual Christmas Bird Counts. The data collected across the regions from this same time of year allow scientists to track patterns in bird species. There are a number of local counts taking place from December 16-30. Novice bird watchers are welcome and can learn from those who are more experienced. Check for a count location.

#### **Green Drinks**

Join others to network and enjoy conversation with environmental folks at 5:30pm on **Thursday, December 14** at Belt Line Brewery at 545 Swan St, Buffalo, NY 14204. The event is also listed on <u>Facebook</u> and on the <u>Green Drinks webpage</u>.

## **Household Hazardous Waste Dropoffs**

Erie County residents have the option of using the County's "Voucher Drop-off program" which enables residents to bring up to 50lbs. eligible hazardous waste to the Hazman facility in Tonawanda at no cost. Preregistration for this service is required. For more info go to <a href="mailto:erie.gov/recycling">erie.gov/recycling</a> or Hazman directly at 998-8073 or call 716-858-6800. For more info or to ask questions please email us at <a href="mailto:recycle@erie.gov">recycle@erie.gov</a> or call our HHW Hotline at (716) 858-6800.

## Advancing Buffalo's Climate Work: Interview with Kelley St. John

City of Buffalo's first Climate Action Manager, Kelley St. John was recently interviewed by UB Sustainability Climate Justice Student Assistant Valerie Juang. Listen to the <u>podcast</u> to learn more about Buffalo's plans for climate justice.

## Scajaquada Creek Restoration Community Advisory Group (CAG): Members Sought

Do you live near Scajaquada Creek or its headwaters? Community members are needed from Headwaters & Middle section of the creek (Cheektowaga, Depew, & Lancaster), Buried section of the creek (the neighborhoods of Hamlin Park, Trinidad, Cold Spring, Parkside, Leroy, Kensington, Kenfield, Schiller Park, Genesee Moselle, Delevan-Grider, MLK Park, Masten Park, and Kingsley on the east side of Buffalo) and Daylight section and mouth of the creek (Forest Lawn Cemetery and area to the west, Elmwood Village, Black Rock and Riverside neighborhoods, Niagara Street community). Buffalo Niagara Waterkeepers will coordinate CAG meetings and correspondence. CAG members will participate in two meetings per year and stay connected to the group via regular emails and other informal conversations and collaborations. CAG members will provide input and feedback on the progress and draft materials of the Scajaquada Creek Restoration Plan, an outreach plan, and a long-term community engagement plan, committing roughly 20 hours each year. A stipend of \$595/year will be provided to CAG members as a token of our appreciation! To Apply-deadline December 18. Fill out an Interest Form using the Google form or by downloading the Interest Form and submitting via email or mail.

### **NY State Transportation Master Plan Survey**

Give your input and help the New York State Department of Transportation (NYSDOT) develop the Transportation Master Plan 2050! The Master Plan will define a long-range statewide transportation vision and will guide policies and priorities for New York State's transportation system with an outlook to 2050. Take a two-minute survey and share how New York State's transportation system works for you: <a href="https://publicinput.com/j1748">https://publicinput.com/j1748</a>. Your input will help inform the strategies, policies, and initiatives that NYSDOT includes in the final Transportation Master Plan.

### **Greater Niagara Fishing Expo**

This pure fishing show is designed by anglers for anglers with the simple goals of promoting and teaching fishing. This annual event, now in its 9th year, attracts thousands of anglers to the Niagara Falls Convention Center in downtown Niagara Falls, NY. This year, the Expo runs **Thursday, February 15 through Sunday, February 18**, and tickets are currently on sale.

With hundreds of hours of fishing education available for attendees to choose from and over 170 booths of fishing-related exhibitors, the Greater Niagara Fishing Expo is the largest fishing show in New York State and among the largest in the Great Lakes. With a wide range of offerings for all angling interests and skill levels, the Expo welcomes anglers of all ages and experience levels to attend.

### **Cutoff Date for Fertilizing Lawns is December 1**

If you plan to fertilize your lawn, remember that it is **against New York State law to fertilize lawns between December 1 and April 1 with phosphorus**. Some areas also have local laws about selling and using lawn fertilizers. Visit <u>DEC's Lawn Fertilizer webpage</u> for more information. The law does not apply to agricultural fertilizer or fertilizer for gardens. Before buying lawn fertilizer, check the bag for a set of three numbers showing the percentage of nitrogen, phosphorus and potassium. Buy a bag with a "0" in the middle. Lawn fertilizer can have unnecessary phosphorus that runs into waterbodies. Excess phosphorus in freshwater can cause algae overgrowth, with serious impacts to the environment and public health.

### Coordinated Human Services Transportation Plan Update: Your Input is Needed!

Transportation is critical for access to jobs, health care, education, and a range of other services and opportunities. The Greater Buffalo Niagara Regional Transportation Council (GBNRTC) is conducting a brief survey as part of the Coordinated Human Services Transportation Plan Update which seeks to improve transportation for persons with disabilities, older adults/seniors, and individuals with lower incomes in the Erie and Niagara Counties. <u>Take the survey.</u>

## **Electric School Bus Roadmap Released**

Governor Kathy Hochul today announced the State's first Electric School Bus Road Map, which outlines the initial pathway to 100% zero-emission school buses by 2035, and the first four elements of an Electric School Bus Guidebook to help schools and school bus operators through the process of incorporating zero-emission buses into their fleets. View the road map or learn more about the program as a whole <a href="here">here</a>!

### Guaranteed Ride Home Program Makes Carpooling and Transit Stress-Free

Erie and Niagara County residents who regularly commute by carpool, vanpool, public transit, walking or biking are eligible for the free Guaranteed Ride Home Program (GRHP). When you need to leave work unexpectedly for an emergency, and can't use your regular mode of commute, we'll get you to your destination by Lyft, Uber, taxi or public transit—up to two rides per month and \$50 per trip, up to \$200 per year (limitations apply). Click the link below to learn more about terms and conditions, and to register for the program. REGISTER FOR GRHP Find a carpooling partner through 511NY Rideshare! Use the free Commutifi portal! Get rewarded for driving less with \$50 Shop 716 gift card giveaways each month.

## **Classical Weed Biological Control 101 Short Course**

The North American Invasive Species Management Association (NAISMA) Classical Weed Biological Control 101 Short Course is an asynchronous, professional, online short course that was created to provide you with knowledge about the science, application, and regulation of classical weed biological control. The course consists of six sequenced video presentations, along with supplemental materials for in-depth learning and assessment. This class was developed by professionals with real world experience managing invasive plants and is free for all thanks to funding from the USDA Forest Service. Learn more and register at <a href="https://naisma.org/programs/professional-development/biological-control-101/">https://naisma.org/programs/professional-development/biological-control-101/</a>.

### **American Climate Corps Launched**

The White House has announced the launch of an American Climate Corps to provide education and training to more than 20,000 young people that will allow them to develop the skills needed to fulfill jobs in the growing sectors associated with a clean energy economy. The new program--which will be coordinated across six federal agencies--aims to provide paid workforce training and service opportunities in conservation and restoration, community resilience, clean energy technology, and more. Anyone interested in joining or supporting the American Climate Corps to sign up for more information.

### **LEED Green Associate Training - Webinar and Online Self-paced Options**

LEED Green Associate is a credential which will enhance your professional credentials, open doors to new job opportunities and help advance your career in the green building industry. Register for a live webinar or start today with an on-demand recorded workshop completed anytime at your own pace from Leading Green. Cost: \$200 - Students can use the coupon code 'green' for \$50 off (Discounted course price \$150). Save your seat by registering for our live or self-paced options. - <a href="https://leadinggreen.com/online.">https://leadinggreen.com/online.</a>

## Have an Apiary?

As of December 23, 2021, all beekeepers in NYS are required to register with Ag and Markets and renew their registration annually regardless of whether you are selling nucleus colonies or queens or not. It only takes a few minutes to do, and then you will get notifications of any disease issues in your area. <u>Learn more</u>.

## **Erie Community County Climate Action Plan and Volunteer Opportunities**

Erie County Climate Action has completed their community climate action plan! Working groups, consisting of County staff and community stakeholders have been developing goals, strategies, and action items to help mitigate climate change effects in the WNY area. The full draft of the county plan is <a href="here">here</a>. If you want to get involved, consider joining the <a href="here">Ambassador</a>
Program. Ambassadors play a vital role in bridging the gap between local government and community members. Check out <a href="https://www3.erie.gov/climateaction/">https://www3.erie.gov/climateaction/</a> for more info on Erie County's climate efforts and ways to be involved.

## Wine By-Products Used as Natural Coloring Agent

Wine lees are the residue leftover after fermentation in the winemaking process, mainly consisting of dead yeast cells. Each year up to 2.5 million tons of lees are produced globally. While they can become a pollutant if released directly into the environment, they have properties that can enhance the nutritional and functional properties of various products including yoghurt, ice cream, and even burgers. In a study published in *Journal of the Science of Food and Agriculture* they have demonstrated how one of the most significant by-products from the winemaking industry can be used in gelatin-based sweets, as a low-cost natural coloring agent with added health benefits.

### **Heat Pumps: The Basics**

Heat pumps are safe, efficient, and versatile. They are an all-in-one heating and cooling system. Cold climate heat pumps are designed to efficiently operate in cold climates like New York State – while also doubling as a cooling system in the summer. Heat pumps are cleaner and more efficient than boilers and furnaces. They don't burn fossil fuels like oil, propane, and natural gas. Heat pumps use electricity to draw thermal energy from the environment. They move that energy indoors to heat your space or move it outdoors to cool your space. While there are three types of heat pumps —air source, ground source, and water source — ground source heat pumps (also known as geothermal) can serve the needs of a single building or be installed in a networked system. Not sure how ground source heat pumps work? This two-minute NYSERDA video explains how they take advantage of the earth's constant temperature (in New York State, that's around 50°F) to efficiently heat and cool buildings. Ground source heat pumps are high efficiency (provide 3-4 times the output for every unit of energy) and require minimal maintenance.

## Thousands of Beetles Released to Combat Invasive Species

The NYS Hemlock Initiative through collaboration with DEC and WNY PRISM released 1,700 tiny native beetles at Zoar Valley Multiple Use Area this month. *Laricobius nigrinus* beetles will find and eat the Hemlock Woolly Adelgid - an invasive pest that threatens the native Eastern Hemlock. The NYS Hemlock Initiative is run by Cornell University scientists who research ways to biologically control Hemlock Woolly Adelgid in order to preserve Hemlocks across New York State. WNY PRISM assists the initiative and DEC by surveying lands, like Zoar Valley, and reporting their findings.

### Environmental Issue: File a report to the DEC and/or U.S. Attorney's Office

See dark smoke or dust rising from an industrial site, or smell something foul? Visit <a href="here">here</a> to file a DEC report, or, for rapid response, call 1-844-DEC-ECOS (1-844-332-3267) or the NYS Spill Hotline (1-800-457-7362). The public can report environmental concerns to the U.S. Attorney's Office. Environmental and public health concerns may be about air quality; water pollution; dumping, burying or burning of chemicals or toxic waste; climate change; health; workplace condition; the application of pesticides and their effects on wildlife; wetlands destruction; medications; cosmetics; biological products; oil and chemical spills; and discriminatory environmental and health impacts caused by recipients of federal funds. To report concerns, contact Environmental Justice Coordinator Aaron J. Mango at 716-843-5700 or email <a href="https://www.environment@usdoj.gov"><u>USANYW.Environment@usdoj.gov</u></a>.

### Western New York Young Birder Club

The Western New York Young Birder Club (WNY YBC) is designed to help connect young and young at heart people with birds. Young birders of all ages are welcome! The WNY YBC organizes monthly events, sends a monthly email newsletter including the "Bird of the Month" feature and updates on club outings, and serves as a resource for the community to connect with family-friendly birding experiences. WNY YBC recognizes that birding is often a quiet and calm activity that doesn't always match the exuberance of young birders – thus they are creating a space where an enthusiastic joy in birds can take flight. The club currently has 48 members ranging in age from 2-14 with an average age of 7. Check out WNY YBC's website to join, learn more, and to find events near you!

### **DEC State Lands Kiosk Survey: Earn Prizes**

DEC is seeking public input to help make improvements to informational kiosk signage on DEC properties by completing the new DEC Kiosk Survey through January 2024. Input from visitors' surveys will help DEC make improvements to kiosk signage throughout the state and enhance the visitor experience. Kiosks are small, open wooden structures that provide cover for educational and informational signs that feature trail maps, emergency phone numbers, and other important information. By taking the survey, participants will be entered into the survey sweepstakes which will have both monthly winners, who will a free subscription to DEC's Conservationist magazine and a \$50 gift card, as well as a grand prize winner, who will receive a free subscription to the Conservationist and a \$200 gift card. Individuals can submit only one survey response per kiosk location. Additional information about the survey, sweepstakes, and the link to the survey can be found on DEC's website.

### Tick App: Info for you, Data for Science

The Tick App is a free app for your smartphone. The app contains information on ticks and asks you to log your daily activities to help researchers. You can even send pictures of your ticks for identification. The app allows people living in high-risk areas for Lyme disease to participate in a regional tick exposure and human behavior study.

DOWNLOAD a PDF that describes how to use The Tick App.

### **Municipal Training Resources from LEWPA**

The Lake Erie Watershed Protection Alliance (LEWPA) has developed a webpage with 20-minute educational videos designed for municipal officials but are also informative for the public. Learn more about watersheds and the issues impacting water quality at <a href="https://www.tinyurl.com/municipaltraining">www.tinyurl.com/municipaltraining</a>.

## Low Impact Development: Bioretention Design Handbook

EPA is pleased to announce the release of the <u>Bioretention Design Handbook</u>. The handbook was developed to inform practitioners about the latest approaches and lessons learned for bioretention design, construction, inspection, and operation and maintenance. The handbook contains a compilation of the current state of knowledge from published literature, interviews, and site visits with leading municipalities and practitioners across the United States. A unique feature includes the numerous photographs of bioretention facilities from more than 20 municipalities across the contiguous United States that showcase a diversity of design techniques.

### **Clean Energy Communities Program for Towns**

Is your WNY town a member of the Clean Energy Communities Program? Check out the map <u>here</u> to see towns that are in the program and the actions that they have taken to save energy and often costs for their town. If your town isn't one of them, ask your elected official why they haven't made a commitment to cleaner energy.

## **Urban Agroforestry**

A <u>free, downloadable publication</u> provides guidance in designing planting systems for your community. Trees and other perennial crops can be integrated into any number of urban landscapes, including urban farms, backyards, public parks, roadsides, neighborhoods, and other underutilized or marginal spaces. With proper planning, design, and management, these systems can increase the economic, ecological, and community resilience of urban areas.

### **Making Fabric from Food Waste**

Polybion, a biomaterials firm, used industrial fruit waste to bacteria isolated from kombucha to create a bacterial nanocellulose material called Celium. The material has been used by a fashion company to make a leather-like clothing item, which has a lower carbon footprint than conventional leather. Polybion is exploring other uses for the material, such as thread, construction materials and wound dressings. Read more <a href="here">here</a>.

### **Weather Patterns for Climate Prediction**

If you're curious how historical El Niño (or La Niña) conditions have affected weather patterns across the U.S., then check out the NOAA Physical Science Laboratory <u>ENSO comparison maps</u>. The map selector lets you see temperature, precipitation, and other climate anomalies by month for all historical events in a side-by-side map view. A composite image that combines all past event anomalies into a single map is also available. El Niño conditions are currently present in the equatorial Pacific Ocean, and the latest <u>Climate Prediction Center outlook</u> says there's an 80 percent chance El Niño will continue through the Northern Hemisphere spring (March-April 2024).

### **Farmland Protection Grants Available**

The NYS Department of Agriculture is pleased to announce the availability of funds for the Round 18 Farmland Protection Implementation Grants (FPIG) Program – Conservation Easement Projects. The intent is to fund the implementation of certain farmland protection activities intended to maintain the economic viability of the State's agricultural industry and its supporting land base and to protect the environmental and landscape preservation values associated with agriculture. Grant applications will be accepted on a continuous basis. The RFA will remain open and awards will be made until such time as available funds are fully committed, or the RFA is closed.

### **EV Charging Funding Assistance**

Charge Ready NY 2.0 (PON 5367) is an incentive program that provides \$4,000 per charging port installed at a public facility within a DAC and \$2,000 per charging port installed at a workplace or MUD location upon completion of the installation of charging equipment and the provision of appropriate documentation. An additional incentive of \$500 per port may be awarded for eligible Level 2 charging equipment installed at a workplace or MUD location within a DAC. Equipment Owners at workplace or MUD locations may choose to participate in a bonus program to receive additional incentives. Public and private (for-profit and not-for-profit) entities may participate in the Program. Applicants can be the Equipment Owners or the Installers on behalf of the Equipment Owners. Full program rules and procedures, additional information about the program, and current lists of eligible EV charging equipment and network providers can be found at <a href="https://nxerd.ny.gov/Charge-Ready-NY">nxerd.ny.gov/Charge-Ready-NY</a>.

## **Make Cigarette Butts Part of Your Cleanups**

Littered cigarette butts: besides being ugly to look at, they are hazardous to our kids, pets, wildlife, and gardens. When left in the environment, littered cigarette butts <u>leach toxic chemicals</u>, such as arsenic (used to kill rats) and lead, that may be carried as runoff to drains and end up polluting our rivers and lakes right here in Western New York. Because cigarette butts are primarily made of plastic filters that don't biodegrade, the butts that aren't eaten by wildlife simply pile up on shorelines or at the bottom of bodies of water. To find out how you can get involved, visit <a href="http://tobaccofreewny.com/">http://tobaccofreewny.com/</a>.

### **Reuse Action in Action: Source for Reusable Materials**

Reuse Action helps deconstruct buildings to return building materials to the supply chain. The store will also take your used furniture, cabinetry or building supplies. Don't send them to the landfill, donate them. Profits from sales put people to work! Check out <a href="https://www.reuseaction.com">www.reuseaction.com</a>, call the store at 716-894-3366, or stop by 980 Northampton Street.

### Resources for Buying an Electric Vehicle and Charger

Making the switch to an electric vehicle—and pairing it with an ENERGY STAR certified charger—is not only good for the planet, it could also save you \$1,400/year on fuel and car maintenance. Plus, with rebates and tax credits, you can save even more. Learn about all the benefits today! A study examined the life cycle greenhouse gas emissions from electric cars and combustion engine cars globally. Their analysis showed that only battery electric and hydrogen fuel cell vehicles have the potential to achieve life-cycle GHG emissions reductions needed to meet Paris Agreement goals.

## **Revised Plant Hardiness Zone Map**

Another sign of climate change, the U.S. Department of Agriculture has released a new version of the Plant Hardiness Zone Map. While we can't grow coffee and bananas here, some parts of Western New York are in new zones reflecting our warming climate. Check it out <a href="here">here</a>.

### New York Great Lakes Shore Viewer

DEC's <u>Great Lakes Program</u> has launched the <u>New York Great Lakes Shore Viewer</u>, an interactive map that allows users to explore approximately 850 miles of New York's Great Lakes shorelines, including Lake Erie, the Niagara River, Lake Ontario, the St. Lawrence River, and many of the larger embayments. The viewer includes coastal oblique aerial imagery of the NY Great Lakes shorelines collected annually by citizen volunteers with the Civil Air Patrol – NY Wing in partnership with the DEC. Routinely updated and publicly accessible coastal oblique imagery is intended to support state resilience programs, promote ecosystem-based shoreline management, and assist with shoreline change monitoring.

### The Buyer's Guide to Induction Cooktops

With the push for electrification and moving away from natural gas, some homeowners are exploring using Induction Cooktops. Induction is gaining steam for its precise temperature control, superior safety, and speedy cooking times, though different cookware is needed. without using fossil fuels. For more information on how they work and their benefits, as well as upcoming rebate programs, check <a href="here">here</a>.

### Fido Fabric?

Chiengora could be the ultra-sustainable luxury fabric. This yarn spun not from wool but from dog hair -- say it is ultra-sustainable and softer than cashmere, and some are collecting dog hair from groomers to weave into fabrics. Undercoat from long-haired dogs works best, and studies have found chiengora is warmer than wool and hardier than camel hair. Read more.

## **New Plastic Biodegrades in Seawater**

Researchers at the University of Tokyo have developed a new, innovative plastic material that is both stronger and stretchier than current popular plastics. The new material can also self-heal scratches when warmed, is partially biodegradable and remembers complex shapes that can be restored when heated. Their research is published in the journal *ACS Materials Letters*.

## Purina Recycles Challenge: Pet Owners Do Your Part

The Purina Recycle challenge invites pet owners to film a "trick shot" of them banking a pet food can into the recycling bin and share on Instagram and/or TikTok with the hashtag #PurinaRecyclesChallenge. The company will donate \$10 for every original post and \$1 for every like, share or comment on those posts to The Recycling Partnership to support recycling education and infrastructure across the United States. The campaign will run through **Dec. 15**.

## Make the Most of Your Deer: Venison Donation Opportunities Available

Each year, <u>DEC partners with the Venison Donation Coalition and Feeding New York State</u> to help provide food for those in need. Through a cooperative relationship involving the New York State Department of Health, non-profit organizations like Feeding New York State's regional food banks and deer processors, hunters contribute nearly 40 tons of venison each year to families in need across the state! There are many ways hunters can help feed others! If you'd like to learn how you can support these programs or donate venison to help feed local families, visit the <u>Venison Donation Coalition</u> or <u>Feeding New York State</u>. You can also make a monetary contribution to the Venison Donation Coalition when you purchase your hunting license.

### **Grants for Youth Field Trips**

Did you know there is a grant to take youth on field trips? The Connect-Kids-to-Parks Field Trip Grant Program (Connect Kids) is designed to connect students in New York State with nature and history. Each grant provides reimbursement of up to \$40 per student (and \$80 for Special Education students) for field trips to state and federal parks, education and nature centers, forests, historic sites, fish hatcheries and other outdoor recreation areas. Find out more at the Connect Kids Grant page.

### **Clothing Recycling in Schools**

Project Green Schools is excited to partner with <u>Planet Aid</u> in order to help schools and communities work together with a unified goal of recycling 25,000 lbs of clothing and shoes. Both Planet Aid and Project Green Schools will support you with everything that you need to organize and promote your drive. <u>Click to register</u> to host a drive this summer or fall. Clothing drives are open to U.S. based schools and organizations that fall within Planet Aid's region.

## **Updated Excess Food Opportunities Map**

EPA's Excess Food Opportunities Map, first released in 2018, displays facility-specific information for potential generators and recipients of excess food in the industrial, commercial, and institutional sectors, including estimates of excess food for most generators. The map is a useful resource allowing businesses, organizations, and governments to make connections and find opportunities to make the best use of their excess food. It can be used to inform waste management and food recovery decisions at the local level, as well as to identify potential sources of organic feedstock, infrastructure gaps and alternatives to landfilling. Search the map here.

## Seeking a Career in the Clean Energy Field?

NYSERDA has paid internship and fellowship programs that can help jumpstart your future in the clean energy field. Check out their programs and resources at <a href="https://www.nyserda.ny.gov/All-Programs/Clean-Energy-Workforce-Development-and-Training/For-Job-Seekers-and-Students">https://www.nyserda.ny.gov/All-Programs/Clean-Energy-Workforce-Development-and-Training/For-Job-Seekers-and-Students</a>.

## **Online Tool to View Earth's Changes**

Google Earth Engine's new tool, <u>Dynamic World</u> was built in collaboration with the nonprofit <u>World Resources Institute</u>. Dynamic World pulls from satellite data to create detailed maps in near real-time. It gives users the ability to zoom in on the planet in 10-by-10 meter squares from satellite images collected every two to five days. Artificial intelligence is used to categorize each pixel into nine classes that range from bare ground to trees, crops, and buildings. The tool allows users to explore and track and monitor changes in these terrestrial ecosystems over time.

### Biomimicry: Copy the Chameleon to Keep Buildings Green

Researchers have devised a new coating that keeps buildings cool in summer and warm in winter by changing color based on current temperature with no energy required. The easy to make coating could save up to 20 percent more energy use per year than previously reported temperature-regulating coatings according to the study. Using a desert chameleon for inspiration, researchers from the Harbin Institute of Technology in China made a temperature-adaptive cooling coating by mixing tiny microscopic capsules into a binder that they can spray or brush onto a metal foil. The microcapsules are filled with polyvinylidene fluoride, a chemical that changes color in response to temperature changes. Laboratory tests showed that the coating begins changing color from dark brown to light grey when it reached 20°C. When it got to 30°C, the now light-colored film reflected up to 93% solar radiation. Read more here.

## **Annual Rain Barrel Painting Contest for Schools**

To promote education on stormwater issues, Erie County Department of Environment and Planning is sponsoring their annual Rain Barrel Painting Contest. Classes will be provided with a 55-gallon syrup barrel that you will convert into a rain barrel and one rain barrel converter kit. You will need to provide paint primer, brushes, various colors of acrylic paints for your design, and a clear topcoat. The coat of primer is required to provide a good, smooth surface for the paint to adhere to the plastic barrel. You will also be responsible for installing, maintaining, and winterizing the rain barrel. Detailed instructions will be provided. To register (barrels are limited)- **complete the** Registration Form. Photos of completed barrels are due by April 1, 2024.

### **Youth as Solutions**

Youth as Solutions (YaS) is creating a generation of citizens who are passionate about making a positive impact in their schools and communities by addressing one of these areas of impact: community health, educational equity, and environmental justice. Leadership teams of young people in grades 6-12, along with an adult mentor, apply to be part of one of the Youth as Solutions areas of impact, where they will participate in a self-paced, hands-on learning experience, identifying and taking action on an issue in their community. Students gain leadership skills, adults receive high-quality service-learning instruction and resources, and youth-adult teams will have the opportunity to connect with peers from across the country who are working on similar areas of impact! Teams receive a grant of \$250-\$1000 and support resources. APPLY NOW!

# **Teacher's and Home-Schooling Resources**

https://thegeep.org/learn/case-studies/ebook
This GEEP e-book Environmental Education in Action: Learning from Case Studies Around the World explores the world of environmental education (EE) case studies—studies that reflect the complexity, messiness, beauty, and diversity of EE programs across the planet that strive to create a more sustainable future for us all.

https://eepro.naaee.org/resource/monitoring-methane-human-health-and-abatement students will learn about the climate and human health impacts of natural gas extraction.

<u>Using the Outdoors as an Extension of Your Classroom</u>- describes the benefits of contact with nature for students and tips developed by a teacher to get students in urban schools closer to nature. The tips start with simple and accessible ways to teach in contact with nature and build up to regular nature immersion days per week.

<u>Decomposition: Leaf & Soil Collection</u>-Engage your students in figuring out why the amount of leaf litter differs between species in this lesson from the Cary Institute of Ecosystem Studies' School Woodland Biodiversity unit for Grades 6-12. Students will collect and analyze leaf litter data from different trees using a transect and hula hoop/quadrat and will conduct soil nutrient tests on soil samples.

<u>How to Productively Reframe Eco-anxiety as a Science Communicator or Educator</u>-STEM Teaching Tools Practice Brief 80 addresses eco-anxiety.

<u>Never Home Alone: The Wildlife of Homes</u>- iNaturalist citizen science project from the Public Science Lab that aims to document the species that live indoors with humans, including but not limited to arthropods. The Classroom Edition webpage includes lessons for students in Grades K-5 to accompany the citizen science project.

<u>Plant Disease Detectives</u>-students act as detectives to describe common plant diseases and how these communicable plant diseases are spread. The activities are downloadable as Word documents and include case studies for the student "detectives," ages 14-16.

Our Climate, Our Future Resources by Action for the Climate Emergency-lesson plans and materials for high school students.

<u>Wayfinder Society</u> has comprehensive sets of FREE and open-source lessons, classroom toolkits, mini-grants, videos, and a Student Hub with 35 Actions for students to complete at home, in school, or in their community.

Environmental Justice by State-Info on how each state is addressing environmental justice.

<u>MIT Climate Educator Guides</u> -Flexible, adaptable, and classroom-ready climate change activities. Integrate solutions-oriented climate change education into any high school subject.

<u>TILclimate Podcast</u>-In 10(ish) minutes, MIT experts cut through the jargon to demystify climate change. Listen to podcast episodes as professional development or classroom assignments.

<u>MIT Climate Portal</u>-Learn about climate change straight from MIT experts. Read explainers on a wide range of topics in science, technology, and society. Ask your own climate questions.

NEED website for tons of useful (and free) resources for inquiry-based learning related to energy.

<u>NEEF SunWise Program</u>- environmental and health education program for K-8 children about sun safety, UV radiation, and stratospheric ozone. The free toolkit includes over 50 cross-curricular, standards-based activities that encourage young people to explore, assess, and understand their natural environment and how it affects their health.

<u>Data Puzzle: Wind Farms of the Future</u>-middle and high school students analyze and interpret patterns in surface roughness and wind speed across the United States to identify suitable locations for the construction of future wind farms. The resource includes a teacher guide, slide deck, and student worksheet.

<u>Keeping a Bird Watching Journal</u>-Bird Watcher's Digest shares some encouraging guidelines for keeping a bird watching journal that apply to bird watchers of all ages. Not sure what bird you hear while journaling? Try the <u>Merlin Bird ID app's</u> Song ID feature to help you identify who's singing.

NSTA Lesson: How can where you live affect your risk of experiencing asthma? High school students will gather, read, and evaluate scientific information to investigate why the Bronx, New York City as a whole, and Detroit have higher asthma hospitalization numbers than New York State and Michigan.

<u>The Equity Compass</u> helps users adopt a social justice mindset when developing and reflecting on their policy and/or practice. View the video on YouTube using the link above and learn more about the project here.

<u>Inclusive Science Communication Starter Kit</u> is intended to help anyone who communicates with others about STEMM (science, technology, engineering, math, and medicine) to do so in ways that seek and value a wide variety of perspectives, recognize how a person's multiple identities might affect their relationship with STEMM, and yield equitable outcomes that build and sustain trust.

<u>Earth Day Careers and Teaching Resources Page</u>-Scholastic SUPERSTEM created this collection of articles, videos, and teaching resources for educators and students. Each article showcases a STEM professional who incorporates a passion for protecting Earth in their work.

<u>Light Pollution Activity from Voyageurs Conservancy</u>-This three-part activity introduces the concept of light pollution, demonstrates its adverse effects, and allows students to investigate mitigation practices. Schedule a virtual lesson with Voyageurs Conservancy to learn about the importance of night sky preservation.

<u>Do the Rot Thing: A Teacher's Guide to Compost Activities</u>-The activities in the "Do the Rot Thing" guide are hands-on and encourage student exploration and learning. The guide is broken into four main sections: Introductory Activities, Basic Compost Activities, Worm Compost Activities, and Spreading the Word: Students Teaching Composting.

<u>Our Beautiful Planet</u> is a series of compelling 5-7 minute science films highlighting the cutting-edge research that climate scientists are doing to solve some of the world's most pressing issues. Each video has an accompanying lesson that provides opportunities for students to make sense of the climate change phenomena presented in the videos. In addition each film comes with a community outreach guide offering ideas for hands on involvement.

<u>Earth@Home</u>! Since our launch in 2020, Paleontological Research Institute has added over 300 pages of information about Earth Science of the United States!

"<u>Plastic Pollution and You</u>," a 15-lesson curriculum focused on a human-induced threat to the health of New York's marine and freshwater aquatic ecosystems.

<u>National Geographic: The Circle of Stuff</u>-This lesson for students in Grades 6-8 contains three activities that introduce students to the concept of the circular economy. Students consider the life cycle of their favorite belonging, learn about the full zero-waste hierarchy beyond the Three Rs, and unpack success stories of circular economies

One Health-Developed by the University of Rochester Medical Center's Life Sciences Learning Center, this series of lessons for grades 9–12 introduce students to the concept of One Health, the connections among human health, the health of animals, and the health of the environment.

Ocean of Opportunity- for students 9-13 to introduce them to the blue economy.

<u>Virtual Field Trip: You're the Scientist! Citizen Science, Frogs, and Cicadas-</u>Students in Grades 3-8 can participate in the Nature Conservancy's virtual field trip that centers around the impact of citizen science. The virtual field trip contains a video, teacher guide, and student activities.

<u>Curriculum with a focus on dogs</u>- includes K-12 material and lesson plans for language arts, math, science and social studies.

Wicked Plastics Problem- Class exercise on plastics and solutions for undergrads and advanced high school.

<u>2022 update of the National Marine Ecosystem Status website-</u>The site provides a view of important data - including human actions and needs, so users can get a holistic understanding of how U.S. marine and Great Lakes ecosystems are doing. This is the first year the website provides Great Lakes data. This website is easy enough for High School students to use, yet robust enough to satisfy a discerning researcher.

<u>Curriculum: Environmental Justice</u>-Dive into practicing environmental justice with your students with this great resource from the <u>Smithsonian Science Education Center</u>. This guide supports students in learning how they interact with their environment, how different communities are impacted by specific environmental issues, and how to look for innovative solutions.

Climate Change Impacts on Biodiversity-Video and activity.

<u>Our Beautiful Planet</u>- series of compelling 5-7 minute science films highlighting the cutting-edge research that climate scientists are doing to solve some of the world's most pressing issues.

Becoming a Climate Change Educator Toolkit- a back-pocket resource for planning lessons.

"Climate Solutions, in No Particular Order," is a 30-video playlist of 60-second videos that each addresses an important climate change mitigation strategy.

"In the Greenhouse," is an 18-video series of 5-15 minute video lessons addressing the science concepts that underlie climate change and opportunities to take action.

<u>Plastic Pollution and You</u>-NYSG's "Plastic Pollution and You" is a 126-page, 15-lesson curriculum focused on a manmade threat to the quality of New York's marine and freshwater aquatic ecosystems.

Additional resources

## **Contests, Fellowships and Awards**

Margaret A. Davidson Graduate Fellowship-two-year fellowship program provides the opportunity for graduate students to conduct collaborative research at one of the 30 national estuarine research reserves. Through a research project, fellows address a key reserve management need to help scientists and communities understand coastal challenges that may influence future policy and management strategies. Deadline: **December 4**.

<u>Green Chemistry Challenge Awards</u> - Companies, individuals, academic institutions (including state and tribal universities), non-profit and not-for profit organizations and their representatives are eligible for Green Chemistry Challenge Awards for outstanding or innovative source reduction technologies. Applications due **December 8.** 

<u>ecoAmerica American Climate Leadership Awards for High School Students</u>- to recognize and reward the high school students at the forefront of climate action and advocacy work! ecoAmerica is providing \$125,000 in prizes for high school students, clubs, classes, teacher-sponsored programs, and student-led nonprofits working to make progress at the local level. Deadline: **December 15.** 

<u>2024 President's Environmental Student & Teacher Awards</u>- The awards recognize outstanding environmental stewardship projects from students in Grades K–12 that promote environmental awareness and encourage community involvement, as well as Grade K–12 educators who integrate environmental education and place-based learning into school curricula and school facility management across the country. Deadline: **January 15, 2024**.

<u>2024 Project Green Schools Outdoor Classroom Challenge</u> - develop and implement a meaningful outdoor classroom and learning space. Schools compete for a Grand Prize of \$10,000 to further enhance or create a new space. All U.S.-based schools Pre-K – 12 are eligible to apply. Schools should submit a formal write-up, proposed budget, and design of their outdoor learning classroom/space by **January 19th**.

Battelle Climate Challenge-Students in Grades 9-12 in the United States are invited to research past and future impacts of climate-related hazards and develop a proposed action to help build a more resilient community. Five winners will receive STEM grants of \$1,500-5,000 for a US nonprofit organization, public library, or public school; the grand prize winner will also present their poster in Washington, DC. Deadline: **January 19**.

Sign up for the Slingshot Challenge- The National Geographic Society, with support from the Paul G. Allen Family Foundation, is asking 13-18-year-olds to submit a 1-minute video describing their idea for solving environmental issues. From cleaning our air to reviving our ocean, we believe that no problem is unsolvable and that great ideas come from all places. Deadline: **February 1, 2024.** 

<u>Sea Grant Knauss Fellowship Program</u> -for eligible graduate students (Masters; Ph.D., or J.D.) who have an interest in ocean, coastal, and Great Lakes resources and in the national policy decisions affecting those resources. The program, which is sponsored by the National Oceanic and Atmospheric Administration's (NOAA) <u>National Sea Grant College Program</u>, matches highly qualified graduate students with "hosts" in the legislative branch, executive branch, or appropriate associations / institutions located in the Washington, DC area, for a one-year paid fellowship. Deadline: **February 15, 2024.** 

Youth Awards Program for Energy Achievement- Youth Awards projects are energy outreach activities that are student-driven and student-run. Students work together to plan and track their goals, meet timelines, complete activities and outreach, document their hours of work, and create partnerships. They document their learning by taking and cataloging photos, letters, work samples, and other media. Students evaluate their efforts and successes, and will submit a digital project (by April 15, 2024) summarizing their project goals, activities, and accomplishments. The project is a simple 15-slide digital slideshow that showcases goals of projects, activities completed, and results achieved! Deadline: April 15.

## **Grant and Scholarship Opportunities**

Grants to Cut Harmful Diesel Engine Emissions-EPA is soliciting applications nationwide for projects that significantly reduce diesel emissions and exposure, especially from fleets operating at goods movements facilities in areas designated as having poor air quality. Applicants may request funding to upgrade or replace older diesel-powered buses, trucks, marine engines, locomotives and nonroad equipment with newer, cleaner technologies. Priority for funding will also be given to projects that engage and benefit the health of local communities already overburdened by air pollution, protect grant funded investments from severe weather events caused by climate change, and applicants that demonstrate their ability to promote and continue efforts to reduce emissions after the project has ended. Deadline: December 1, 2023.

<u>Margaret A. Davidson fellowship</u> brings a graduate student to conduct research at the Hudson River National Estuarine Research Reserve to address a key coastal management question. The annual stipend for a Margaret A. Davidson fellow is \$41,000 for research and travel, and equipment and supply budget of approximately \$7,000. Deadline: **December 4.** 

<u>2023-2024 Mutual of Omaha's Wild Kingdom College and University Grant Program</u>- Faculty or staff, 18 years of age and older, from any college or university within the U.S. are eligible to apply. Applications are invited from faculty and staff in all disciplines and are not limited to environmental studies, wildlife biology, etc. for support on campus and community projects for habitat support. \$7,500 to \$10,000 grant awarded. Deadline: **December 15.** 

<u>T-Mobile Hometown Grant Program</u> -T-Mobile awards up to \$50,000 for shovel-ready projects that foster local connections, like technology upgrades, outdoor spaces, the arts & community centers. Nonprofit & community leaders from small towns with population less than 50,000 can apply. Deadline: **December 31.** 

<u>The Xerces Society</u> offers annual awards to support students pursuing educational research in Lepidoptera conservation. This year, the awards will be \$10,000 each, with two awards available. We're investing in the future of our planet and our field by sponsoring the next generation of butterfly and moth conservationists. Deadline: **January 7, 2024.** 

<u>2024 Farm to School Grant Request</u>- Each grant will help implement farm to school programming that increases access to local food in eligible schools, connects children with agriculture for better health, and inspires youth to consider careers in agriculture. Deadline: **January 12, 2024.** 

<u>FACT Fund-a-Farmer Grants</u>-Food Animal Concerns Trust (FACT) awards competitive grants up to \$3,000 to working, independent farmers who raise beef cattle, bison, broiler chickens, dairy cows, ducks, geese, goats, laying hens, pigs, sheep, and/or turkeys. Grants are offered to improve or expand pasture and pursue or maintain animal welfare certification. Applications are due **January 15, 2024.** 

<u>Urban and Community Forestry Grants</u>- Applicants may apply for funding under two categories, Community Forest Management Plan Implementation (\$10 million) and Ash Tree Management (\$2.9 million). The maximum request is \$500,000 per application and no match is required. All projects must take place in disadvantaged communities Deadline: **January 21, 2024.** 

<u>EPA Offers Schools Funding for Green Buses</u>- 2023 Clean School Bus Rebate Program plans to award at least \$500 million in funding for school districts interested in replacing their older school buses with cleaner alternatives. Selectees may also be eligible for tax credits. Deadline: **Jan. 31, 2024.** 

NOAA's Great Lakes Bay Watershed Education and Training (B-WET) Program for Indigenous Communities- supports environmental and place-based educational programs in the Great Lakes watershed and is seeking applications for projects that provide Meaningful Watershed Educational Experiences for youth that incorporate Indigenous Traditional Ecological Knowledge. Deadline: February 29, 2024, by 11:59 PM ET.

<u>Climate Pollution Reduction Grants</u>-limited to projects that are directly related to the development, updating, or evaluation of state, local, tribal or territorial plans to reduce climate pollution. The funds can be used for staffing and contractual costs necessary to develop the deliverables identified in the document, planning and implementing meetings, workshops, and convenings to foster collaboration among and between levels of government, the public, and key stakeholders. Lastly, the funds can be used for outreach and education for stakeholders and members of the public. Deadline: **April 1, 2024.** 

<u>Community Change Grants</u>- EPA funding to support community-driven projects that build capacity for communities to tackle environmental and climate justice challenges, strengthen their climate resilience, and advance clean energy. **Rolling** awards until Deadline: **November 21, 2024.** 

<u>Critical Material Innovation, Efficiency and Alternatives</u>-designed to conduct a program of research, development, demonstration, and commercialization to develop alternatives to critical materials, to promote their efficient production and use, and ensure a long-term secure and sustainable supply of them. **Rolling until funding allocation**.

<u>T-Mobile Hometown Grant Program</u> - Building community, together. We're focusing on revitalizing community spaces in towns with 50,000 people or less. Submit a proposal for a town project of your choice, and if selected, use the funds to get started. Deadline: **Quarterly** 

<u>The Story of Stuff Project Grassroots Grant Program</u>- BIPOC-led groups focusing on water privatization, plastic pollution, or environmental justice projects that are campaign-focused, community driven, and serve communities of color can receive up to \$5,000. Deadline: **Quarterly** 

<u>Community Heart & Soul Seed Grant</u> - The Community Heart & Soul Seed Grant Program provides \$10,000 in funding for resident-driven groups in small cities and towns to start the Community Heart & Soul model. Grant funding requires a \$10,000 cash match from the participating municipality. Deadline: **Ongoing** 

Amber Grants for Women-funds for women's businesses. Deadline: Ongoing with monthly and quarterly funding.

<u>Groundswell Grants for Black Buffalo</u>- stabilization funds awarded to Black-owned and Black-led nonprofits and small businesses working in East Buffalo. From payroll and operating expenses to essential supplies and facilities improvements, these investments help each organization thrive, both in the wake of trauma and well into the future, strengthening their ability to continue serving our shared community. Deadline: **Rolling.** 

<u>Kauffman Foundation Grants</u>-The Kauffman Foundation accepts new ideas and innovative project submissions throughout the year. They support ideas and solutions designed to improve education, boost entrepreneurship, and help communities and individuals thrive. Deadline: **Rolling.** 

<u>The Story of Stuff Project Grassroots Grant Program</u>-BIPOC-led groups focusing on water privatization, plastic pollution, or environmental justice are encouraged to apply. We support projects that value local community involvement and organizing, creative interventions, strategic thinking, and both defensive "fight-back" and offensive solutions-focused projects. Deadline: **Rolling** 

<u>Power of Youth Summer of Service Grants</u> - The Challenge will provide 201 grants to young people seeking to serve their communities. Young people ages 13-19 across the country are encouraged to apply now for the \$300 grants. Projects can address any issue/need that youth are passionate about. Deadline: **Rolling** 

<u>Climate Emergency Fund Grants</u> - The Climate Emergency Funds awards grants up to \$75,000 across four major campaigns: Confronting Media Climate Silence, Climate Emergency Campaigning, Building Movement Infrastructure, and Back To The Streets. Deadline: **Rolling** 

<u>The Karma for Cara Foundation</u> is encouraging kids 18 and under to apply for funds between \$250 and \$1,000 to complete service projects in their communities. Deadline: **Rolling.** 

Global Youth Mobilization Grant-Do you have an idea for a solution to overcome a community challenge created by the COVID-19 pandemic? Any young person between the ages of 14 - 30 can apply for funding from \$500 –\$5,000. Deadline: **Rolling.** 

<u>The Pollination Project Grants</u> support organizations/groups that do not have any paid staff with initial grants of up to \$1,000. Successful grantees become eligible for larger impact grants of up to \$5,000 and other support. One grant is awarded every day. Deadline: **Rolling** 

<u>The Connect-Kids-to-Parks Field Trip Grant Program</u> is designed to connect New York State students with nature and history. Each grant reimburses up to \$40 per student (and \$80 for Special Education students) for trips to state and federal parks, forests, historic sites, fish hatcheries and other outdoor recreation areas. Deadline: **Rolling.** 

<u>The Kars4Kids Small Grant Program</u> is dedicated to supporting education, mentoring, and youth development programs around the country that help children develop into productive members of their community. Grants typically range from \$500-\$2,000. Deadline: **Rolling.** 

<u>H20 for Life Mini-Grants</u> provide \$250-\$500 mini-grants for schools to organize projects that educate youth about the global water crisis and help them take action to provide water, sanitation and hygiene education (WASH) for global partner schools. Deadline: **Rolling** 

<u>Toyota 4Good Grants-</u> Projects that are needed and will help contribute to the long- term sustainability of the community. Deadline: **Rolling**.

<u>Avantor Foundation Science and Technology Education Grants</u> funds community-based organizations that teach science and technology to underserved high school students. Eligible applicants are invited to submit a Letter of Intent via email. Deadline: **Rolling**.

NIEHS Conference Grants-The mission of the National Institute of Environmental Health Sciences (NIEHS) is to discover how the environment affects people in order to promote healthier lives. Conference grant applications have a direct relationship to advancing the mission of NIEHS. In order to be responsive, all conference grant proposals must focus on or clearly indicate relevance to advancing our understanding of the role of environment and/or gene-environment interactions in disease/dysfunction. Deadline: **Rolling.** 

<u>Saving Species</u>- We help local conservation groups purchase land for conservation and habitat restoration, and may consider projects for restoration of habitat on land that is within an existing protected area. Deadline: **Rolling.** 

<u>Wells Fargo Clean Technology and Innovation Grant Program</u> funds projects and programs related to research and development for new and emerging clean technologies by working with universities, colleges, research institutes and laboratories as well as entrepreneur incubator, accelerator and business plan competitions. If you would like to submit a topic for consideration, provide a brief description (150 words or less).

Youth Pollinator Gardens Grant- up to \$200 available for projects that include educational materials on the vital role pollinators play in nature and youth involvement in planning and planting gardens providing nesting and food sources for pollinators. To apply for a grant, complete an NGC Grant Application, provide detailed information about the project, and submit your request to the NGC Youth Committee Chairman for approval.

<u>Cornell Douglas Foundation</u>- Its mission is to provide small grants to organizations which promote the vision of the foundation: advocating for environmental health and justice, encouraging stewardship of the environment, and furthering respect for sustainability of resources. Deadline: **Rolling.** 

<u>Food Waste Grants</u> –reimburses businesses that generate over one ton of food waste per week to offset cost of select technologies and equipment that reduce or divert that food waste from landfill or incineration. Projects must reduce and/or divert wasted food at a NYS business including, but not limited to, supermarkets, restaurants, and hospitals. Deadline: **Rolling.** 

<u>VolunTEEN Nation International Service Project Grants-</u> Students (ages 13-22) from the US going abroad to volunteer or study in a developing country are encouraged to apply for an international service-learning mini-grant. Grants are for up to \$300 to create a service project in a developing country while you are visiting that country. Deadline: **Rolling.** 

KEEN Effect is committed to inspiring responsible outdoor participation to help preserve the places we all play. Through the KEEN Effect, \$10,000 grants are awarded to nonprofit organizations around the world who are dedicated to responsible outdoor participation. Projects must increase responsible outdoor participation as a way to work towards building a strong community. Deadline: **Ongoing.** 

<u>Cedar Tree Foundation</u>- Letters of Inquiry Accepted at Any Time. Areas: Environmental Education, Environmental Health, Sustainable Agriculture.

<u>Everyday Young Hero Award</u>- young people, ages 5-25, who are improving their communities through service to others and making significant progress in achieving the UN's Sustainable Development Goals (SDGs). Each week, YSA selects one young person to receive this honor and receive \$250 grants to continue and expand their project. Deadline: **Rolling** 

<u>The Fruit Tree Planting Foundation</u> is dedicated to planting fruitful trees and plants to alleviate world hunger, combat global warming, strengthen communities, and improve the surrounding air, soil, and water. FTPF programs strategically donate orchards where the harvest will best serve communities for generations. Deadline: **Rolling**.

<u>Doris Duke Environment Program Grants</u>-For Nonprofits registered and working in the US. Permanent land protection (i.e., the acquisition of conservation easements or fee title interests to secure high-priority sites), management of lands already in protected status, and more. Deadline: **Rolling**.

<u>WalMart Community and Education Grants</u> . Rolling Deadline, but minimum 6 month lead time advised. 501 (c) (3) organizations, schools, religious organizations and government agencies for requests over \$250. For requests under \$250, get a local donation form from your nearest Walmart at the customer service desk.

<u>Environmental Research and Education Foundation</u>. Open. All educational materials for sustainable solid waste management, including conferences or events, which advance the foundation's educational mission. Grants are typically not provided to support the development of educational projects.

<u>KaBOOM! Let's Play Engineered Wood Fiber Surfacing Grants and Let's Play Maintenance Grants</u>- awards grants of \$750 each to communities who wish to top-off their Engineered Wood Fiber safety surfacing or who are working to make their existing playgrounds cleaner, safer and more inviting. **Rolling deadlines**.

<u>J-Serve Start-Up Grants</u>-J-Serve is the International Day of Jewish Youth Service. Grants are available for \$500 micro grant to communities that plan and execute projects that bring a minimum of 10 and maximum of 74 Jewish teens together in partnership with a least two movements or agencies in the community. **Rolling deadline**.

<u>Staying Bothered Foundation</u>-grants to nonprofits that have shown transformative leadership in the areas of education, mental wellness, and gender equity. Application deadline: **Rolling**.

<u>The Coca-Cola Foundation</u> partners with nonprofits that address priorities focusing on one of the following: Water Stewardship, Healthy and Active Lifestyles, Community Recycling and Education. **Rolling deadlines**.

<u>Kresge Foundation's Healthy Environments grant program</u> seeks to improve the health and well-being of vulnerable populations by making the places they live, learn, work and play safe and conducive to overall good health. Application deadline: **Rolling**.

<u>Cisco Global Impact Cash Grants</u> support nonprofit organizations in the U.S. and worldwide that provide assistance to underserved populations and leverage technology solutions to improve the reach, efficiency, and impact of services. Deadline: **Rolling**.

<u>Shell Foundation Grant</u>—Programs that restore critical ecosystems, address water, air quality research, preserve wetlands and sponsor wetlands initiatives. Deadline: **Rolling**.

<u>Technical Assistance Grant Information</u>-The New York State Department of Environmental Conservation (DEC) is continuously accepting applications for Technical Assistance Grants (TAGs). TAGs are a citizen participation tool available to eligible community groups to increase public awareness and understanding of remedial activities taking place in their community. Eligible community groups may apply to receive grants for up to \$50,000 per site.

<u>Home Depot Community Impact Grants</u>-Grants, up to \$5,000, are available to non-profit organizations and tax-exempt public service agencies in the U.S. that are using the power of volunteers to improve the physical health of their community. Grants are given in the form of The Home Depot gift cards for the purchase of tools, materials, or services.

<u>Fluor Foundation Grants</u>—Nonprofits and academic institutions. Projects promoting responsible stewardship of the environment and supports organizations that protect natural resources and habits through conservation, restoration and beautification, and environmental education. Deadline: **Rolling.** 

<u>Youth Outdoor Equity Leadership Fund</u>- The Children & Nature Network invites young leaders between the ages of 16 and 30 to request up to \$500 to grow professionally as a leader in the movement or to implement projects that create change in equitable access to nature, community health and well-being, and justice. Deadline: **Ongoing.** 

# **Employment and Internship Opportunities**

Lead Executive Director: Wyoming CCE- Deadline: January 4.

Mined Land Reclamation Specialist/Trainee- Deadline: December 6.

Forest Ranger 2- Deadline: December 6.

Assistant Environmental Engineer or Trainee, Air Resources-Deadline: December 13.

Professional Engineer-Buffalo, DEC-Deadline: December 13.

EcoVerde Organic Compost Driver/Laborer- Full-time & Part-time available

Animal Care-Part time/temp- Erie County SPCA

Educational Farm Associate/Part-time- Erie County SPCA

## Veterinary Assistant: Lipsey Clinic - Erie County SPCA

LISC AmeriCorps-Applications are due by **December 15<sup>th</sup>.**LISC AmeriCorps members can do everything from financial counseling and job placement, housing development and foreclosure prevention, COVID community response and support, and safety and justice. LISC AmeriCorps members serve an important, three-fold purpose: members serve with organizations to spearhead valuable projects; they engage local residents in the revitalization of their own neighborhoods; and they develop skills, experience and insight into community development and the profound value of service. LISC AmeriCorps is a valuable talent pipeline for community economic development and is an onramp for people with lived experience to secure good jobs. LISC AmeriCorps equips emerging leaders with the skills to effect long-term community-based change.

Conservation District Technician, Genesee County Human Resources

Good Food Buffalo Coalition Director - Deadline: Until Filled.

Events Coordinator: NYS Network for Youth Success. Deadline: Until filled.

Workforce Development Coordinator: Coalition for Economic Justice. Deadline: Until filled.

Community Energy Project Coordinator: Erie County Dept. of Environment and Planning. Deadline: Until filled.

Forestry Foreperson: Buffalo Olmsted Parks Conservancy

Park Foreperson: Buffalo Olmsted Parks Conservancy

Climate Justice Fellow - 12-Month Appointment

Environmental Scientist/Wetland Scientist

Executive Director-Genesee Land Trust. Open until filled.

<u>Reinstein Woods AmeriCorps</u>: NYS Department of Environmental Conservation's Reinstein Woods is seeking an enthusiastic person to serve in a 10-month AmeriCorps position. Open until filled.

Buffalo Farm to School Americorps Positions- Open until filled.

<u>Aquarium of Niagara Internships</u>-Opportunities for high school or college students to work with marine mammals, fish, penguins and turtles. Certain requirements must be met.

<u>Paid Internships in the Energy Sector in NY</u>- you will gain hands-on experience in the growing clean energy sector as either a part-time or full-time paid intern in one of many potential roles.

<u>Clean Air Coalition Internships</u>-The Clean Air Coalition is a grassroots environmental health and justice organization based in Buffalo, New York. All internships include some operations and administrative work.

<u>Service Collaborative of Western New York Vista Positions/Americorps</u>-Opportunities for paid community involvement. Check out the available opportunities and eligibility.

<u>Buffalo & Erie County Botanical Gardens Internships</u>-Seeking individuals to work with Education Dept., Special Events, and Horticulture.

<u>EquiStar Intern</u> will assist both the Program Coordinator and Barn Manager in providing a therapeutic riding program during the summer sessions.

<u>Asha Farm Sanctuary Interns</u>- Asha's Farm Sanctuary provides a hands-on learning experience for students enrolled in colleges, universities, and trade schools.

## **Citizen Science**

Global Earth Challenge-Collecting data from multiple citizen science projects. See how you can be involved.

<u>Hemlock and HWA Hunters</u>-volunteers locate hemlock stands and hemlock woolly adelgid in NY. To join our project please send us an email at cm933@cornell.edu orinfo@nyshemlockinitiative.info.

<u>EPA Citizen Science Database</u>-offers a searchable site for ways the public and EPA can partner to collect environmental information.

<u>Tree Pictures for NASA Data Verification</u>- NASA would like you to take a picture of a tree, please. The space agency's ICESat-2 satellite estimates the height of trees from space, and NASA has created a new tool for citizen scientists that can help check those measurements from the ground. All it takes is a smartphone, app, and tree.

Salt Watch- Take the pledge and collect data on your local waterways to monitor road salt effects.

<u>Record Your Squirrel Observations</u>-People of all ages are encouraged to contribute to Project Squirrel, a citizen science project that has been operating since 1997. Join Project Squirrel by recording squirrel observations, sharing squirrel stories, sharing squirrel photos, or contributing data to an experiment using food patches.

<u>Quercus Quest</u>- is investigating how this exchange of genetic material allows oaks to adapt to new environments, and how oaks then shape the populations of insect and fungal species that depend on them. Your data collected as part of this campaign will be used to understand the relationship between climate and leaf and flowering phenology in eastern white oak, bur oak, and their relatives.

Other Citizen Science Programs

# **Upcoming Community Activities:**

### Friday, December 1

What's Bugging You First Fridays-12 to 12:30pm virtual presentations on practical solutions to pest problems. In this monthly virtual series, we'll explore timely topics to help you use integrated pest management (IPM) to avoid pest problems and promote a healthy environment where you live, work, learn and play. What is IPM? It's a wholistic approach that uses different tools and practices to not only reduce pest problems, but to also address the reasons why pests are there in the first place. Each month, our speakers will share practical information about how you can use IPM. Details and registration information can be found at:

https://nysipm.cornell.edu/whats-bugging-you/first-friday-events/. Topic is Houseplant IPM/Firewood pests.

**Birds, Boots and Brews-** 6 to 9pm at Pearl Street Brewery. Join Buffalo Audubon and Outside Chronicles for socializing and a photo auction.

### Saturday, December 2

**Erie County Parks Golf History Seminar**-10am at <u>Grover Cleveland Golf Course</u> <u>- Clubhouse.</u> Join Ranger Nikki for a history seminar about your Erie County Park Golf Courses! Learn about Grover Cleveland and Elma Meadows past, present and future in this presentation! <u>Register for Erie County Parks Golf History Seminar ~ Grover Cleveland Golf Course ~ </u>

**Olmsted Parks Invasive Species Volunteer Work-** Delaware Park, 9am to noon. For more information and to sign up, visit <a href="www.bfloparks.org/volunteer">www.bfloparks.org/volunteer</a> or reach out to Munson at <a href="mailto:Kristie@bfloparks.org">Kristie@bfloparks.org</a>.

**Garden Education series at Graycliff**-10:30am. A new Garden Education Series is being held by <u>Graycliff</u>, home to historic gardens designed by Frank Lloyd Wright with contributions from Ellen Biddle Shipman, pioneering landscape architect. Each session will run 60 to 90 minutes. The series will be held at the Graycliff Estate, 6472 Old Lakeshore Rd., Derby. The cost is \$30 per gardener and \$20 for Graycliff members. Space is limited to 15 participants per session. Topic is Winter Plant Identification. <u>Info to register.</u>

**Stroll at the Falls Series-**02:00 PM - 03:30 PM at <u>Niagara Falls State Park</u>. This weekly series will have a different theme each week covering topics from natural sciences to history and industrialization! Registration Required on <u>Eventbrite.com</u>.

**All Day Tifft Trails Adventure-**9:30 AM - 2:30 PM. Ready to hike almost ALL of Tifft's Trails in a single day? Grab your day pack and a comfortable pair of shoes to be guided on almost every trail at Tifft. We'll walk through woodlands, wetlands, and grasslands. Bring your own lunch for a 30-minute break in the Center. This tour is for guests with the endurance to walk all day at a casual pace on a few miles of mostly flat but some sloped trails. Ages 12+, \$15 per person\*, <u>Tickets.</u>

**Woods Walk: Nature Guide's Choice**-11am. Join a guided nature walk through the woods. Reinstein Woods Nature Preserve. No registration required.

**WNY Young Birders Club-** 2pm – 4pm at Buffalo Museum of Science, 1020 Humboldt Pkwy, Buffalo, NY WNYYBC members will enjoy a special open house look at the avian collections at the Buffalo Museum of Science (Join today at <a href="https://www.wnyybc.org/join!">https://www.wnyybc.org/join!</a>! ## Tuesday, December 5

**Imagine Lecture Series-** 12:30 to 1pm. <u>Zoom link.</u> Theme: "<u>IMAGINE Greater Buffalo</u> as a Premier Cultural & Nature Center: Imagine Place-based Lifelong Learning".

Climate Resilience for an Aging Nation- 1:00 ET webinar. From heat waves to hurricanes to floods, it is older adults – people aged 65 or older – who are most likely to die during natural disasters. And by 2034, the U.S. will have more people over 65 than under 18. The country is not prepared to meet the needs of older adults in the face of an increasing number of disasters fueled by a changing climate. Danielle Arigoni uplifts the often-ignored needs of older Americans in her new book Climate Resilience for an Aging Nation. Arigoni outlines how to create safer, more livable communities in a changing world by integrating aging considerations into community planning and disaster preparedness efforts. Danielle will discuss the unique needs of older adults and how to meet the challenges they face through new planning approaches, including an age-friendly process and a planning framework dedicated to inclusive disaster recovery. She'll highlight case studies of age-friendly resiliency in action. Register for "Climate Resilience for an Aging Nation"

Free Online Educator Workshop: Exploring Ocean Mysteries-Register now: 6:30-8:00 pm ET. The lessons connect Ocean Literacy with NGSS using the Ocean Literacy Handbook, particularly the Ocean Literacy Framework, which is made up of the Ocean Literacy Guide, the Ocean Literacy Scope and Sequence for Grades K-12 and the Alignment of Ocean Literacy to the Next Generation Science Standards (NGSS).

### Wednesday, December 6

Register at <a href="https://explorebuffalo.org/events/brains-grains-explore-buffalo-trivia-at-duende/">https://explorebuffalo.org/events/brains-grains-explore-buffalo-trivia-at-duende/</a>

### Thursday, December 7

**GObike's annual Solstice Soirée!-** (Purchase tickets here.) We will be in the brand new, BEAUTIFUL West Side Bazaar at 1432 Niagara Street with plenty of room to welcome more guests than ever before! 6 - 9 PM (remarks at 7:30 PM) to raise a glass to the past year's successes, look ahead to 2024, and honor those working alongside us to build a happier, healthier region.

In the Life of Monarchs East of the Rockies: Biology and the Great Migration- 1:00 PM - 2:00 PM ET Webinar. Dr. Ray Moranz will begin by presenting on the basic aspects of monarch biology, including the life cycle, the use for milkweeds as host plant, the incorporation of cardiac glycosides as a chemical defense, and the vulnerability of this species to various predators, parasites, parasitoids and diseases. However, the heart of the talk will be on monarch migration, and how monarch biology changes in fascinating ways from month to month as they move from one region of North America to another. He will do his best to provide information relevant to people from Saskatchewan to Mexico City, and from Nova Scotia to Cuba, and everywhere in between. He will conclude by talking about some things you can do to help monarchs where you live. Register.

Wellness Walks-10am to noon. Drop by Tifft Nature Preserve every Thursday and join us for a casual volunteer-led tour of the Preserve. Ages: All Ages, Cost: FREE. Please call 716.825.6397 to confirm walk will take place.

Nuclear Energy Unveiled-A three-part webinar series: First Up Gen III+ Reactors -11am. Register.

BMC Speaker Series: Maid of the Mist- 6pm at BriarBrothers Brewing Company - 50 Elk St, Buffalo, NY 14210. Maid of the Mist hit the waters of the mighty Niagara in 1846 with a twin-stack sidewheel steamboat. In 1885, the boats evolved to singlestack steamers that ventured closer to the Horseshoe Falls than any boat ever had before. In 1955, the first modern Maid of the Mist boat entered the river, made of steel and powered by twin diesel engines. Today, there are two zero-emission vessels used to transport visitors to and from the majesty that is Niagara Falls. Join Chris McKay and John Sicinski of the Maid of the Mist as they discuss the history of the boat and the operation in place today and answer questions about this cultural icon. For tickets/info-https://buffalomaritimecenter.org/events/

### Friday, December 15

to: <a href="https://www.buffalogardens.com/collections/events/products/poinsettias-after-dark-dimensions">https://www.buffalogardens.com/collections/events/products/poinsettias-after-dark-dimensions</a> for the complete list of dates, more information and E-tickets.

### Sunday, December 24

**Poinsettia exhibit at the Botanical Gardens: Dimensions-**10am to 4pm, included with admission. Take a break from the cold and step into the warm embrace of the conservatory of the Buffalo and Erie County Botanical Gardens, 2655 South Park Avenue, Buffalo. Featuring thousands of brilliant poinsettias, from Christmas Joy Reds to Princettia Pure Whites, the colors of the season are sure to brighten your mood.

## Monday, December 25

Happy Holiday!

## Tuesday, December 26

**Poinsettia exhibit at the Botanical Gardens: Dimensions-**10am to 4pm, included with admission. Take a break from the cold and step into the warm embrace of the conservatory of the Buffalo and Erie County Botanical Gardens, 2655 South Park Avenue, Buffalo. Featuring thousands of brilliant poinsettias, from Christmas Joy Reds to Princettia Pure Whites, the colors of the season are sure to brighten your mood.

### Wednesday, December 27

**Family Full Moon Walk**-6:30pm. Enjoy a peaceful evening looking for winter animals under the light of the full moon. Reinstein Woods Nature Preserve. Registration required; call 716-683-5959.

**Solar Eclipse Safety Training-**1:00 PM - 2:00 PM at the Buffalo Science Museum. The April 8, 2024 Total Solar Eclipse is coming in a few short months! Our communities will need as many trained volunteers as possible when the eclipse arrives. This hands-on workshop will teach you how to view the eclipse without the danger of damaging the eyes or affecting vision. We will discuss how the eclipse will unfold in detail so that you can guide others as to what to expect and how to prepare. A variety of safe eclipse viewing methods will be explained and demonstrated. No preregistration necessary, seats will be available until capacity is reached. Recommended for ages 12+, FREE with admission.

## Thursday, December 28

**Winter Wildlife Snowshoe Walk**-10:30am. Search for signs of animals while using snowshoes. We will walk if there is no snow. \$10 per person, \$7 for Friends members. Reinstein Woods Nature Preserve. Registration required; call 716-683-5959.

Wellness Walks-10am to noon. Drop by Tifft Nature Preserve every Thursday and join us for a casual volunteer-led tour of the Preserve. Ages: All Ages, Cost: FREE. Please call 716.825.6397 to confirm walk will take place.

### Friday, December 29

**Art in the Park :Wooden Winter Trees-**1:00 PM - 02:30 PM at <u>Evangola State Park.</u> Enjoy a seniors (62+) program to create your very own unique nature inspired art in the park! Registration required on <u>Eventbrite.com</u>.

Cabin Fever: Craft Day-2:00 PM - 03:00 PM at Niagara Falls State Park

Get out during the colder months and join us in the community room to make a few new crafts! Registration required on <a href="Eventbrite.com">Eventbrite.com</a>.

### Saturday, December 30

Evangola Christmas Bird Count- 10:00 AM - 11:30 AM at Evangola State Park

Join us on our annual Evangola Christmas bird count! We will be birding as a group. Both veteran and beginner birders welcome. Registration required on <a href="Eventbrite.com">Eventbrite.com</a>.

### Sunday, December 31

**Knox Christmas Bird Count\_** 10:00 AM - 11:30 AM at <u>Knox Farm State Park.</u> Join us for our annual Knox Christmas bird count! We will be birding as a group. Both veteran and beginner birders welcome. Registration required on <u>Eventbrite.com</u>. *Registration*: Required.

### Monday, January 1

**First Day Hike**-10am. Ring in New Year's Day with a hike led by a DEC Forest Ranger who will discuss how to prepare for any outdoor adventure. Reinstein Woods Nature Preserve. Registration required; call 716-683-5959.

### Wednesday, January 3

**GBNRTC Planning and Coordinating Committee (PCC) Meeting-**9:30am meeting will be broadcast live for public viewing on GBNRTC's Facebook Page facebook.com/GBNRTC.

# **Public Comments, Civic Engagement and Activism**

\*\*This section will share ways to engage and follow policy at the federal and state level. Voting is one action, but civic engagement requires us to share our views and desires with our elected officials.

**Contact elected representatives today!** You don't have to be an energy or climate expert to make a difference. <u>Get their contact info.</u>

- <a href="https://www.govtrack.us/congress/bills/subjects/environmental\_protection/6038">https://www.govtrack.us/congress/bills/subjects/environmental\_protection/6038</a> provides a listing of federal environmental legislation that is pending.
- <a href="https://legiscan.com/NY/pending/assembly-environmental-conservation-committee/id/365">https://legiscan.com/NY/pending/assembly-environmental-conservation-committee/id/365</a> provides a list of environmental legislation pending for the NY Environmental Conservation Committee.

# **Tips for the Environment:**

- Sustainably Decorate for the Season Use LED holiday lights and recycle used lights (not in recycle bins, but at home improvement stores), upcycle to make your own decorations including pinecones, leaves and other natural décor. Set a timer for your lights to minimize energy usage.
- Try some eco-conscious apps- Olio allows you to share more and use less, Good on You rates fashion brands, Think Dirty has safe household products, Too Good to Go reduces food waste by connecting restaurants/stores with consumers, Waterprint tracks water usage and Oreco has climate technology tools.

# **Ongoing Volunteer Opportunities Available**

Volunteer opportunities are available at local organizations for a one-time commitment for several hours to a regularly scheduled donation of your time. Websites are listed later in the newsletter. You can also create an account at <a href="https://filemaker.epd-pgh.com/fmi/webd/GreenGuardians">https://filemaker.epd-pgh.com/fmi/webd/GreenGuardians</a> to volunteer with registered organizations.

**Aquarium of Niagara-** Scuba-certified volunteers needed to clean the sea lion exhibit (without animals) once monthly. Other opportunities exist for education, exhibit maintenance and other tasks.

**AWARE** (Association for Wild Animal Rehabilitation and Education) - Volunteers needed for fundraising, grant writing, capturing and transporting animals to us or the veterinarians, public relations, construction of cages, begging for donations of materials and food (for the animals, not us) and for helping at our educational programs.

**Buffalo Audubon**- Volunteers wanted for Beaver Meadow Audubon Center, and For the Birds Niagara! Help with tour leading, office work, programming, grounds keeping and general maintenance. Every Wednesday 10am-2pm is Volunteer Day at Beaver Meadow. No need to register but bring a lunch. Call (800) 377-1520 for details.

**Buffalo Carshare-** This new non-profit has brought car-sharing to Buffalo. Volunteers are needed for office help and promotion. Contact them at <a href="http://www.buffalocarshare.org/volunteer.html">http://www.buffalocarshare.org/volunteer.html</a>.

**Buffalo Central Terminal**-Many different opportunities for people interested in helping to preserve this unique building-people with basic carpentry and repair skills, and those with plumbing or electrical skills, to work inside the building, as well as those interested in staffing events, assisting with fundraising, marketing, operating our gift shop, and other tasks. For info, check <a href="http://buffalocentralterminal.org/you-can-help/volunteer-with-the-ctrc/">http://buffalocentralterminal.org/you-can-help/volunteer-with-the-ctrc/</a>.

**Buffalo & Erie County Botanical Gardens**-Docents needed. Training is provided. Tours and hands-on lessons are scheduled in advance, so you may sign up for those that fit your schedule. Other opportunities to help are available too. For info, contact <a href="mailto:khammer@buffalogardens.com">khammer@buffalogardens.com</a>

**Buffalo Junior Solar Sprint**-If you are interested in helping run the JSS Buffalo event or are interested in finding out more about the Leadership committee, please contact jssbuffalo@yahoo.com.

**Buffalo Museum of Science** has volunteer and internship opportunities available for teens, college students and adults. For information, contact Monika McFoy, Director of Community Programs, at 896-5200, ext. 343.

Buffalo Niagara Waterkeeper- <a href="https://bnwaterkeeper.org/programs/volunteer/">https://bnwaterkeeper.org/programs/volunteer/</a> for opportunities.

**Buffalo Olmsted Parks Conservancy** will assign volunteers to specific clean up and planting projects throughout the summer. Learn more and <u>sign up here</u>

**Buffalo ReUse** can use volunteers for many things. To help, contact them at <u>volunteer@buffaloreuse.org</u>.

**Clean Air Coalition of WNY-**Help with mailings, phone calls, canvassing and Photovoice (documenting environmental challenges). To help, contact at 852-3813 or <a href="www.cacwny.org">www.cacwny.org</a>.

**Garden Walk Buffalo** helps to rejuvenate neighborhoods, helps make our neighborhoods more walkable, and has an incredible impact on Buffalo's image outside the region. For info, email <a href="mailto:GardenWalkBuffalo@yahoo.com">GardenWalkBuffalo@yahoo.com</a>.

**Global Justice Ecology Project-** volunteers needed for mailing and office support. <a href="https://www.dec.ny.gov/chemical/8799.html">https://globaljusticeecology.org/</a>

Go Bike Buffalo- If you're interested or want more information, info@gobikebuffalo.org

**Habitat for Humanity** needs volunteers to help impact lives of families in the city of Buffalo by building simple, decent homes. Call 204-0740 or <u>volunteer@habitatbuffalo.org</u>.

**Hawk Creek Wildlife Center** is seeking volunteers who would like to work with wildlife. 16 years or older. Call 716-652-8646. Email info@hawkcreek.org.

**HOME, Inc.** (Housing Opportunities Made Equal) seeks volunteers to work on various committees to further fair housing. For info/application, visit their website at <a href="https://www.homeny.org">www.homeny.org</a>.

**Iroquois National Wildlife Refuge-**lots of options here.

**Iroquois Observations** offers free nature programs in partnership with the Buffalo Audubon Society each spring and fall. Please contact Garner Light at <a href="mailto:glight@rochester.rr.com">glight@rochester.rr.com</a> for more information.

**Junior Solar Sprint Buffalo**- If you are interested in helping run the JSS Buffalo event or are interested in finding out more about the leadership committee, please contact jssbuffalo@yahoo.com

**Lead Safe Erie County** needs volunteers to help paint houses and prevent lead poisoning. For those who are interested, there is also free training for Lead Safe Work Practices Certification. Service learning students, block clubs and others are welcome. Call Mary at 716-833-2929, ext. 117.

**Massachusetts Avenue Project** needs volunteers from the 1st week in April through October on Saturdays from 10-1 PM. http://mass-ave.org/

**Olmsted Parks**-Volunteers are needed for tree plantings, special park events, office work and mailings. Please call (716) 838-1249 x. 33 for more info on becoming an Olmsted parks volunteer.

**Pelion Outdoor Classroom**-Volunteers needed for garden maintenance and youth education. Opportunities for school fieldtrips and intern engagement. <a href="https://www.peliongarden.org/">https://www.peliongarden.org/</a>

**Penn Dixie Paleontological and Outdoor Education Center-** Volunteers of all ages and backgrounds are needed. Have a few hours a month to help introduce children and adults to the natural sciences? Call (716) 627-4560.

Preservation Buffalo Niagara-Interns & volunteers welcome. www.preservationbuffaloniagara.org.

**Reinstein Woods Nature Preserve** offers a variety of volunteer positions as well as internships for college students. For more info, call 683-5959 or visit <a href="http://www.dec.ny.gov/education/1960.html">http://www.dec.ny.gov/education/1960.html</a>.

**Slow Roll Buffalo**- our volunteer squad serves in a wide variety of roles on Mondays and beyond, from planning routes and keeping the rides smooth to many forms of community outreach. submit an <u>application!</u>

**Tifft Nature Preserve** also needs volunteers for their programs, communications, fund-raising and other events. <u>716-825-6397</u> and <u>tifftreservations@sciencebuff.org</u>.

Western NY Land Conservancy- trail clearing, mailings, technical research and citizen scientist projects.
