

Student Affairs

*This message has been approved for distribution as part of the Daemen College's COVID-19 official response.*

Dear Students,

As we enter the final weeks of spring classes, I hope you are staying healthy and doing well in your online courses. For those who are using the RIC during hours of operation, please be aware that a construction project on the second floor will get underway on Monday, April 20. We are pleased to have the opportunity to move forward with this project, which is considered essential for health care/medical education at Daemen.

Project work will be done from 7 a.m. to 3:30 p.m. Monday through Friday. The project will be completed with as little disruption as possible but you may wish to have noise canceling headphones with you or pick up earplugs from the RIC desk to use as needed.

The RIC will remain open throughout the project. You may also access library services online.

During this time, every precaution will be taken to ensure the health and safety of our Daemen community and those who are working on the project. We appreciate your understanding as we move ahead with this important initiative.
