

# Enviro-News

January, 2016

Sponsored by Daemen College's Center for Sustainable Communities and Civic Engagement and Global & Local Sustainability Program

## Newsletter Contents:

- Articles- including events, courses, local news, grants, positions
- Upcoming Activities
- Tips to Help the Environment; Lesley Haynes' column
- Volunteer opportunities, recycling, CSAs and farms, organization links

## Articles:

### Paris Unfiltered

The Sierra Club Climate and Clean Energy Writers Group will meet on **Monday January 4** from 6 to 7:30 PM in the Alliance Room - 2nd floor of the Unitarian Universalist Church - 695 Elmwood at Ferry (Use the Garden Entrance). This month's session will feature Sandy Chelnov and UB Law students Alyssa Erazo and Andrea DiNatale who will tell of their experience at the Paris Climate talks. This event is free and open to the public. Contact [billnowa@gmail.com](mailto:billnowa@gmail.com) for info.

### Call For Citizen Scientists: Hemlock Woolly Adelgid Training

Do you enjoy the great outdoors and want to help protect it? Join the Roger Tory Peterson Institute in Jamestown on **Thursday, January 7th** at 6pm for a training session on the Hemlock Woolly Adelgid (HWA), an invasive insect that is threatening our local forests. Find out what damage this bug is causing, what is being done to combat this unwanted visitor and how you can get involved! Questions? Contact Elyse Henshaw, RTPI Conservation Technician, at [ehenshaw@rtpi.org](mailto:ehenshaw@rtpi.org). This winter season we will have a series of field surveys in which the public is invited to join and work alongside Roger Tory Peterson Institute, Chautauqua Watershed Conservancy and Jamestown Community College researchers, conservationists and professors. As we all know, Western New York winter weather can be rather snowy and cold. Individuals interested in participating in surveys should be prepared for the weather with warm clothing and boots. Snow pants and snow shoes or cross country skis are highly recommended when snow pack is deep. Info at <http://rtpi.org/events-exhibits/upcoming-events/>

### Classes for Wilderness and Outdoor Activities

Paths, Peaks and Paddles is offering several courses this winter to prepare you for outdoor activities. Their offerings include "Wilderness and Remote First Aid", "Introduction to Snowshoeing", and "Introduction to Kayaking". Several courses are offered in conjunction with Williamsville Community Education, but open to anyone. For dates, costs and registration, visit <http://www.pathspeakspaddles.com/events.php>

### Certified Nursery and Landscape Professionals Day and Education Trade Show Conference

The annual Certified Nursery and Landscape Professionals Day and Education Trade Show Conference will be held on **Thursday, February 4 and Friday, February 5**. The event will be held at Salvatore's Italian Gardens Restaurant 6461 Transit Rd Depew. The Friday keynote speaker is Dr. Allan M. Armitage. Dr. Armitage is a perennial guru; author of several books including *Herbaceous Perennial Plants*, *Armitage's Garden Perennials* and *Armitage's Native Plants for North American Gardens*. For info, visit [conference](#)

## Horticulture Classes at the Botanical Gardens

Get a jump on spring with horticulture classes at the Buffalo & Erie County Botanical Gardens. The classes are \$105 (members)/\$130 (non) for the series or may be taken for \$22/\$27 per class. Classes begin **February 20**. For a full listing, visit <http://www.buffalogardens.com/collections/adults/products/horticulture-iii-winter-2016>

### Wild About You!

How do you treat your special someone? How about an intimate dinner for two on Valentine's Day at the Buffalo Zoo. Enjoy a candlelit dinner catered by Frontier Catering and be serenaded by a string quartet, while surrounded by our exotic animal collection. For \$150 per couple, you will enjoy a three-course dinner for two, wine, entertainment, a special gift, and personal visits from Zoo animals. Dinner will be served on **February 13 and 14**. Tickets can be purchased online [CLICK HERE](#) or by calling 716-995-6133. Seating is limited.

### Arctic White Out 2016

Winter is cool as at the inaugural Arctic White Out on **February 18**, a fundraising cocktail party for the Buffalo Zoo at the Buffalo Niagara Convention Center. Take a break from your winter hibernation with some ice melting fun in the city. Enjoy a complimentary welcome cocktail and hors d'oeuvres provided by the Buffalo Niagara Convention Center. The event will also feature live music, dancing, a basket auction, and other wintry surprises. There is no better way to thaw out and support the Buffalo Zoo! Limited VIP tickets will be available for sale and include a VIP area with open bar from 6 - 8 p.m. Winter white attire is encouraged! [CLICK HERE FOR TICKETS](#). Please note: this is a 21 and older event. Sponsored by Try-It Distributing, MASH Urgent Care, and M&T Bank .

### Erie County Rain Barrel Painting Contest Entries Now Open!

The Erie County Department of Environment and Planning is proud to announce the **2016 Rain Barrel Painting Contest** for schools and student-based community groups in Erie and Niagara counties in honor of Earth Day 2016! All are encouraged to enter as a team, either through a class or an after-school program. The team will design and paint a rain barrel provided by the Coca-Cola Bottling Company of Buffalo, Inc. for the theme, *Rain Barrels – Every Drop Counts!* The Coca-Cola Bottling Company of Buffalo, Inc. is awarding generous cash prizes for the three winning barrel designs at our annual Earth Day celebration in April, 2016. Student participants will also receive a prize pack from The Buffalo Sabres Green Team. All participating schools will receive their final painted rain barrels to use, donate or raffle as desired. We encourage teachers to incorporate environmental lessons in the classroom wherever possible on conserving resources, stormwater pollution prevention, and reusing materials for a sustainable planet. **This contest is limited to the first 50 entrants. Please register ASAP if you are at [Erie County Rain Barrel Painting Contest](#).**

### Turn your old electronics into funds to support Camp Good Days & Special Times!

Sunnking, in partnership with Camp Good Days and Special Times, has created a program entitled E-Scrap for Camp to turn old electronics into funds to help improve the quality of life for children, adults and families whose lives have been touched by cancer. Business and organizations in the Buffalo and Rochester area are encouraged to sign up to collect electronics for a one week period during the month of March 2016. Sunnking will provide boxes to collect electronics, and will pick them up for free! For every pound recycled from your organization, a portion of the proceeds will be donated to Camp Good Days to fund future programs. The deadline to sign up your organization is **February 12, 2016**. Register at <http://www.sunnking.com/business/e-scrap-for-camp/>

### Beerology

The Buffalo Museum of Science popular fundraiser "Beerology" is scheduled for **March 5, 2016** from 7 to 10pm. The event features beer tastings, lectures, homebrewing presentations, an exclusive VIP room, and more. Tickets are \$35 for members, \$40 for non-members and \$60 for VIP through January 31. All prices increase \$5 on February 1, so get your tickets early! [Learn More](#)

## **Environmental Excellence Awards Program**

The Erie County Environmental Management Council (ECEMC) Environmental Excellence Awards Program recognizes exceptional projects carried out by municipal and non-profit organizations in Erie County that stand to have a significant and lasting positive impact on the natural environment. The program is sponsored by the Erie County Environmental Management Council (EMC) and is designed to showcase and promote projects that can be replicated in communities across Erie County and beyond. If you represent a municipal government or non-profit organization in Erie County that has recently completed a project that has environmental benefits, we invite you to nominate your project for consideration in this year's Environmental Excellence Awards Program. Projects could be in the areas of Planning & Design, Land Use and Zoning, Natural Resource Protection, Air and Water Quality, Ecosystem Health, Energy and Transportation, Agriculture and Forestry, Solid Waste Management, Contaminated Sites, Community Action & Education, Climate Change or any other related subject area. Environmental Excellence Award nominations are due by **March 1, 2016**. Nominations are evaluated by a panel of reviewers from the ECEMC, with winners announced during Earth Week (April 2016). Please request an application from Bonnie Lawrence at [Bonnie.Lawrence@erie.gov](mailto:Bonnie.Lawrence@erie.gov).

## **Save the Date: 2<sup>nd</sup> WNY Sustainable Business Expo**

The WNY Sustainable Business Roundtable will hold their Sustainable Business Expo on **March 10** at Adam's Mark Hotel from 3-7:30pm. Exhibitor registrations are being accepted; this is a great opportunity to display your 'green' services and products to WNY businesses. If you are interested in exhibiting at the EXPO please [click here](#). The Keynote Speaker will be Andrew Winston, author of "The Big Pivot: Radically Practical Strategies for a Hotter, Scarcer, and More Open World".

## **Buffalo Bike Share**

Need a bike to get around downtown or UB? Buffalo Bike Share has different options to provide you with easy access to a bicycle. Check out their location map at <https://buffalo.socialbicycles.com/#map>. You can sign up online at the site and book your next reservation.

## **Climate Smart Communities - Compact of Mayors Challenge**

The Compact of Mayors is a global coalition of mayors and city officials that have pledged to reduce greenhouse gas emissions and enhance resilience to climate change. President Obama has challenged all mayors to commit to a climate action and has set a goal of at least 100 U.S. cities signing onto the compact by the end of November. Two New York cities – New York City and Climate Smart Community Rochester – have already signed on. The Office of Climate Change encourages all Climate Smart Communities to consider joining the Compact. For more info, see <http://www.compactofmayors.org>.

## **Online Boating Safety Course Available**

An "Online Boating Safety" course now provides an option to the 8 hour classroom-based course. Anyone born after 1996 needs a boating safety certificate before operating a motorboat. Info on the course is available at <http://parks.ny.gov/recreation/boating/boating-safety-class.aspx>.

## **"Disruption"**

"Disruption" explores the science, the shattered political process, the industry special interests and the civic paralysis that have brought us to our current climate disruption. The film takes us behind-the-scenes of efforts to organize the planet-wide climate rally during the UN World Climate Summit. We are living through an age of tipping points and rapid social and planetary change. We're the first generation to feel the impacts of climate disruption, and the last generation that can do something about it. The film enlarges the issue beyond climate impacts and makes a compelling call for bold action that is strong enough to tip the balance to build a clean energy future. View it at <http://watchdisruption.com/>

## **Food not Bombs**

Buffalo Food Not Bombs prepares shares a free vegan meal with anyone who is hungry at Lafayette Square on Mondays and Saturdays from 1 to 2 p.m. Volunteers are ALWAYS welcome! Food Not Bombs shares food as a form of political protest, drawing attention to the fact that society fails to provide food and housing for all people, while hundreds of billions of dollars are given to fund wars and state violence. For info, [foodnotbombs](http://foodnotbombs.com)

## **ReUse Action: Recycling Building Materials**

ReUse Action seeks reclaimed building materials to sell at their retail location at 980 Northampton St., Buffalo. They also are interested in salvage opportunities. The store is open from 9am to 4pm on Tuesdays, Fridays and Saturdays. Visit <http://www.reuseaction.com/> for more info on materials available and sought.

## **Aquarium of Niagara Special Programs**

Three different opportunities at the Aquarium of Niagara allow you to have a unique visit with interactions with marine wildlife. They offer “Meet a Seal”, “Meet a Penguin” and “Behind the Scenes Tours”. Age limits and advance reservations are required for these special programs. Call 716-285-3575, ext. 206 for reservations.

## **NOFA-NY Conference in Saratoga Springs**

In January 2016, NOFA-NY will hold its 34th Annual Organic Farming & Gardening Conference from **January 22-24** in Saratoga Springs. The theme for the conference—“Good Hard Work: Ecosystems, Economics, Energy & Equity”—honors farmers and farmworkers and the invaluable positive impact organic farming has on the world. To inspire thought and discussion, Rosalinda Guillen, executive director of Community to Community Development, will be the keynote speaker. Rosalinda is known for her efforts to build a broader base of support for rural communities and sustainable agriculture policies that ensure equity and healthy communities for farm workers. For conference agenda and registration, visit [www.nofanyconference.org](http://www.nofanyconference.org).

## **University at Buffalo’s 2016 Ecosystem Restoration Summer Workshops**

The University at Buffalo (UB) is offering three summer workshops on topics related to stream restoration. Workshops are scheduled for June 2016 at UB’s North Campus in Buffalo, NY. Workshops offerings are: 1) Aquatic & Terrestrial Invasive Species Management (June 3); 2) Fundamentals of Stream Channel Design (June 6-7); and 3) Watershed Management Planning, Assessment, and Monitoring (June 8-9). Workshops are geared toward graduate students and environmental professionals. More info is available at <http://www.erie.buffalo.edu/trainingSummerCoursemainpage.php> and registration will be open in early 2016.

## **New Long-Term Extension of Wind and Solar Tax Credits**

The Consolidated Appropriations Act, 2016 signed into law in December, 2015 re-enacts the production tax credit (PTC) and investment tax credit (ITC) for wind energy projects and modifies and extends the 30% ITC for solar energy projects. The Act generally provides a five-year extension, with a step-down in the amount of credit available depending on when construction of a project commences. For more info, [read](#).

## **Power from Evaporation**

Professor Ozgur Sahin at Columbia University has demonstrated that evaporating water can be used to generate power. This could open up the possibility of another form of renewable energy, which would be cheaper than solar and wind. Sahin’s team has used soil bacteria spores which expand, much like a muscle, when there is moisture in the atmosphere, and contract in drier conditions. When the spores are coating a flexible surface, the mechanical energy from their expansion and contraction can be converted into electricity using a coil and magnet. For more info, visit <http://bit.ly/1YGqeIG>.

## **United Nations Climate Change Interactive Guide**

To accompany the COP 21 talks in Paris, the United Nations has published an interactive guide on the Framework Convention on Climate Change. This resource includes background on the science of climate change as well as a history of international policy and discussion of ongoing negotiations. Check it out at <http://bigpicture.unfccc.int/>.

### **Permaculture Videos-See it in Action**

An online video series allows you to see permaculture sites and gain a better understanding of what is involved. Check it out at <http://www.openpermaculture.com/experience-permaculture-site-visits>.

### **“Nature is Speaking”**

Check out the short films in the “Nature is Speaking” series. Celebrities have narrated the beautifully filmed pieces to raise awareness about our human impact on our environment and our reliance on nature. <http://www.conservation.org/nature-is-speaking/Pages/default.aspx>. Kevin Spacey’s “The Rainforest” is particularly well done.

### **Pacific Institute for Climate Solutions Offers Online Climate Courses**

Climate Insights 101 is a short course series designed to provide users with an in-depth understanding of climate science and related issues. Climate Insights 101 is produced as a series of modules, each with several animated lessons. To learn more, visit: [courses](#).

### **Hiking, Biking and More with ADK**

Are you looking for others for hiking and/or biking trips or other ways to enjoy the outdoors? Check out the Adirondack Mountain Club calendar for events. Their current newsletter is available at [newsletter](#).

### **New Federal Toolkit Provides Guidance for Citizen Science Programs**

The recent Open Science and Innovation Forum at the White House launched the release of the Federal Crowdsourcing and Citizen Science Toolkit. The Toolkit provides guidance for federal agencies to design, carry out, and manage citizen science projects. [Learn more about the new toolkit](#).

### **Cool Harvest Resource for Climate Change & Diet**

Cool Harvest is a food faith and climate program. Food is central to religious life – from rituals to sacraments to soup kitchens – and looking more carefully at our food choices can be a revealing exercise. CoolHarvest.org has tips and resources to walk you through this, so you can make healthier and more sustainable food choices for your congregation and community. You will also find climate table blessings, tips for hosting a “Cool Potluck” in your community, a guide for building your own raised beds, and much more. Visit <http://www.coolharvest.org/> for tips.

### **Educational Talks: Home Energy Savings**

Willie A. Price is a certified N.Y.S. Minority Business Enterprise (MBE) that provides educational programming to businesses, schools and organizations. Their housing workshop: “Preparing Your Home for Winter” (The 2 Finger Approach to Energy Savings”) is a hands-on introduction of energy saving techniques that can be performed by the presentation attendants. They also offer “No Dream is Impossible”, a program which helps participants develop their own road map to building their self-esteem and self-awareness. The program population ranges from middle school youth to adults. For info, visit <http://www.willieapricespeaks.com/>

## Free National Park Pass for Every 4<sup>th</sup> Grade Student

To help engage and create our next generation of park visitors, supporters and advocates, the White House, in partnership with the Federal Land Management agencies, launched the Every Kid in a Park initiative. The immediate goal is to provide an opportunity for each and every 4th grade student across the country to experience their federal public lands and waters in person throughout the 2015-2016 school year. Beginning September 1st all kids in the fourth grade have access to their own Every Kid in a Park pass at [www.everykidinapark.gov](http://www.everykidinapark.gov). This pass provides free access to national parks, national forests, national wildlife refuges, and more! The Every Kid in a Park pass is good for the 2015-2016 school year, until August 31, 2016.

### Bird App Available

Audubon has released an updated version of the [Audubon Bird Guide app](#) and it's now free to bird lovers nationwide. With 821 species profiles and 3200-plus world-renowned bird photos, Audubon's award-winning app instantly turns any mobile device into the most trusted field guide in North America. To download the Audubon Bird Guide, go to: [www.audubon.org/apps](http://www.audubon.org/apps). The free app also provides a great new way to engage more people in becoming active participants in conservation action. [Find a toolkit](#) of resources on Audubon Works to help you share the free app with your members and supporters. The toolkit includes tips and tricks for using the app, email and social copy and images, ecards, a poster, and a captivating video.

### Free Online Course Covers Drought in America and Actions to Conserve Water

National Environmental Education Foundation has recently launched a free online course devoted to helping the American public understand the science of drought and its impacts, today and in the future. To help the public respond, the course also provides actionable steps individuals can take to reduce their water usage. The course draws on the expertise of trusted agencies and organizations, including NOAA's National Weather Service and Climate.gov, the U.S. EPA's WaterSense program, the National Drought Mitigation Center, and NASA's Goddard Institute for Space Studies. The Dealing with Drought course can be found at: <https://www.udemy.com/dealing-with-drought/>.

### NY Conservationist for Kids Features Green Chemistry Issue

The Fall 2015 *New York State Conservationist for Kids* issue explores three important concepts strongly linked to the future of our environment and natural resources: green chemistry, sustainability, and biomimicry. By understanding and using these concepts, we can take inspiration from nature and also help to protect it. It can be accessed at <http://www.dec.ny.gov/education/103670.html>.

### Green Ribbon Schools Application Deadline Nears

Most participating state education authorities have winter submission deadlines for 2016 U.S. Department of Education Green Ribbon Schools (ED-GRS), with nominations due to ED by **Feb. 1**. Schools and districts should contact their [state education agencies](#). Schools, districts, and postsecondary institutions are only eligible if nominated by state authorities. Hearing from interested applicants may be helpful to those states considering participation. State education authorities can find updated [criteria](#) and other state implementation [guidance](#) on our website and may contact [U.S. Department of Education Green Ribbon Schools](#) for more information.

## Teacher's Resources

[Cool Science Jobs](#) provides real stories about “cool” jobs using science to help inspire the next generation. They also include vocabulary and can be used as mini-lessons in the classroom.

[The Story of Climate Change](#), an interactive textbook for Grades 5-8 is available for download with iBooks on your Mac or iOS device. Students watch glaciers melt, dive into the world's coral reefs, and explore bike-share programs all from their tablet! The Story of Climate Change is the first interactive iTextbook for middle school students.

[Think It Up](#) invites public school students in grades 7-12 to develop student-powered, teacher-led, crowdfunded learning projects that address real-world problems, generate new ideas, and prepare for 21st-century challenges.

[Keep Wild Animals Wild](#) lesson plans, videos and worksheets provide everything educators need to introduce students to what makes wild animals wild, why wildlife trade is a big threat not just to animals and ecosystems, but to people too, and how to help keep wild animals wild.

[Black bear curriculum](#) - provides of free multimedia resources on black bears for educators and students.

[Climate Jam Games](#) provide fun resources for students.

[Sustainability in Schools Simulation Game](#)- The Education for Sustainability program has designed a simulation game to show how to identify sustainability related projects that make financial sense and weave them together into a coherent strategy that takes advantage of synergies. It also shows how to use those projects in curriculum.

[12 Pathways to Greening Your School](#) is designed for you to use September - June (1-10) with two serving as year-round learning tools. But, you can put them in any order that aligns with your program. If you'd like to have access to all of these Pathways please become a [FREE MEMBER NOW!](#)

[Faces of EPA](#)-Learn about careers in the EPA and get to know EPA staff. The videos spotlight employees ranging from special agents, to ocean explorers, and others as they explain their career paths and passion for their work.

[Living Schoolyard Month DIY Lake Science App](#)-Investigate freshwater ecosystems where you live with this new DIY Lake Science App from UC Berkeley's Lawrence Hall of Science, funded by the National Science Foundation. The field adventures include making a viewscope to look for underwater plants and animals and crafting a Secchi disc used in measuring water clarity. The app also includes indoor activities.

[Project Localize](#) is a customizable curriculum for students and teachers to explore sustainability locally while building knowledge and skills in research, math science, digital technologies, and art through project-based learning. Students participate in field trips to visit local food producers as they employ journalistic practice in gathering the information for their artwork.

[Dr. Seuss's The Lorax activity book](#) is one of EPA's most highly sought after publications and is available for free to schools and classrooms around the country.

[Energy Research and Education Mapping Tool](#) is a free online mapping tool that allows users to map existing and potential energy resources in the 39 states in the eastern United States. Users can run site-suitability analyses for biomass, solar, water, wind, natural gas, geothermal, and nuclear power development, map existing energy resources and environmental characteristics that impact energy development, create a custom map of their region using an extensive database of mapping layers, and search over 2,000 related policies and incentives.

[Essential Lens: Analyzing Photographs Across the Curriculum](#) is a multidisciplinary professional development resource for middle and high school teachers about photography's role in documenting history, change and hidden worlds. Climate change, environmental issues, microbiology, earth and space science, and history are among the subjects investigated through photography.

[Raptors in the City](#) is a real-time, inquiry-based science and technology program that stars the peregrine falcon. The peregrine has recovered from near extinction and was removed from the List of Endangered Species in 1999. The online portion of Raptors in the City guides children through nesting season as they watch the still rare falcons live via cameras mounted on a skyscraper.

[Getting the Picture: Our Changing Climate](#)-The adventures of scientist-photographer James Balog and the Chasing Ice team come to life in a newly released climate science education resource which provides a unique, interactive, multimedia experience for students and educators to learn about the latest climate science and witness real-world changes occurring around the world.

[SMILE: New STEM Activities for Educators](#) is an award-winning, free access collection of nearly 4,000 STEM education activities. Many activities are grouped by topics with environmental themes including energy, climate, life sciences, and ocean literacy. Activities are also aligned with standards and principles such as the Climate Literacy Principles, Ocean Literacy Principles, and U.S. DOE Energy Literacy framework. Hundreds of SMILE activities are free, and thousands are low-cost and use readily available materials.

["Wild about Birds"](#) -The first of three new topics for the 2014-15 school year, "Wild about Birds" is focused on the science of birds, including their characteristics and adaptations, habitat needs, migration, and life cycles.

[Brazil and the Amazon - Wildlife Film Script Activity \(7-11 years\)](#): Children will be introduced to the topics of Brazil and the Amazon before using fact sheets to research and write a script for their own wildlife film about an endangered species from the Amazon.

[Technology in Environmental Education Course](#)-This eight-week (self-paced) online course is designed to get you up and running with technologies you can use immediately in your organization and environmental programs. Choose the technologies you want to learn. You can focus on mobile and non-mobile tools to enhance your education programs, or focus on social media apps for marketing your programs. Or you can focus on both!

[New Enviro App: Habitat the Game](#)-The Wildlife Conservation Society and Rainforest Alliance have created this new app for kids to save virtual endangered species and reduce their carbon footprint while on real-life missions. Designed for seven to 12 year-old players, Habitat encourages care of virtual endangered animals while they earn points by completing real-life missions, like recycling or visiting a park or zoo.

[Free ArcGIS for K-12](#) -Esri is providing free ArcGIS Online subscriptions for instructional use for all K-12 schools in the United States as part of the White House's ConnectED initiative. Resources to help schools get started with ArcGIS Online are available [here](#).

[Teaching Climate Change Using the National Climate Assessment Report](#)- Corn producers in Iowa, oyster growers in Washington state, and maple syrup producers in Vermont are all observing climate-related changes that are outside of recent experience. Decisions we need to be making to do something are highlighted [here](#)

[PlanetExplore](#)-Find outdoor activities and events in your area through this portal to the outdoors designed to inspire and enable people of all ages to become regularly active outside, and to gain a connection to nature.

The [CLEAN](#) (Climate Literacy and Energy Awareness Network) collection is a searchable database for teachers to find online activities, videos, and graphics on climate and energy education. Teachers may sign up for the newsletter with updates on educational policies, discussions with experts, events, and weekly telecons.

[Green Technology: Sustaining the Earth](#) is designed for Grades 6-12 . Use this interactive activity to offer your students an overview of innovation in green technology and insight into various areas of research within the field. ["Appetite for Adventure: Exploring Global Food Sustainability"](#)-Green Living Project is proud to announce our new school assembly program. This standards aligned, multimedia presentation will showcase cutting-edge sustainable food projects from around the world, introducing students to the local and global connections between food production, consumption, and climate change.

[Architecture 2030](#) is appropriate for Grades 9-12. Learn about this architect's efforts to protect the environment by changing the way buildings are planned, designed, and constructed.

[Affordable Green Housing](#) is designed for Grades 9-12 to consider the role habitat plays in fostering diverse, vibrant social structures in well-designed, integrated communities.

[Birds Without Borders](#) involves kids in investigations using eBird and other datasets and culminates in their devising conservation initiatives based on themes in Partners in Flight's *Saving Our Shared Birds* report. Includes two free downloadable lessons, one on the ecological role of birds and the other on conservation planning.

[Bird Sleuth](#) for K-12. Kits and resources for learning more about birds.

## Contests and Awards

[Erie County Rain Barrel Painting Contest](#) for schools and student-based community groups in Erie and Niagara counties in honor of Earth Day 2016! All are encouraged to enter as a team, either through a class or an after-school program. The team will design and paint a rain barrel provided by the Coca-Cola Bottling Company of Buffalo, Inc. for the theme, *Rain Barrels – Every Drop Counts!* The Coca-Cola Bottling Company of Buffalo, Inc. is awarding generous cash prizes for the three winning barrel designs at our annual Earth Day celebration in April, 2016. Student participants will also receive a prize pack from The Buffalo Sabres Green Team. All participating schools will receive their final painted rain barrels to use, donate or raffle as desired. We encourage teachers to incorporate environmental lessons in the classroom wherever possible on conserving resources, stormwater pollution prevention, and reusing materials for a sustainable planet. Contest limited-register early.

[Nutrient Recycling Challenge](#)- The U.S. Environmental Protection Agency is partnering with pork and dairy producers, USDA, and environmental and scientific experts to host a competition to find technologies that can recycle nutrients from livestock waste and create valuable products. The Nutrient Recycling Challenge is seeking ideas for cost-effective technologies that extract nutrients (nitrogen and/or phosphorus) from cow or hog manure and concentrate them into a usable and potentially marketable form. Concept papers are due **January 15, 2016**.

[Global Goals Contest](#)- YSA challenges youth 25 and under to participate in our Global Goals contest by creating an illustration (photo, drawing, painting, or graphic) that shows how youth will “lead us to a better future”. Focus on ways that youth will take action ASAP (through Awareness, Service, Advocacy, and/or Philanthropy). Submit your entry below by **January 20, 2016**.

[President’s Environmental Youth Award \(PEYA\)](#) recognizes outstanding environmental projects by K-12 youth. Note extended deadline. Applications are **due by January 31, 2016**.

[Mapping Challenge for Great Lakes High School Students](#)-An opportunity for students to practice their mapping, science, and storytelling skills by participating in the Visualize Your Water Challenge. This initiative is seeking creative and compelling visualizations of nutrient related water quality. From a local stream to the entire watershed, high school students will be challenged to tell a story about nutrient pollution in their region, in creative and innovative ways. The competition opens on January 13. Read the Getting Started Guide for full details on the competition and start preparing your students today. (<http://arcg.is/1m8hmK5>) Deadline is **March 5**.

[Environmental Excellence Awards Program](#)-The Erie County Environmental Management Council (ECEMC) Environmental Excellence Awards Program recognizes exceptional projects carried out by municipal and non-profit organizations in Erie County that stand to have a significant and lasting positive impact on the natural environment. If you represent a municipal government or non-profit organization in Erie County that has recently completed a project that has environmental benefits, we invite you to nominate your project for consideration in this year’s Environmental Excellence Awards Program. Please request an application from Bonnie Lawrence at [Bonnie.Lawrence@erie.gov](mailto:Bonnie.Lawrence@erie.gov). Environmental Excellence Award nominations are due by **March 1, 2016**.

[Controlling Algae and Water Quality](#)-Calling all entrepreneurs: If you have what it takes to stop the world’s growing algae menace, you could win \$10 million from Everglades Foundation of Palmetto Bay, Fla. The goal is to identify the most “cost-effective solution to remove phosphorus from water bodies”. The George Barley Water Prize launches summer 2016.

## Grant and Scholarship Opportunities

[Great Lakes Research Consortium Small Grants Program](#) provides seed funding for new, cooperative projects that improve our understanding of, and/or management of, New York's Great Lakes basin. The program supports collaborative projects and grant awards can be used for preliminary research, project planning, as seed money for pilot projects that will lead to larger projects, or to support small-scale projects consistent with the priorities of NY's Great Lakes Interim Action Agenda. Deadline: **January 9**.

[The New York State New Farmers Grant Fund](#)- purpose is to provide grants to support beginning farmers who have chosen farming as a career and who materially and substantially participate in the production of an agricultural product on their farm. These grants will help farmers improve profitability resulting in the growth of agribusiness and the concomitant tax revenues within the state. **Deadline: January 22, 2016.**

[The Aquatic Invasive Species \(AIS\) Spread Prevention Program](#) will support projects that foster public education and outreach in water bodies with multiple small-bodied AIS that can easily be spread to uninvaded areas. Other projects eligible for this grant include the installation of decontamination stations and boat steward training programs in high priority areas. In addition, the grant is intended to foster collaboration and coordination among state agencies, municipalities, not-for-profits and educational institutions to minimize the harm invasive species cause to New York's environment, economy, and human health. **Deadline: January 29.**

[Partners for Places](#) is a matching grant program that improves U.S. and Canadian communities by building partnerships between local government sustainability leaders and place-based foundations. National funders invest in local projects developed through these partnerships to promote a healthy environment, a strong economy, and well-being for all residents. The proposal must be submitted by a team of at least two partners who are: (1) the sustainability director of a city (municipality) or a county and (2) the local, place-based foundation(s). **Deadline: January 29.**

[NEA Student Achievement Grants](#) and Learning and Leadership Grants. Applications reviewed **February 1, June 1, October 15.** Public school K-12 or College/University teachers or support staff. \$2,000 for individuals or \$5,000 for groups to improve the academic achievement of students in U.S. public schools and public higher education institutions in any subject area or for professional development for educators.

[American Honda Foundation](#) supports nonprofit organizations and educational institutions nationwide that address the areas of youth and scientific education. The Foundation's primary funding priority is youth education, specifically in the areas of science, technology, engineering, mathematics, the environment, job training, and literacy. Annual application deadlines: **February 1, May 1, August 1 and November 1.**

[Five Star & Urban Waters Restoration Program](#)- seeks to develop community capacity to sustain local natural resources for future generations by providing modest financial assistance to diverse local partnerships focused on improving water quality, watersheds and the species and habitats they support. Projects include a variety of ecological improvements including: wetland, riparian, forest and coastal habitat restoration; wildlife conservation; community tree canopy enhancement; and/or water quality monitoring and stormwater management; along with targeted community outreach, education and stewardship. NFWF may use a mix of public and private funding sources to support any grant made through this program and priority will be given to projects that advance water quality goals in underserved communities. **Deadline: Wednesday, February 3, 2016.**

[Organic Farming Research Foundation Grants Program](#) is currently accepting research proposals. OFRF encourages farmers, ranchers, graduate students, early career researchers, veterans, and Extension personnel to consider applying. OFRF will fund projects up to \$15,000 for one year. Projects addressing the priority area of soil health and water management are eligible for \$20,000 to be spent over two years. **Deadline: February 8, 2016.**

[NOAA's Environmental Literacy Grants Program](#)-a competitive funding opportunity for education projects designed to strengthen the public's and/or K-12 students' environmental literacy to enable informed decision-making necessary for community resilience to extreme weather events and other environmental hazards. **Deadline: February 8, 2016.**

[Environmental Justice Collaborative Problem-Solving](#) (EJCPS) cooperative agreements will be awarded to local community-based organizations seeking to address environmental and/or public health concerns in their communities through collaboration with other stakeholders. Organizations are encouraged to have a connection between the proposed project activities and applicable neighborhood, local, city, or regional land use planning efforts. **Deadline: February 12, 2016.**

[Ryan Exline Memorial Scholarship](#)- Jamestown Audubon Society offers a \$500 scholarship to an area college-bound high school senior or JCC student who intends to pursue a Bachelor's degree in an environmental or related field. Deadline: **March 15th**.

[Toyota Every Day Capacity Building Grants](#)- Up to \$5000 for 25 Public Lands Friends' groups in each cycle. Projects that are needed and will help contribute to the long term sustainability of the organization. Deadlines: **April 30 and October 30**.

[Wells Fargo Clean Technology and Innovation Grant Program](#) funds projects and programs related to research and development for new and emerging clean technologies by working with universities, colleges, research institutes and laboratories as well as entrepreneur incubator, accelerator and business plan competitions. Beginning in 2014, the program will operate as a closed RFP, invitation only process where Wells Fargo engages specific institutions whose work aligns with our giving criteria. If you would like to submit a topic for consideration please email a brief description (150 words or less) to: [environmental.affairs@wellsfargo.com](mailto:environmental.affairs@wellsfargo.com)

[The Karma for Cara Foundation](#) is encouraging kids 18 and under to apply for funds between \$250 and \$1,000 to complete service projects in their communities. **Deadline: Rolling**.

[VolunTEEN Nation International Service Project Grants](#)- Students (ages 13-22) from the United States going abroad to volunteer or study in a developing country are encouraged to apply for an international service-learning mini-grant from VolunTEEN Nation. Grants are for up to \$300 to create a service project in a developing country while you are visiting that country. **Deadline: Rolling**.

[KEEN Effect](#) is committed to inspiring responsible outdoor participation to help preserve the places we all play. Through the KEEN Effect, \$10,000 grants are awarded to nonprofit organizations around the world who are dedicated to responsible outdoor participation. Projects must increase responsible outdoor participation as a way to work towards building a strong community. **Deadline: Ongoing**.

[Cedar Tree Foundation](#)- Letters of Inquiry Accepted at Any Time. Areas: Environmental Education, Environmental Health, Sustainable Agriculture.

[The Fruit Tree Planting Foundation](#) is dedicated to planting fruitful trees and plants to alleviate world hunger, combat global warming, strengthen communities, and improve the surrounding air, soil, and water. FTPF programs strategically donate orchards where the harvest will best serve communities for generations, at places such as community gardens, public schools, city/state parks, low-income neighborhoods, Native American reservations, international hunger relief sites, and animal sanctuaries. **Deadline: Rolling**.

[Toshiba America Foundation](#). Rolling deadline. Grades 6-12 Teachers. Under \$5,000. Inquiry based projects designed by teachers and teacher teams for use in the classroom. Deadline for grants over \$5,000 is August 1.

[WalMart Community and Education Grants](#) . Rolling Deadline, but minimum 6 month lead time advised. 501 (c) (3) organizations, schools, religious organizations and government agencies for requests over \$250. For requests under \$250, get a local donation form from your nearest Walmart at the customer service desk.

[Environmental Research and Education Foundation](#). Open. All educational materials for sustainable solid waste management, including conferences or events, which advance the foundation's educational mission. Grants are typically not provided to support the development of educational projects.

[KaBOOM! Let's Play Engineered Wood Fiber Surfacing Grants and Let's Play Maintenance Grants](#)- awards grants of \$750 each to communities who wish to top-off their Engineered Wood Fiber safety surfacing or who are working to make their existing playgrounds cleaner, safer and more inviting. Rolling deadlines.

[J-Serve Start-Up Grants](#)-J-Serve is the International Day of Jewish Youth Service. Grants are available for \$500 micro grant to communities that plan and execute projects that bring a minimum of 10 and maximum of 74 Jewish teens together in partnership with a least two movements or agencies in the community. Rolling deadline.

[World We Want Foundation](#) is accepting applications from organizations that represent youth making positive social change in their communities and around the world. Grants of up to \$5,000 will be awarded to youth between the ages of 13 and 25 who want to make a difference through a range of social action activities, including community service projects, service-learning projects, and social ventures. Application deadline: Rolling.

[The Coca-Cola Foundation](#) partners with nonprofits that address priorities focusing on one of the following: Water Stewardship, Healthy and Active Lifestyles, Community Recycling and Education. Rolling deadlines.

[Kresge Foundation's Healthy Environments grant program](#) seeks to improve the health and well-being of vulnerable populations by making the places they live, learn, work and play safe and conducive to overall good health. Applications are currently being accepted for the Healthy Homes Initiatives, Transportation and the Built Environment Initiative and the Healthy Food Initiative. Application deadline: Rolling.

[Niagara Falls National Heritage Area](#) supports important projects and programs throughout the National Heritage Area with the long term goal of realizing community betterment. Grants are targeted to fund projects or programs that directly relate to the [Niagara Falls National Heritage Area Management Plan](#).

[Cisco Global Impact Cash Grants](#) support nonprofit organizations in the U.S. and worldwide that provide assistance to underserved populations and leverage technology solutions to improve the reach, efficiency, and impact of services. Take the [Eligibility Quiz](#) to see if you can apply.

[Technical Assistance Grant Information](#)-The New York State Department of Environmental Conservation (DEC) is continuously accepting applications for Technical Assistance Grants (TAGs). TAGs are a citizen participation tool available to eligible community groups to increase public awareness and understanding of remedial activities taking place in their community. Eligible community groups may apply to receive grants for up to \$50,000 per site.

## Employment and Internship Opportunities

[Spring Internships at Buffalo Niagara Riverkeeper](#)- Buffalo Niagara RIVERKEEPER is a community-based organization dedicated to protecting the quality and quantity of water, while connecting people to water. The Spring 2016 Internship term runs from January 25- May 7, 2016 (15 weeks). The commitment is 10-12 hours per week and hours are flexible. Deadline for applications, resumes, and recommendation letter: **January 3, 2016**.

[Policy Analyst at The Partnership for Public Good](#)- To do action research and policy advancement on equality, justice, and democratic practice issues facing Buffalo. The Partnership for Public Good (PPG) builds a more just, sustainable, and culturally vibrant community through action-oriented research, policy development, and citizen engagement. PPG provides research and advocacy support to a broad array of partners that share a community-oriented vision of a revitalized Buffalo-Niagara. Deadline: **January 31, 2016**.

[Environmental Analyst 1](#) – New York State Dept. of Environmental Conservation in Buffalo. Serves as project manager on permit applications/facilities, including interpretation of maps and plans, preparing written materials (letters, notices, SEQR documentation and permits), review of environmental impact statements, integration of environmental factors and other considerations into decision making. Deadline: **January 8, 2016**.

[Environmental Engineer](#) - New York State Dept. of Environmental Conservation in Buffalo. Primary duty will be regulation of Industrial and Municipal Wastewater SPDES permitted facilities. Deadline: **January 8, 2016**.

[Senior Project Manager at Buffalo Niagara Riverkeeper](#)-Responsible for project development and management in support of Buffalo Niagara Riverkeeper's mission including waterfront and watershed analysis, planning and design; habitat restoration; greenway and blueway trail development; public accessibility; green infrastructure design; site construction implementation; and post construction evaluation and monitoring. In addition, the Senior Project Manager will assist in duties related to grant development, graphic presentation, public outreach and communication. The Senior Project Manager will work closely under the supervision of the Director to: promote and enable healthy waterfront resurgence and watershed revitalization; encourage sustainable development; facilitate implementation of resilient living infrastructure systems; increase public access and enjoyment; and ensure habitat restoration and connectivity. Deadline: **January 8, 2016**.

[Community Liaison at Buffalo Niagara Riverkeeper](#)-Responsible for implementing and assisting Community Engagement initiatives in support of Buffalo Niagara Riverkeeper's mission of protecting and restoring our water while connecting people to water. In addition, the Community Liaison will assist in duties related to communications, marketing, and development. The Community Liaison will work closely under the supervision of the Director of Citizen Engagement and the Citizen Engagement Coordinator, among other staff members, to promote and direct Riverkeeper's many volunteers, tour participants, and event attendees to include cleanups, habitat restoration work, water quality data collection, paddling, biking, and hiking tours, tabling events, and home inspections for green infrastructure placements. Deadline: **January 8, 2016**.

[Water Quality Specialist at Buffalo Niagara Riverkeeper](#)-Responsible for implementing and assisting with water quality fieldwork and sampling for several Community Engagement initiatives in support of Buffalo Niagara Riverkeeper's mission of protecting and restoring our water while connecting people to water. Responsibilities include calibration and maintenance of equipment, inventory and purchasing of supplies, training volunteers and conducting water quality monitoring and stream visual assessments. Deadline: **January 8, 2016**.

[Excelsior Conservation Corps \(ECC\)](#) will be an AmeriCorps program run in partnership with the NYS Department of Environmental Conservation, the NYS Office of State Parks, Recreation, and Historic Preservation, the NYS Commission for National and Community Service, and the Student Conservation Association. There will be 50 ECC members in New York, all between ages 18 and 25. ECC members will be based at Morrisville State College and will all receive training and certifications in wilderness first aid, trail construction, stone and timber construction, carpentry, risk management and emergency response, outreach, and backcountry living. Over their 10 month commitment, members will sometimes stay at backcountry and satellite locations, where they will camp or stay in DEC or OPRHP cabins.

[Aquarium of Niagara Internships](#)-Opportunities for high school or college students to work with marine mammals, fish, penguins and turtles. Certain requirements must be met.

#### [Junior Planner, Chautauqua County Department of Planning and Economic Development](#)

The Chautauqua County Department of Planning and Economic Development is currently seeking qualified applicants for the position of Junior Planner. Employees of this class are responsible for specific phases of moderately difficult planning projects or may be in charge of a phase of a complex study. Work performed involves office work and field assignments, including; researching, analyzing and developing planning programs, policy development and grant writing/administration in connection with municipal, regional, or community planning. Work is performed under the general direction of the Director of Planning and Economic Development. Supervision may be exercised over technical and clerical staff. This position will be filled on a provisional basis pending the outcome of a future dated Civil Service examination for this title.

**Boat Steward/Environmental Educator** (Park & Recreation Aide 5)- Approximately 15 positions available for seasonal appointment (May-September) including 1 Lead Boat Steward (De Veaux Woods State Park). Full time (40 hours/week). Work hours are Thursday- Sunday, 10 hours/day. Weekends and holidays are mandatory. Mandatory multi-day training will be held in late May. WNY locations include Cattaraugus Creek, Big Six Mile Creek, Buffalo Harbor, Fort Niagara and Wilson Tuscarora. Contact [Megan.Phillips@parks.ny.gov](mailto:Megan.Phillips@parks.ny.gov) or 518-402-5587 with any questions pertaining to the position. Deadline: **February 12 (lead position) or March 4, 2016**.

## Citizen Science

[Hemlock Woolly Adelgid Project](#)-Take closeup pictures of hemlock trees and fraser firs and send to scientists with GPS location data to monitor tree health and spread of the insect.

### Get Involved in Environmental Change in WNY

The WNY Environmental Alliance (WNYEA) has working groups that welcome individuals who want to work on improving environmental issues in our area. Check out the agenda and see a list of working groups [here](#) .

## Upcoming Community Activities:

### Friday, January 1

You can reserve your spot online at: <http://pathspeakspaddles.com/store/index.php?cPath=50>

## Tips for the Environment:

1. **Time for Resolutions-** Most of us have calculated our environmental footprint using one or more of the available online calculators. Checking your footprint periodically helps as you set your priorities. Start off 2016 by estimating your footprint at <http://www.earthday.org/footprint-calculator> and then consider a resolution to target an area of impact for reduction ([ideas](#)).
2. **Reuse and recycle your Tips for the Environment-**we are probably all using CFL bulbs, recycling regularly and engaging in lots of earth-friendly behaviors. If you have tips to share, please send them to me to include. I will be updating the archived list on our new website.

---

### January's Contribution by Lesley Haynes: Remember the 4 R's: Reduce, Reuse, Recycle, Repair

The New Year is the time to create new resolutions for 2016 that will not only make your life cleaner and greener, but give the environment an eco-friendly boost. Learn to recycle something new. You may already put glass, paper, and aluminum in the proper containers, but what about all the other items that you can [recycle](#)? All computers, DVD players, televisions, compact fluorescent light bulbs and cell phones should be recycled, so that the metals can be disposed of correctly or even reused.

**Plastics** - Don't forget to remove bottle caps. They are made of a different type of plastic and can blight the whole batch. Return plastic bags to stores. Many stores accept them including Home Depot and Wegmans.

**Glass and metal** - Rinse out bottles, jars, and cans; throw away (or recycle) caps. Don't worry about labels — they'll burn off at the plant. Include washed pie tins and foil, metal bottle caps, wire coat hangers and scrap metal.

**Furniture** - Don't make the dump your first stop. One person's trash is another's treasure - so when you want to discard an old item, first advertise it at [freecycle.org](http://freecycle.org), Craigslist, or a thrift store that does pickups. I often place used items at my curbside and they are usually picked up by someone within the hour.

**Cans** - Have your children collect aluminum cans and plastic bottles to redeem for cash to spend on a treat, or pass the items along to one of the people who you may see scouring the neighborhoods for returnable items.

**Reuse** -If you can don't buy anything new - use items you already have. Donate that "stuff" clogging up your closets that you don't use. Clutter creates confusion and is unhealthy for you.

**Keep it simple** -The most popular advice for keeping resolutions is easy. Look at small changes you can make to reach your long term goals, like adding 30 minutes of walking or bike riding to your daily routine.

**Errands** - Combine your separate errands - bank, grocery, drugstore, cleaner's, etc. - into one trip. Form carpools with others to get to and from work or school, it cuts fuel costs.

**Video games** -Have the children turn them off after they are done playing. If you are away from your computer for more than 20 minutes, change it to "sleep" mode and before going to bed plug your devices - the TV, DVD player, computer and printer - into a UL - certified power strip and switch the whole group off and you will automatically lower your electric bill.

**Paper** -Whether in your work or home office, go paperless. Filing documents electronically and using a scanner and paper shredder means a huge drop in wasted paper - plus it is easier to store and review important bills when you need them. If you can, work from home, you will save money, time, and carbon emissions by not having to commute or buy lunch.

**Quit smoking** – yes, I said it - Cigarettes are bad for your personal health and they are a huge source of litter - plus there is nothing eco-friendly about the pesticides, deforestation, paper use, and waste output of cigarette production. If you're ready to quit, replace the habit with exercise, or snacks of fresh organic veggies.

**Get involved** - there's a lot to be said for getting out of your house and focusing your energy on others-or on the environment. Volunteer in your community it will bring joy to your heart.

Don't forget – “Together we can make a difference.” [lesleyhaynes14@yahoo.com](mailto:lesleyhaynes14@yahoo.com)

## **GROW WNY: Local Website for Everything Environmental**

GrowWNY (<http://growwny.org>) is a new hyper-local source of information about living green in Western New York. To showcase your local events or advertise a future event, be sure to submit to their online calendar.

## **Ongoing Volunteer Opportunities Available**

Volunteer opportunities are available at local organizations for a one-time commitment for several hours to a regularly scheduled donation of your time. Websites are listed later in the newsletter.

**Aquarium of Niagara-** Scuba-certified volunteers needed to clean the sea lion exhibit (without animals) once monthly. Other opportunities exist for education, exhibit maintenance and other tasks.

**AWARE** (Association for Wild Animal Rehabilitation and Education) - Volunteers needed for fundraising, grant writing, capturing and transporting animals to us or the veterinarians, public relations, construction of cages, begging for donations of materials and food (for the animals, not us) and for helping at our educational programs.

**Buffalo Audubon-** Volunteers wanted for Beaver Meadow Audubon Center, and For the Birds Niagara! Help with tour leading, office work, programming, grounds keeping and general maintenance. Every Wednesday 10am-2pm is Volunteer Day at Beaver Meadow. No need to register, but bring a lunch. Call (800) 377-1520 for details.

**Buffalo Carshare-** This new non-profit has brought car-sharing to Buffalo. Volunteers are needed for office help and promotion. Contact them at <http://www.buffalocarshare.org/volunteer.html>.

**Buffalo Central Terminal-**Many different opportunities for people interested in helping to preserve this unique building- people with basic carpentry and repair skills, and those with plumbing or electrical skills, to work inside the building, as well as those interested in staffing events, assisting with fundraising, marketing, operating our gift shop, and other tasks. For info, check <http://buffalocentralterminal.org/you-can-help/volunteer-with-the-ctrc/>.

**Buffalo & Erie County Botanical Gardens-**Docents needed. Training is provided. Tours and hands-on lessons are scheduled in advance, so you may sign up for those that fit your schedule. Other opportunities to help are available too. For info, contact [khammer@buffalogardens.com](mailto:khammer@buffalogardens.com)

**Buffalo Junior Solar Sprint-**If you are interested in helping run the JSS Buffalo event or are interested in finding out more about the Leadership committee, please contact [jssbuffalo@yahoo.com](mailto:jssbuffalo@yahoo.com).

**Buffalo Museum of Science** has volunteer and internship opportunities available for teens, college students and adults. For information, contact Monika McFoy, Director of Community Programs, at 896-5200, ext. 343.

**Buffalo Niagara Riverkeeper-** <http://bnriverkeeper.org/get-involved/volunteer/> for opportunities.

**Buffalo ReUse** can use volunteers for many things. To help, contact them at [volunteer@buffaloreuse.org](mailto:volunteer@buffaloreuse.org).

**Clean Air Coalition of WNY-**Help with mailings, phone calls, canvassing and Photovoice (documenting environmental challenges). To help, contact at 852-3813 or [www.cacwny.org](http://www.cacwny.org).

**Excalibur**, a private, non-profit all volunteer, charitable organization seeks competent anglers and captains to help provide free boating and fishing opportunities on Lake Erie for disabled and disadvantaged persons using the organizations new vessel. Contact Director Jim Catalano at [jim@excaliburl.org](mailto:jim@excaliburl.org) or visit <http://excaliburl.org>

**Garden Walk Buffalo** helps to rejuvenate neighborhoods, helps make our neighborhoods more walkable, and has an incredible impact on Buffalo's image outside the region. For info, email [GardenWalkBuffalo@yahoo.com](mailto:GardenWalkBuffalo@yahoo.com).

**Go Bike Buffalo**- If you're interested or want more information, [info@gobikebuffalo.org](mailto:info@gobikebuffalo.org)

**Habitat for Humanity** needs volunteers to help impact lives of families in the city of Buffalo by building simple, decent homes. Call 204-0740 or [volunteer@habitatbuffalo.org](mailto:volunteer@habitatbuffalo.org).

**Hawk Creek Wildlife Center** is seeking volunteers for who would like to work with wildlife. 16 years or older. Call 716-652-8646. Email [info@hawkcreek.org](mailto:info@hawkcreek.org).

**HOME, Inc.** (Housing Opportunities Made Equal) seeks volunteers to work on various committees to further fair housing. For info/application, email [muj265@homeny.org](mailto:muj265@homeny.org) or visit their website at [www.homeny.org](http://www.homeny.org).

**Iroquois Observations** offers free nature programs in partnership with the Buffalo Audubon Society each spring and fall. Please contact Garner Light at 772-5110 or [glight@rochester.rr.com](mailto:glight@rochester.rr.com) for more information.

**Junior Solar Sprint Buffalo**- If you are interested in helping run the JSS Buffalo event or are interested in finding out more about the leadership committee, please contact [jssbuffalo@yahoo.com](mailto:jssbuffalo@yahoo.com)

**Lead Safe Erie County** needs volunteers to help paint houses and prevent lead poisoning. For those who are interested, there is also free training for Lead Safe Work Practices Certification. Service learning students, block clubs and others are welcome. Call Mary at 716-833-2929, ext. 117.

**Massachusetts Avenue Project** needs volunteers from the 1st week in April through October on Saturdays from 10-1 PM. <http://mass-ave.org/>

**Olmsted Parks**-Volunteers are needed for tree plantings, special park events, office work and mailings. Please call (716) 838-1249 x. 33 for more info on becoming an Olmsted parks volunteer.

**Penn Dixie Paleontological and Outdoor Education Center**- Volunteers of all ages and backgrounds are needed. Have a few hours a month to help introduce children and adults to the natural sciences? Call (716) 627-4560.

**Queen City Farms**- Contact Meghan at [meghmccallum@gmail.com](mailto:meghmccallum@gmail.com). Remember that families with children are always welcome with parental supervision.

**Preservation Buffalo Niagara**-Interns & volunteers welcome. [www.preservationbuffaloniagara.org](http://www.preservationbuffaloniagara.org).

**Reinstein Woods Nature Preserve** offers a variety of volunteer positions as well as internships for college students. For more info, call 683-5959 or visit <http://www.dec.ny.gov/education/1960.html>.

**Science Firsthand** needs adult mentors to work with children in learning about science. All materials are provided. Mentors and students meet one hour per week after school at a community center. For info, call 858-7548.

**Tift Nature Preserve** also needs volunteers for their programs, communications, fund-raising and other events. Call 662-1342 or email [tiffriends@yahoo.com](mailto:tiffriends@yahoo.com).
