While you can add ALL work experience, it is better to think about what jobs you list are related to your career goals and how you can market your skillset to employers!

Short Bio

I am a fourth year Accounting student at Daemen College in a five year program on track to pursue my Master's Degree in Professional Accountancy. I am seeking an internship to expand my knowledge in the tax preparation process, finances and client relationships in the accounting world. I am passionate about working with people and teams, having volunteered in the past as a Volunteer for the Income Tax Assistant Program (VITA), a very enjoyable experience which helped me gain some valuable experience.

Provide employers with a brief overview of your knowledge, experience, current need and career goals. What makes you unique?

Skills

- Accounting Bookkeeper Bookkeeping
- Communication Corporate finance Excel
- Finance Intermediate accounting
- Microsoft Dynamics GP Microsoft Office
- Microsoft word Organization
- Quickbooks Spanish Tax returns

While there will be skills you can choose from, do not limit yourself to that list. Instead, type in skills that fit your expertise.

Documents

Resume  
Resume (SU 2017).docx Sep 07

Supplement your profile with a current resume. Ensure that you review and update this attachment as new experiences or opportunities comes your way!
