Understanding your High Deductible Health Plan

A high deductible health plan or “HDHP” is designed to help keep premium costs low for you and your family. You’ll have coverage for things like:

- Choice of doctors and hospitals
- No-cost telemedicine*
- Doctor visits
- Prescription drug
- Maternity and newborn care
- Hospitalization
- Urgent care visits
- Laboratory coverage
- Free preventive care
- Specialty care

Let’s start with the basics:

Preventive care can help you avoid getting sick and improve your health. With a HDHP, preventive services such as routine physicals, screenings and vaccinations are covered in full.** The deductible does not apply to preventive services; they are covered in full from day one.

For services other than preventive care, you are responsible for paying out of your pocket until you meet your **deductible**. The deductible amount will vary based on your plan, so make sure you know what that amount is. Once you reach your deductible, you will pay a percentage of cost, called coinsurance. **Coinsurance** is your share of the costs of a covered health care service, calculated as a percent. You will have to pay a percentage of that service and the health insurance company will pay the rest.

The diagram illustrates how this works:***

Preventive Services

Insurance company provides full coverage

Other Services

Until deductible amount is reached

You pay a deductible up to a certain amount

After deductible amount is reached

Once the deductible amount is reached, you pay a percentage called coinsurance

You can use a tax-free account, called a Health Savings Account (HSA), to help pay for your portion of the costs. Talk to your HR or benefits representative about the account options that might be available to you.

 Health insurance company pays  You pay

univera
HEALTH CARE

*Subject to the deductible where applicable.

**In accordance with the PPACA preventive care regulations, full coverage (no cost share) will be applied for those services meeting the requirements as outlined in Grade A and B. Recommendations of the United States Preventive Services Task Force.

***Note: for illustrative purposes only - plan options vary

For example:

Let's say your deductible is **\$2,000.**

You go to your doctor for low back pain. You pay **\$100** for the visit.

You still have to pay **\$1900** more to reach your deductible.

Your doctor orders an MRI of your lower back. You pay **\$1,000** for the MRI.

You still have to pay **\$900** more to reach your deductible.

After a series of visits to your doctor and a chiropractor, you have **\$0** left to reach your deductible. Now you will pay a percentage of cost, called **coinsurance**.

If your coinsurance is **20%**, and the next time you visit your doctor your bill is **\$100**, then **you'll pay \$20 and we will pay \$80.**

To help you with your costs, there is an **out-of-pocket maximum** which is an annual limit on the amount of money that you would have to pay for health care services, not including your monthly premiums. Remember, preventive care is covered in full and is not subject to the deductible.

To determine your deductible, out-of-pocket maximum and coinsurance amounts, check your Summary of Benefits and Coverage (SBC), your online member account at Member.UniveraHealthcare.com, or your monthly health statements.

How much will you pay?

A lot goes into that. First, is how much your provider charges for a service. At Univera Healthcare, we've negotiated with providers so our members pay less than if you went to your doctor uninsured.

There are a few other things you can do to help figure out how much you're going to pay when you need care:

1

Use our **Estimate Medical Costs tool** at UniveraHealthcare.com/EstimateCosts. This tool provides an estimate of what a procedure might cost among different providers. For personalized results based on your benefits, use the tool while logged in to your member account.

2

Call your doctor or specialist ahead of time and ask how much the anticipated service will cost.

3

Log into your member account at **Member.UniveraHealthcare.com** to check your benefits or call our Customer Care Advocates at the number listed on the back of your member card.

Our Health Plan complies with federal civil rights laws. We do not discriminate on the basis of race, color, origin, age, disability, or sex.

Tip: If you can't make it to their office, you might be able to schedule a remote visit with your doctor through phone or video connection, known as telehealth. Check with your primary care physician to see if they offer this option.

2 How does it work?

We engage with you to provide support across all aspects of your health. That means we may reach out to help with things like care coordination for a chronic condition, or you can also contact us with questions about doctors, care, coverage, and more. Telemedicine visits with MDLIVE may be covered in the following ways:

Plan Type	Telemedicine Cost Share
Copay	Covered in full
Hybrid/Deductible Non-HSA	If your doctor's visits are subject to deductible, a telemedicine visit will be covered in full after deductible
	If your doctor's visits are a copay with no deductible, a telemedicine visit will be covered in full
Deductible HSA	Covered in full after deductible

Note: This is not a contract. It is intended to highlight the coverage for most plan options. Please refer to your contract for your plan's benefits.

*If you haven't met your deductible, you will pay the allowable charge of \$40. The \$40 allowable charge does not apply to Behavioral Health services. The allowable costs for the Behavioral Health services vary but do not exceed \$180. This means a member who as not met their deductible will not pay more than \$180.

Don't wait until you need it. There are four easy ways to activate telemedicine today.

HEALTH CARE

Health plan terms

To help you better understand our plans and your coverage, here are a few definitions* for frequently used health care terms.

Primary Care Physician (PCP)—A doctor who serves as your health care manager and coordinates virtually all of the health care services you routinely receive. Some plans do not require you to choose a PCP.

Referral—Instructions provided by a PCP for specialty care. Most plans do not require referrals.

In-network coverage—The coverage available when you receive services from a provider who participates in your health plan.

Out-of-network coverage—The coverage available when you receive services from a provider who does not participate in your health plan. Some plans may not include out-of-network coverage.

Out-of-area—Describes when you receive services while outside the geographic service area of your health plan. Your plan benefits may differ if you live or work beyond the geographic service area.

Copay—A dollar amount due at the time you receive certain services. A typical example would be an office visit copay due when visiting your physician's office for treatment.

Allowed Amount—The maximum amount your health plan will pay for a specific service. In-network providers agree to accept the allowed amount as payment in full.

Coinsurance—A cost-sharing method that requires you pay a percentage of the allowed amount for certain medical services.

Deductible—A set dollar amount you pay for covered services you receive before your insurer will make a payment.

Out-of-pocket maximum—The maximum amount of copays, deductible and coinsurance payments that you will pay for health services each calendar year.

*Some definitions may vary slightly by plan. In case of a conflict between your legal plan documents and this information, the plan documents will govern.
