

2022-23

Behavioral Science Speaker Series at Daemen University

Join us for this LIVE, in-person Speaker Series featuring faculty from the Behavioral Science Department. Behavior Analysts can earn CE and all are welcome to attend!

Trauma-Informed Practice in ABA

Dr. Nicole DeRosa, PsyD, BCBA-D, LBA (NY)

Wednesday, November 16, 2022
6:00 p.m. – 7 p.m.

Daemen University
Duns Scotus Hall, Room 26
4380 Main Street, Amherst, NY

CE Type: 1 Ethics*

*Fee for CE for behavior analysts is \$15. Discounted rate of \$10 is available for alumni and community partners.

By the end of this event, participants will:

- Define trauma-informed practice in ABA
- Identify the importance of understanding behavioral outcomes of trauma
- Understand the ethical implications of trauma-informed ABA (e.g., consider cultural variables, responsibility to our clients, minimize risk, practice within our scope of competence)
- Consider modifications that do/do not need to be made within their own practice of ABA in order to be more "trauma-aware"

*Attendance will be recorded and monitored by:
Vicki Madaus-Knapp, Ph.D., BCBA-D, LBA (NY)*

Documentation of Learning CE: will be issued to each participant within 45 days of the event.

Future Events:

1/11/23

Improving Self-Care in the Workplace with Behavioral Science
